Chapter XV Options Pricing

BX Options Participants may be subject to the Charges for Membership, Services and Equipment in the Rule 7000 Series as well as the fees in this Chapter XV. For purposes of assessing fees and paying rebates, the following references should serve as guidance.

The term “**Customer**” or (“C”) applies to any transaction that is identified by a Participant for clearing in the Customer range at The Options Clearing Corporation (“OCC”) which is not for the account of broker or dealer or for the account of a “Professional” (as that term is defined in Chapter I, Section 1(a)(48)).

The term “**BX Options Market Maker**” or (“M”) is a Participant that has registered as a Market Maker on BX Options pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive Market Maker pricing in all securities, the Participant must be registered as a BX Options Market Maker in at least one security.

The term “**Non-BX Options Market Maker**” or (“O”) is a registered market maker on another options exchange that is not a BX Options Market Maker. A Non-BX Options Market Maker must append the proper Non-BX Options Market Maker designation to orders routed to BX Options.

The term “**Firm**” or (“F”) applies to any transaction that is identified by a Participant for clearing in the Firm range at OCC.

The term “**Professional**” or (“P”) means any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) pursuant to Chapter I, Section 1(a)(48). All Professional orders shall be appropriately marked by Participants.

The term “**Broker-Dealer**” or (“B”) applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

The term “**Joint Back Office**” or “**JBO**” applies to any transaction that is identified by a Participant for clearing in the Firm range at OCC and is identified with an origin code as a JBO. A JBO will be priced the same as a Broker-Dealer as of September 1, 2014. A JBO participant is a Participant that maintains a JBO arrangement with a clearing broker-dealer (“JBO Broker”) subject to the requirements of Regulation T Section 220.7 of the Federal Reserve System as further discussed in Chapter XIII, Section 5.

With respect to Chapter XV, Sections 2(1) and (2) the order that is received by the trading system first in time shall be considered an order adding liquidity and an order that trades against that order shall be considered an order removing liquidity.
