BEFORE THE  
SECURITIES AND EXCHANGE COMMISSION**

**Securities Act of 1933**  
**Release No. 33-11401 / January 22, 2026**

**Securities Exchange Act of 1934**  
**Release No. 34-104653 / January 22, 2026**

**ORDER APPROVING PUBLIC COMPANY ACCOUNTING OVERSIGHT BOARD  
BUDGET AND ANNUAL ACCOUNTING SUPPORT FEE FOR FISCAL YEAR 2026**

The Sarbanes-Oxley Act of 2002, as amended (the “Sarbanes-Oxley Act”),<sup>1</sup> established the Public Company Accounting Oversight Board (“PCAOB”) to oversee the audits of companies that are subject to the securities laws, and related matters, in order to protect the interests of investors and further the public interest in the preparation of informative, accurate, and independent audit reports. Section 982 of the Dodd-Frank Wall Street Reform and Consumer Protection Act<sup>2</sup> amended the Sarbanes-Oxley Act to provide the PCAOB with explicit authority to oversee auditors of broker-dealers registered with the Securities and Exchange Commission (the “Commission”). The PCAOB accomplishes these investor protection and public interest goals through the registration of public accounting firms, standard setting, inspections, and investigation and disciplinary programs. The PCAOB is subject to the comprehensive oversight of the Commission.

Section 109 of the Sarbanes-Oxley Act provides that the PCAOB shall establish a reasonable annual accounting support fee, as may be necessary or appropriate to establish and maintain the PCAOB. Under Section 109(f) of the Sarbanes-Oxley Act, the aggregate annual

accounting support fee shall not exceed the PCAOB’s aggregate “recoverable budget expenses,” which may include operating, capital, and accrued items. The PCAOB’s annual budget and accounting support fee are subject to approval by the Commission. In addition, the PCAOB must allocate the annual accounting support fee among issuers and registered brokers and dealers.

Section 109(b) of the Sarbanes-Oxley Act directs the PCAOB to establish a budget for each fiscal year in accordance with the PCAOB’s internal procedures, subject to approval by the Commission. Rule 190 of Regulation P (the “Budget Rule”) governs the Commission’s review and approval of PCAOB budgets and annual accounting support fees.<sup>3</sup> The Budget Rule provides, among other things, a timetable for the preparation and submission of the PCAOB budget and for Commission actions related to each budget, a description of the information that should be included in each budget submission, limits on the PCAOB’s ability to incur expenses and obligations except as provided in the approved budget, procedures relating to supplemental budget requests, requirements for the PCAOB to provide on a quarterly basis certain budget-related information, and a list of definitions that apply to the rule and to general discussions of PCAOB budget matters.

In accordance with the Budget Rule, in March 2025 the PCAOB provided the Commission with a narrative description of its program issues and outlook for the 2026 budget year. In response, the Commission provided the PCAOB with general budgetary guidance for the 2026 budget year. The PCAOB subsequently delivered a preliminary budget and budget justification to the Commission. Staff from the Commission’s Office of the Chief Accountant and Office of Financial Management dedicated a substantial amount of time to the review and analysis of the PCAOB’s programs, projects, and budget estimates and participated in a number

of meetings with staff of the PCAOB to further develop an understanding of the PCAOB’s budget and operations. During the course of this review, Commission staff relied upon representations and supporting documentation from the PCAOB. Based on this review, the Commission issued a “passback” letter to the PCAOB on November 26, 2025.<sup>4</sup> On December 19, 2025, the PCAOB adopted its 2026 budget and accounting support fee during an open meeting and subsequently submitted that budget to the Commission for approval.

After considering the above, the Commission did not identify any proposed disbursements in the 2026 budget adopted by the PCAOB that are not properly recoverable through the annual accounting support fee, and the Commission believes that the aggregate proposed 2026 annual accounting support fee does not exceed the PCAOB’s aggregate recoverable budget expenses for 2026.

The Commission continues to emphasize the importance of the PCAOB’s identification of efficiencies and process improvements. Accordingly, the Commission requests that the PCAOB continue to evaluate its operational efficiency, improvements, and budgetary needs and submit such assessments to the Commission in connection with the 2027 budget cycle.

Coordination between the Commission and PCAOB continues to be important. The Commission directs the PCAOB, during 2026, to continue to hold quarterly meetings, as necessary, with Commission staff to discuss important policy initiatives, changes related to program areas, and significant impacts to the PCAOB’s 2026 budget, including significant differences between actual and budgeted amounts and anticipated cost-savings. Separately, the Commission directs the PCAOB to continue its written quarterly updates on recent activities,

<sup>4</sup> The lapse in appropriations during October and early November 2025 resulted in the Commission’s delay in providing the passback letter by the deadline prescribed by the Budget Rule.

including strategic initiatives. The Commission expects the PCAOB to make itself available to meet with individual Commissioners on these and other topics. Further, the Commission requests that the PCAOB submit its 2025 annual report to the Commission by March 31, 2026.

The Commission understands that the Office of Management and Budget (“OMB”) has determined that the 2026 budget of the PCAOB is subject to sequestration under the Budget Control Act of 2011.<sup>5</sup> For 2025, the PCAOB sequestered \$22.8 million. That amount will become available in 2026. For 2026, the sequestration amount will be 5.7% or \$20.6 million. Accordingly, the PCAOB’s 2026 accounting support fee will be reduced by the excess amount held for sequester, or \$2.2 million.

The Commission has determined that the PCAOB’s 2026 budget and annual accounting support fee are consistent with Section 109 of the Sarbanes-Oxley Act. Accordingly,

IT IS ORDERED, pursuant to Section 109 of the Sarbanes-Oxley Act, that the PCAOB budget and annual accounting support fee for fiscal year 2026 are approved.

By the Commission.
