proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX rules define an “in-the-money” option series at Chapter I, Section 1(a)(68). Currently the term “in-the-money” means, for call options, all strike prices below the offer in the underlying security on the primary listing market; for put options, all strike prices above the bid in the underlying security on the primary listing market. BX rules define an “out-of-the-money” option series at Chapter I, Section 1(a)(69). Currently, the term “out-of-the-money” shall mean the following: for call options, all strike prices above the offer in the underlying security on the primary listing market; for put options, all strike prices below the bid in the underlying security on the primary listing market. The Exchange proposes to amend these defined terms as specified below.

In-the-Money

At this time, the Exchange proposes to amend the defined term “in-the-money” to include an “at-the money” option. The term “in-the-money” would be defined with this amendment to mean, for call options, all strike prices **at or** below the offer in the underlying security on the primary listing market; for put options, all strike prices **at or** above the bid in the underlying security on the primary listing market. The Exchange believes that amending the term “in-the-money” to include options that are “at-the-money” will bring greater transparency to the manner

in which the Exchange handles “at-the-money” options.³

In-the-Money and Out-of-the-Money

The Exchange proposes to limit the defined terms “in-the-money” and “out-of-the-money” option series for purposes of Market Maker quoting obligations in Chapter VII, Section 6. The Exchange notes that it specifically proposes to reference the rules related to Market Maker quoting obligations to avoid any confusion with the manner in which “in-the-money” and “out-of-the-money” options series are defined for purposes of other options rules. This limitation represents current practice. The Exchange also notes that it is conforming this term across its Nasdaq affiliated markets.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange’s proposal to amend the defined term “in-the-money” to include options that are “at-the-money” will bring greater transparency to the current manner in which the Exchange handles “at-the-money” options.

The Exchange’s proposal to note that the defined terms “in-the-money” and “out-of-the-money” would apply for purposes of Market Maker quoting obligations in Chapter VII, Section 6 would avoid any confusion with the manner in which “in-the-money” and “out-of-the-money”

³ The Exchange notes that the inclusion of the term “at-the-money” within the defined term “in-the-money” represents the Exchange’s current practice.

options series are defined for purposes of other options rules. The limitation of the defined terms for purposes of Market Maker quoting obligations in Chapter VII, Section 6 will bring transparency to the current use of the defined terms.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to amend the defined term "in-the-money" to include options that are "at-the-money" and add limitations to the use of the defined terms "in-the-money" and "out-of-the-money" for purposes of Market Maker quoting obligations in Chapter VII, Section 6 do not unduly burden competition, rather these amendments add greater transparency to the Rulebook and makes clear the applicability of the definitions to avoid confusion with respect to the remainder of the options rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of

the Act⁶ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
