(Release No. 34-63321; File No. SR-BX-2010-077)

November 16, 2010

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Establish a Pilot Program to List Series with Additional Expiration Months for Each Class of Options Opened for Trading on BOX

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that, on November 10, 2010, NASDAQ OMX BX, Inc. (the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter IV, Section 6 (Series of Options Contracts Open for Trading) of the Rules of the Boston Options Exchange Group, LLC (“BOX”) to adopt a Pilot Program to list additional expiration months for each class of options opened for trading on BOX. The text of the proposed rule change is available from the principal office of the Exchange, on the Commission’s website at www.sec.gov, at the Commission’s Public Reference Room and also on the Exchange’s Internet website at <http://nasdaqomxbx.cchwallstreet.com/NASDAQOMXBX/Filings/>.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements

² 17 CFR 240.19b-4.

concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to adopt a Pilot Program to list additional expiration months for each class of options opened for trading on BOX, by adding proposed Supplementary Material .08 in Chapter IV, Section 6 of the BOX Rules.

Pursuant to Chapter IV, Section 6(e) of the BOX Rules, BOX currently opens four expiration months for each class of options open for trading on BOX, the first two being the two nearest months, regardless of the quarterly cycle on which that class trades; the third and fourth being the next two months of the quarterly cycle previously designated for that specific class. For example, if BOX listed in late May a new equity option on a January-April-July-October quarterly cycle, BOX would list the two nearest term months (June and July) and the next two months of the cycle (October and January). When the June series expires, BOX would add the August series as the next nearest month. And when the July series expires, BOX would add the September series.

BOX believes that there is market demand for a greater number of expiration months. The Exchange therefore proposes to adopt a Pilot Program pursuant to which it will list up to an additional two expiration months, for a total of six expiration months for each class of options open for trading on BOX. The program will be effective on a pilot basis immediately after approval is received to establish the pilot program, and expiring on October 31, 2011. Under the

proposal, the additional months listed pursuant to the pilot program will result in four consecutive expiration months plus two months from the quarterly cycle. For example, for option classes in the January cycle that have expiration months of June, July, October, and January, BOX would additionally list the August and September series. For options classes in the February quarterly cycle that have expiration months of October, November, February, and May, BOX would additionally list the December and January series. Under the proposal, no additional LEAP Series will be created.

BOX seeks to limit the proposed rule change to 20 actively traded options classes. By limiting the pilot to a small number of classes, BOX will be able to gauge interest in the pilot while limiting any additional demands on system resources. It has been estimated that this pilot could add up to six or seven percent to current quote traffic, although changes in market maker quoting behavior may reduce that increase by up to half. BOX believes that a limited pilot is a prudent step to determine actual market demand for additional expiration months.

If the Exchange were to propose an extension or an expansion of the pilot program, or should the Exchange propose to make the pilot program permanent, BOX will submit, along with any filing proposing such amendments to the pilot program, a pilot program report (“Report”) that will provide an analysis of the Pilot Program covering the first nine months of the pilot program and shall submit the Report to the Commission at least sixty (60) days prior to the expiration date of the pilot program. The Report will include, at a minimum: (1) data and written analysis on the open interest and trading volume in the classes for which additional expiration months were opened; (2) an assessment of the appropriateness of the options classes selected for the pilot program; (3) an assessment of the impact of the pilot program on the capacity on BOX, OPRA, and on market data vendors (to the extent data from market data

vendors is available); (4) any capacity problems or other problems that arose during the operation of the pilot program and how BOX addressed such problems; (5) any complaints that BOX or the Exchange received during the operation of the pilot program and how BOX and the Exchange addressed them; and (6) any additional information that would assist the Commission in assessing the operation of the Pilot Program.

Finally, BOX represents that it has the necessary systems capacity to support new options series that will result from the introduction of additional expiration months listed pursuant to this proposed rule change.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,³ in general, and Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in facilitating transactions in securities, and remove impediments to and perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. In particular, the Exchange believes listing additional near-term expiration months will offer investors more variety in trading options series that were previously not available. The Exchange believes this proposal will also generate additional volume in these options classes without significantly taxing system resources.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

⁴ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder.⁶

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because the proposal is substantially similar to that of another exchange that has been approved by the Commission.⁷ Therefore, the Commission designates the proposal operative upon filing.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

⁶ 17 C.F.R. 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Commission has waived the five-day pre-filing requirement in this case.

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
