MOTION TO SEAL

Today the Division of Enforcement (“Division”) filed a Notice under seal containing reference to a Non-Public Order by the Securities and Exchange Commission (“Commission”). By this Motion, the Division requests that the entire Notice and attachment remain under seal. The Division acknowledges the prior order requiring parties to file a motion seeking permission to file any motion, but because the Commission’s Rules of Practice arguably required the Division to file the Notice, and the Commission’s Rules also require the protection of Non-Public information, the Division feels it has no choice but to file this Motion without asking for separate permission.
