RE: Administrative Response Missive File No: 3-21525

Dear Mr. Stoelting/ Senior Trial Counselor
Ms. Sherry R. Haywood/Assistant Secretary of SEC

Please be advised that I have been diligent and committed to response to the best of my ability and resources here are the Danbury Federal Prison Camp. I responded on various occasion to the administrative order proceeding as requested.

I am enclosing all documentation that has been sent to Mr. Stoelting, the Senior Trial Counsel and Head of the division of enforcement. In my immature legal mind I do not understand why Mr. Stoelting did not forward the Secretary of the Securities Exchange Commission the document. Mr. Stoelting being the head of the division of compliance would be more than able to electronically submit the documents sent to him by My seventeen year old daughter in October and December of 2023. It is acknowledged that an email of communication was in fact received but not forward to the SEC in Washington DC.

Once again; as I am in the Federal Prison Camp in Danbury Connecticut, I am unable to control or access the mail system of the prison. As I am told here at the prison lack of staff and the numerous inmates, along with pounds of mail make getting correspondence out and into the facility unpredictable.

Therefore, I am submitting an additional missive of response to this administrative proceeding as well as the other documents sent previously to Washington D. C. and the Office of Mr. David Stoelting. This correspondence will be forward to my life partner Mr. Joseph Spaccavento. He has my full permission and authority to submit my legal documents to the proper litigants. He will also email Mr. Stoelting a copy of the documents and it's attachments. Mr. Spaccavento is my confidant as well as my now daughter Savanna May Bell who is age of majority. (See exhibits I-IV).

Thank you for your immediate attention in this matter.

Respectfully,

Vania N. Bell
