Monthly Change in Key Statistics and Table of Contents (continued)

*Some calculations in the change column in the above Table of Contents and in other tables in this report may not total as expected due to rounding. Terms used in this report are defined in Appendix 2, Key Definitions.

* Note: Beginning in October 2016, Form N-MFP required prime and tax-exempt money market funds to identify themselves as institutional or retail funds; up to that date, Funds reported without making this distinction. Government and Treasury funds are not required to distinguish between retail and institutional. See Appendix 2, Key Definitions.

As municipal funds do not have a daily liquidity requirement, their daily liquidity statistics are not included here.

Bank-related securities include Certificates of Deposit, Time Deposits, sponsored ABCP, and repurchase agreements where the bank is the counterparty.

Eurozone is a subset of Europe and Eurozone values are also included in totals for Europe.

Bank-related securities include Certificates of Deposit, Time Deposits, sponsored ABCP, and repurchase agreements where the bank is the counterparty.
