RESPONSE TO SEC ORDER 7/27/2023 AND EXTENSION OF TIME REQUEST

received the Order as indicated above on 8/1/2023 and the statements made by the Commission are incorrect as outlined below;

1. I have had NO response from the Commission or from Vasilescu of my June 6, 2023 Letter.
2. I was never given and have not received copies of the following documents as listed in your Footnotes;
Footnote 1. Letter Dated 3/24/2020
Footnote 3. Letter Dated June 15, 2020
Footnote 4. Letter Dated July 15, 2021
Footnote 5. Letter Dated April 19, 2023
3. I have NEVER received a copy of the Commissions Rules of Practice as is falsely stated in the above File No.
4. Footnote 11, I was NOT provided a copy of the Commissions Rules of Practice nor a copy of the Amendments to the Commissions Rules of Practice that you are asking me to adhere to. I was also NOT provided any "Guidance Documents" as stated in the Order.

I need these documents because they contain the governing electronic filing requirements and "address, respectively, certification of inability to serve and file documents electronically. Without any of these documents I cannot respond to any letters from the Commission whatsoever and is a major Due Process violation of my rights to these documents.

This is a major violation of my 5th Amendment and of Due Process.

In light of these major documents NOT being provided to me as today is August 2, 2023 there is no possible way the SEC will send me those documents in a timely manner and that I would be allowed time to use those in my defense to fulfill my defense and obligation according to the SEC Rules of Practice thereby violating my rights to Due Process.

In light of the above SEC not providing me with the proper documents specifically listed above I am requesting a 90 day extension to file a response to my current case. 20 of the days will be wasted on waiting for the documents from the SEC so in reality I will only be availed 60 days at the most which is not the norm allowed for a defendant involved in a case with the Commission.

Thank you

Nicholas J. Genovese
