specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend BOX Rule 7020 (Days and Hours of Business) to include Rule 7020(f) which details Exchange actions in emergency conditions. Specifically, proposed Rule 7020(f) states that the Chief Executive Officer or the President (or his or her senior-level designee) have the power to halt trading in some or all securities traded on the Exchange, to close some or all Exchange facilities, to determine the duration of any such halt or closing, to take one or more of the actions permitted to be taken by any person or body of the Exchange under Exchange rules, or to take any other action deemed to be necessary or appropriate for the maintenance of a fair and orderly market or the protection of investors, or otherwise in the public interest, due to emergency conditions or extraordinary circumstances, such as (1) actual or threatened physical danger, severe climatic conditions, natural disaster, civil unrest, terrorism, acts of war, or loss or interruption of facilities utilized by the Exchange, or (2) a request by a governmental agency or official, or (3) a period of mourning or recognition for a person or event. The Exchange notes that the proposed change is substantially similar to a rule currently in place at another options exchange.<sup>3</sup>

2. Statutory Basis

---

<sup>3</sup> See Cboe Exchange, Inc. (“Cboe”) Rule 5.23(d)

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Securities Exchange Act of 1934 (the “Act”),<sup>4</sup> in general, and Section 6(b)(5) of the Act,<sup>5</sup> in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest and because they are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The Exchange also believes that the proposed rule changes are consistent with Section 6(b)(1) of the Act,<sup>6</sup> in that they enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act and to comply, and to enforce compliance by its Exchange Participants and persons associated with its Exchange Participants, with the provisions of the Act, the rules and regulations thereunder, and the rules of the Exchange.

The Exchange believes that the proposed changes to BOX Rule 7020 would remove impediments to, and perfect the mechanisms of, a free and open market and a national market system and, in general, protect investors and the public interest, and enable the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Act, because they would make BOX Rule 7020 more reflective of the process and procedure with respect to the exchange actions in emergency conditions which are practiced at all other exchanges in the industry.<sup>7</sup> Further, the Exchange believe that bestowing authority in the Chief Executive

Officer of the President (or his or her senior-level designee) – rather than the BOX Board - is appropriate as their authority relates to the general charge and supervision of Exchange business. The Exchange believes that the responsibility and power to take action in emergency conditions bestowed upon the CEO or President is appropriate as it is more aligned with the scope of the CEO’s and President’s roles at the Exchange than the Board.

Lastly, the Exchange again notes that a substantially similar rule currently exists at another exchange.<sup>8</sup>

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the proposed rule is substantially similar to a rule currently in place at another exchange. The Exchange does not believe that the proposed rule change imposes any burden on intramarket competition because it applies to all Participants and is not designed to address any competitive issue. Further, the Exchange does not believe that the proposed rule change will impose any burden on intermarket competition that is not necessary or appropriate in furtherance of the purposes of the Act because the rule change is not intended to address competitive issues but rather is concerned solely with the administration and functioning of the Exchange.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

International Securities Exchange LLC (“MIAX”) Rule 523.

<sup>8</sup> See supra note 3.

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>9</sup> and Rule 19b-4(f)(6) thereunder.<sup>10</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>11</sup> and Rule 19b-4(f)(6)(iii) thereunder.<sup>12</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>13</sup> normally does not become operative prior to 30 days after the date of filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>14</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange's proposed rule is substantively similar to rules currently in place on other options exchanges and therefore raises no novel regulatory issues. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change as operative upon filing with the Commission.<sup>15</sup>

<sup>12</sup> 15 U.S.C. 78s(b)(3)(A)(iii). Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission notes that the Exchange satisfied this requirement.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>16</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.
