**NOTICE REGARDING DEFENDANTS' RULE 60(b) MOTION TO MODIFY
ADDENDUM A OF GLOBAL RESEARCH SETTLEMENT**

On December 5, 2025, Defendants filed an unopposed motion pursuant to Rule 60(b) of the Federal Rules of Civil Procedure to modify final judgments in the above-captioned cases.

Without adopting or joining Defendants in their motions, the Securities and Exchange Commission (SEC) consents to the relief sought by the motions and agrees that the final judgments should be modified as reflected in the proposed orders submitted by each respective Defendant. In so doing, the SEC notes the provisions of the Judgment that specifically contemplate future modification—*see* Judgment, Addendum A, Section II.7 (with respect to any term of the injunctive relief undertakings not explicitly superseded by an SEC or self-regulatory organization rule, it was the expectation of the SEC that it would agree to an amendment or modification of Addendum A, “subject to Court approval, unless the SEC believes such amendment or modification would not be in the public interest.”)—and the passage of FINRA Rule 2241, which addresses the same issues and concerns as the Judgment.

Based on these unique facts and circumstances, the SEC believes modification of the Judgment is in the public interest.

Dated: December 5, 2025

Respectfully submitted,

/s/ Zachary A. Avallone
