Adam Strege, [REDACTED]  
On Behalf Of: Adam Strege

It Clear Error the SEC Rejects my Filings because there no Phone Number and No Mailing Adress when I got Jurisdiction twice this year in the DC Supreme Court with no Phone and no Mailing Adress.

Due to my Disability, I don't use a Phone and don't talk to People

The Federal Government determined Adam Strege disabled Collecting Social Security Disability and Adam needs a computer assistive device like Speed Trader can help you set up your risk control system to your liking, including max stop losses per day and per position Spead Trader is \$2.40 per Trade and maybe \$200 a Month for Charts that Adam can't afford after losing \$38,300 Trading this Year

Adam Lost about \$17,000 Dollars in one day was the last Day that Adam Traded and had the loss not occurred then Adam would have enough money to Purchase this Duplex fore \$79,900 and agrees to Settle this lawsuit if the Defendents give Adam \$20,000 Dollars to Purchase Duplex at [REDACTED]

if Still available or more money to Purchase a different one.

Adam has 5 Parts of his Brain damaged and many functions score zero don't work it's like there no memory of behavior patterns like everything done uncontrollably and randomly doing things with no control like aways saying and doing the Wrong thing

18 Months every day the 100% Goal to Press Buy only 1 time doing a \$25,000 Doller Max Trade and \$50 Max loss then everyday add to losing Trades with a \$100,000 Doller Margin Account Short trade TD allows a \$700,000 Trade unclear

so everyday Adam trades a Potential \$15,000 Dollar loss means that Adam had to 100% Quite trading until Adam can afford Spread trader.

The SEC and FINRA has Jurisdiction with Bank of America the Owner of 3 Brokerage Firms TD Ameritrade, Charles Schwab Corporation, Merrill Lynch Conspiracy to commit a crime Murdering and Robbing Traders Money violates FINRA Regulations and RICO Act §1962(d) FINRA has Jurisdiction with all USA Stock Market Traders and Bank of America Trades Stock and listed on the NADAQ Stock Exchange Ticker BAC

Bank America, CHARLES SCHWAB & CO and TD Ameritrade murders its customers to rob their brokerage accounts that TD Fraudulently robs Trader's money on all trades with fraudulent incorrect buy and sell prices

TD Login has Phone or Answer 3 Security Questions like where was your High School and where you born answers easily found by Bank Robbers.

IT violates FINRA Regulations TD Ameritrade Employes recommended that Adam open a Margin Account then TD has no max stop losses per day and per position when everything the Customer Responsibility and Due to Adam disability, he can't set up a Stop Loss on every trade manually and needs a computer assistive device to do it.

FINRA Arbitration Lawsuit Regulatory Notice 1225 a Broker Recommendations should be consistent with Customers best Interest, Section 1534 Act does not Require a broker to have a continuing duty of care to monitor Customers Amount, Notice 1225 Answer 7 Shift responsibility from customer monitoring account to the broker

## Case Summary

Cause Action; breach of implied covenant of good faith and fair dealings; Fraud; negligence; breach fiduciary duty; unjust enrichment; nondisclosure and concealment; intentional interference with prospective economic disadvantage; negligent interference with prospective economic advantage; and violations of 15 U.S.C. 78

TD Ameritrade and Bank of America Discriminated against me and similarly situated people based on race, color, national origin, disability, age, sex, religion Violates genocide laws, war crimes, crimes against humanity and aggression, Universal Declaration of Human Rights, 42 USCS1346(b), 28 U.S. Code 2671 to 2680, 42 USCS 1983, 1985, 1986, First, Fourth, Fifth, Sixth, Eighth, Fourteenth Amendment

Fiduciary Duty requires Broker to Place the Investor Interest first

18 Months Adam 100% goal is to Press buy only one time and do a \$25,000 max trade then everyday uncontrollably Press Buy using a \$100,000 Dollar margin account can do a \$700,000 Dollar Short Trade

Adam lost \$38,300 Dollars Trading and allegedly TD Ameritrade never placed many of the trades and Stole the Money because TD simulator works Identical to live Trading can be Fraudulently simulated

Butt Fore Cause of Action Adam \$38,000 loss never would have happened if TD and Charles Schwab had max stop losses per day and per position

Adam Contacted Charles Schwab Corporation Chat many times requesting help Adam disability and help with max stop losses per day and per position and that

TD Ameritrade never respond and when Charles Schwab purchased TD and laid off employees TD support got Much worse.

