7660 Communications and Equipment

(a) – (e) No Change.

(f) *Registration.* Floor Participants must register, prior to use, any new communication device to be used for business purposes on the Trading Floor. Each device registered with the Exchange must be registered by category of user. If there is a change in the category of any user, the device must be re-registered with the Exchange. At the time of registration, Floor Participant representatives must sign a statement that they are aware of and understand the rules and procedures governing the use of communication devices on the Options Floor.

(g) – (j) No change.

(k) [*Telephone]Records.* Floor Participants must maintain records of the use of [their cellular or cordless]telephones and all other registered communication devices[records], including, but not limited to, logs of calls[placed], emails, and chats, for a period of not less than three years, the first two in an easily accessible place. The Exchange reserves the right to inspect and/or examine such [telephone]records.

(l) No change.
