Chapter VI. Market Makers

* * * * *

Sec. 1 through Sec. 14 No change.

Sec. 15 Automatic Quote Cancellation [Procedure:]

(a) [The] Automatic Quote Cancellation [Procedure] is enabled (or disabled) for [all of] a Market Maker's appointed options class(es) when a Market Maker sends an Automatic Quote Cancellation [Procedure] enabling (or disabling) message to the Trading Host. The Market Maker must provide specific information in the enable message [the duration of no technical connectivity after which] that sets forth the parameters that, if met, will cause the Trading Host to [should] cancel [his] the Market Maker's quotes [(set for a duration of between one and nine seconds)] in the specified class(es). Unless enabled, [the] Automatic Quote Cancellation [Procedure] is disabled for all options classes.

(b) A Market Maker may enable Automatic Quote Cancellation by establishing triggering parameters for when the Market Maker, during a specified time period:

- (a) Experiences a duration of no technical connectivity for between one and nine seconds;
- (b) Trades a specified number of contracts in the aggregate across all series of an options class;
- (c) Trades a specified absolute dollar value of contracts bought and sold in a class;
- (d) Trades a specified number of contracts in a class of the net between (i) calls purchased plus puts sold, and (ii) calls sold and puts purchased; or,
- (e) Trades a specified absolute dollar value of the net position in a class between (i) calls purchased and sold, (ii) puts and calls purchased; (iii) puts purchased and sold; or (iv) puts and calls sold.

[(b) When the Automatic Quote Cancellation Procedure has been enabled, the Trading Host will automatically cancel all quotes posted by the Market Maker in all of the Market Maker's appointed options classes when there has been no technical communication with the Trading Host for the time indicated by the Market Maker as described in section 15(a) above.]

Sec. 16 No change.
