

SINO AMERICAN OIL
before the
SECURITIES AND EXCHANGE COMMISSION

SECURITIES EXCHANGE ACT OF 1934
Release No. 101935 / December 17, 2024

In the Matter of

SINO AMERICAN OIL

ANSWER TO ORDER TO SHOW CAUSE AND REQUEST FOR EXTENSION

Pursuant to notification (Section 12(j) of the Securities Exchange Act of 1934 we are seeking a continuance or extension to bring Sino to reporting status. Gillespie and Associates (PCAOB registered) are under retainer and process of bringing the financial disclosure current. Sino has recently taken in capital to pay for vendor services (Transfer agent, Legal counsel and operations). Additional capital is available for operations.

As Sino has been working towards becoming current, this notification was only discovered on the SEC site in the last 3 days by way of myself reviewing the S.E.C site. Sino has not received the (or any) notice on Nov 13, 2024 (hence this late response), otherwise as per Admin.Proc.File No. 3-22294 we would have responded immediately to dates per notice. Again, we have not received any notification. We suspect that the S.E.C does not have current contact information for management (corporate@sinooilcorp.com or admin@sinooilcorp.com). We are in process of retaining Christian O. Nagler, P.C. to represent the Company in this matter as legal counsel. Please kindly provide us additional time to do engage counsel.

We kindly ask for this continuance and can provide a quote on completion of financial disclosure to the S.E.C. We are deeply apologetic, and not only do we endeavor to be compliant we have the resources to be fully reporting. We respect rule and policy of the S.E.C. As this is time sensitive, I appreciate your response, so that we can create a clear line of communication and endeavor to bring investor confidence back to our shareholders. Thank you for your time in advance.

Signed,
/s/ Boriss Aleksandrov /s/