Adam has zero convictions after filing the 2010 Supreme Court Lawsuit and about 10 Dismissed Tickets the Police are often 100% Untruthful and the Courts deny 100% Everything so it's never safe to go outside the rest of Adam life there nothing to do but Play the Stock market Adam can't do without a computer assistive device

[REDACTED] sat at Hardees Hamburgers 30 hours a week then Adam never lived in CA and was just on Vacation and the Police Beat up and drug Adam each side of Hardees old headquarters and Adam applied for Social Security saying the only reason Adam could not work was because of Police Harassment and attached the Supreme Court lawsuit to Adam first SSA benefit application that SSA refuse to File all Adam documents while applying for SSDI Benefits the SSA workers fabricate Evidence to Maliciously False arrest Adam in the 3 Cities that awarded Adam Social Security SSDI benefits the banks rob all Adam money the Police Maliciously False arrest Adam then Adam cellmates busted with Heroin then the Police did not file charges then Adam report \$20 Dollars in Credit Card ATM Fraud and Close all BOA Bank accounts and BOA send the new ATM cards to the heroin dealers House address that Adam report to BOA Fraud department sent more ATM Card to the Heroin Dealers address because the Bankers computers can't see all the customers Adress and TD Ameritrade owners Wells Fargo Bank and BOA Bank of America say its Imposable to Comprehend and the Judge says the compliant so Poorly Drafted the Bank Can't respond and order Adam to pay the banks lawyer fees then Adam was a refugee 8 years often moving to a new country every 90 days with nothing challenging to do caused losing most all discipline and Adam opened a Trow Price Investment Account using Adam mother USA mailing Adress then Trow Price requested Utility Bill Statements in Adam name and closed the Account because Adam did not live in

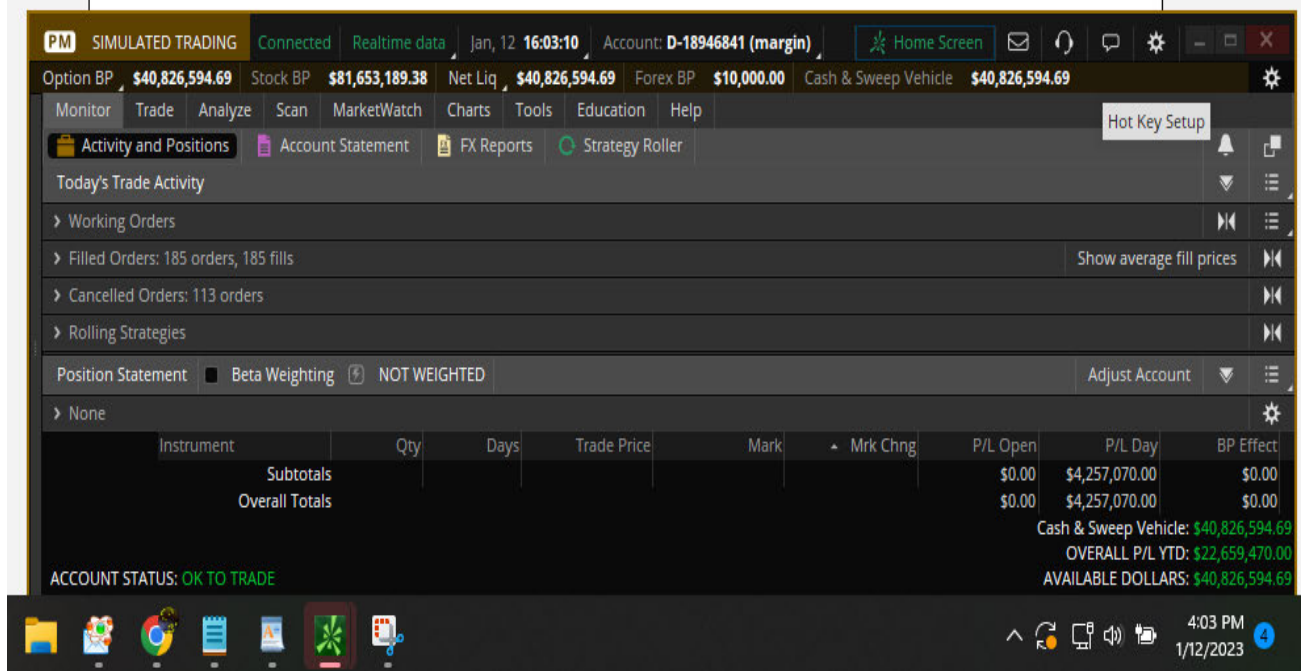

USA then Adam often could not open a Brokerage account from a Foreign Country and Found a Broker a Claimant's Signature Date [REDACTED]

Repeatedly Thinking God loves the computer 10 hours every day simultaneously doing 4 tasks we stop and become 100% Focused on an Undesirable Conversation is what we're best at so 100% only talk about what to do next while Trading makes it worse

If God 100% only talks about Helping Us then we Think God trick us and betrays us in 100% everything to Help us do 1 thing to 100% only respond God loves you or God loves us and to believe crucifixion is the only way to be saved in all situations God loves you believing Female Sun Light and Atoms so 100% only respond God loves us has the most reality in all possible questions and response

God Created all Earth Government Workers Give people zero rights. Do you think God is identical or will treat you better or worse or all your words convey no meaning?

95% of my Problems with God are being unsuccessful in everything and being extremely poor the rest of my life it's never safe to go outside all Earth Police stations making Human Hamburger
