Exhibit Request:

A complete set of documents comprising the applicant's listing applications, including any agreements required to be executed in connection with listing and a schedule of listing fees.

If the applicant does not list securities, provide a brief description of the criteria used to determine what securities may be traded on the exchange. Provide a table of contents listing the forms included in this Exhibit H.

Response:

The Exchange does not intend to initially list or trade common stock or non-option securities of operating companies but rather intends to initially only trade option contracts that meet the options listing standards of the Exchange. Trading of option contracts will be pursuant to applicable options listing standard requirements for option contracts in Chapter IV of the proposed Rules.
