(the “Exchange” or “BYX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

(A) Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to eliminate Rule 13.4, "Assigning of Registered Securities in the Name of a Member or Member Organization," which permits the Exchange to establish a signature guarantee program. In sum, a signature guarantee program allows an investor who seeks to transfer or sell securities held in physical certificate form to have their signature on the certificate "guaranteed." Rule 13.4 permits Members to guarantee their signatures by authorizing one or more of their employees to assign registered securities in the Member's name and to guarantee assignments of registered securities on behalf of the Member where the security had been signed by one of the partners of the Member or by one of the authorized officers of the Member by executing and filing with the Exchange a separate Power of Attorney, also known as a traditional signature card program. Transfer agents often insist that a signature be guaranteed before they accept the transaction because it limits their liability and losses if a signature turns out to be forged.

Rule 17Ad-15 under the Act permits transfer agents to reject signature guarantees

from eligible guarantor institutions that are not part of a signature guarantee program.⁵ The rule encouraged a movement away from the traditional signature card programs administered by the exchanges towards signature guarantee programs that use a medallion imprint or stamp which evidences their participation in the program and is an acceptable signature guarantee (“Medallion Signature Guarantee Program”).⁶ The Commission has also noted that:

[a]n investor can obtain a signature guarantee from a financial institution – such as a commercial bank, savings bank, credit union, or broker dealer – that participates in one of the Medallion signature guarantee programs. . . . If a financial institution is not a member of a recognized Medallion Signature Guarantee Program, it would not be able to provide signature guarantees. Also, if [an investor is] not a customer of a participating financial institution, it is likely the financial institution will not guarantee [the investor’s] signature. Therefore, the best source of a Medallion Guarantee would be a bank, savings and loan association, brokerage firm, or credit union with which [the investor does] business.⁷

⁵ See 17 CFR 240.17Ad-15; Securities Exchange Act Release No. 30146 (January 10, 1992), 57 FR 1082 (February 24, 1992) (adopting Rule 17Ad-15).

⁶ See, e.g., Securities Exchange Act Release No. 33669 (February 23, 1994), 59 FR 10189 (March 3, 1994) (SR-MSTC-93-13) (“[t]his newly adopted Rule 17Ad-15 rule rendered [Midwest Securities Trust Company’s (“MSTC”)] Signature Distribution Program and Signature Guarantee Program obsolete. Therefore, to avoid costs that produce no benefits, MSTC eliminated its Signature Distribution and Signature Guarantee Programs and deleted MSTC Rule 5, Sections 1 and 2 which govern these programs”).

⁷ See “Signature Guarantees: Preventing the Unauthorized Transfer of Securities,” <http://www.sec.gov/answers/sigguar.htm>.

In response to Rule 17Ad-15, certain exchanges have decommissioned or amended their rules to no longer provide for traditional signature card program.⁸ While the Exchange adopted Rule 13.4 as part of its Form 1 exchange application,⁹ it has never offered, and does not now intend to offer, a signature guarantee service. The move towards Medallion Signature Guarantee Programs has also rendered traditional card programs as provided for under Exchange Rule 13.4 obsolete. Therefore, the Exchange proposes to eliminate Rule 13.4.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section

In place of the cumbersome signature card system, PHLX will require participation in a Rule 17Ad-15 Signature Guarantee Program"). In 2006, the Philadelphia Stock Exchange, Inc. (currently Nasdaq OMX PHLX LLC) ("PHLX") eliminated Rules 327 – 340 regarding signature guarantees in their entirety from its rulebook, noting that they are "being deleted as obsolete because they refer to the delivery and settlement of securities, which is not done by the Exchange, but by registered clearing agencies." 6(b) of the Act¹⁰ and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in that it is designed to promote just and equitable principles of trade, remove impediments to, and perfect the mechanism of, a free and open market and a national market system, and, in general, protect investors and the public interest by eliminating unnecessary confusion with respect to the Exchange's rules. Rule 17Ad-15 encouraged a movement away from the traditional signature card programs administered by the exchanges towards certain Medallion Signature Guarantee Programs. In response, certain exchanges have decommissioned or amended their rules to no longer provide for a traditional signature card program.¹² The Exchange has never offered, and does not now intend to offer, a signature guarantee service. Also, the move towards Medallion Signature Guarantee Programs has rendered traditional card programs as provided for under Exchange Rule 13.4 obsolete. Therefore, the Exchange believes eliminating Rule 13.4 would clarify the Exchange's rules by eliminating rules that account for services the Exchange does not provide. The Exchange also believes the elimination of unnecessary and obsolete rules removes impediments to the perfection of the mechanisms for a free and open market system consistent with the requirements of Section 6(b)(5) of the Act.¹³

(B) Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition. Rule 17Ad-15 encouraged a movement away from the traditional signature card programs administered by the exchanges towards certain Medallion Signature Guarantee Programs. In response, certain exchanges have decommissioned or amended their rules to no longer provide for a traditional signature card program.¹⁴ An investor may still obtain a signature guarantee from a financial institution that participates in one of the Medallion Signature Guarantee Programs. The Exchange has never offered, and does not intend to offer, a signature guarantee service. Also, the move towards Medallion Signature Guarantee Programs has rendered traditional card programs as provided for under Exchange Rule 13.4 obsolete. Therefore, the Exchange believes eliminating Rule 13.4 would not impose any burden on competition.

(C) Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
