Footnotes:	
Footnote Number	Description
6	<p style="text-align: center;">* * * * *</p> <p>The marketing fee will be assessed only on transactions of Market-Makers [and] (<u>including</u> DPMs <u>and</u> LMMs), resulting from (i) customer orders from payment accepting firms, or (ii) customer orders that have designated a <u>DPM under CBOE Rule 8.80, a "Preferred Market-Maker" under CBOE Rule 8.13 or a "Lead Market-Maker" under CBOE Rule 8.15 (collectively "Preferred Market-Makers")</u> at the per contract rate provided above on all classes of equity options, options on ETFs, options on ETNs and index options; except that the marketing fee shall not apply to DJX, XSP or Underlying Symbol List A (34) excluding binaries options. The fee will not apply to: Market-Maker-to-Market-Maker transactions including transactions resulting from orders from non-Trading Permit Holder market-makers; transactions resulting from accommodation liquidations (cabinet trades); transactions in Flexible Exchange Options; transactions resulting from any of the strategies identified and/or defined in footnote 13 of this Fees Schedule (provided that a rebate request with supporting documentation is submitted to the Exchange within 3 business days of the transaction); transactions executed as a qualified contingent cross ("QCC") under Rule 6.53(u); and transactions in the Penny Pilot classes resulting from orders executed through the Hybrid Agency Liaison under Rule 6.14. A [Preferred] <u>Preferred</u> Market-Maker will be given access to the marketing fee funds generated from a [Preferred] <u>Preferred</u> order. Rebate/Carryover Process. If less than 80% of the marketing fee funds collected in a given month is paid out by the DPM or [Preferred] <u>Preferred</u> Market-Maker in a given month, then the Exchange would refund such surplus at the end of the month on a pro rata basis based upon contributions made by the Market-Makers [and DPMs] in that month. However, if 80% or more of the funds collected in a given month is paid out by the DPM or [Preferred] <u>Preferred</u> Market-Maker, there will not be a rebate for that month unless the DPM or [Preferred] <u>Preferred</u> Market-Maker elects to have funds rebated. In the absence of such election, any excess funds will be included in an Excess Pool of funds to be used by the DPM or [Preferred] <u>Preferred</u> Market-Maker in subsequent months. The total balance of the Excess Pool of funds for a DPM or a [Preferred] <u>Preferred</u> Market-Maker cannot exceed \$100,000. If in any month the Excess Pool balance were to exceed \$100,000, the funds in excess of \$100,000 would be refunded on a pro rata basis based upon contributions made by the Market-Makers [and DPMs] in that month. In addition, in any month, a DPM or a [Preferred] <u>Preferred</u> Market-Maker can elect to have any funds in its Excess Pool refunded on a pro rata basis based upon contributions made by the Market-Makers [and DPMs] in that month. Each month, the Exchange assesses an administrative fee of .45% on the total amount of the funds collected each month; provided, however, that beginning on October 1, 2007, no Market-Maker [or DPM] would contribute more than 15% of the total amount of funds raised by the .45% administrative fee.</p>
