

SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-85458; File No. SR-CBOE-2019-018)

March 29, 2019

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Amend Rule 6.42, Interpretation and Policy .04 to Specify that Replacement Issues may be Added to the Penny Pilot Program (“Pilot”) on a Quarterly Basis, Without Altering the Expiration Date of the Pilot, which is June 30, 2019

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 22, 2019, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

**I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change**

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend Rule 6.42, Interpretation and Policy .04 to specify that replacement issues may be added to the Penny Pilot Program (“Pilot”) on a quarterly basis, without altering the expiration date of the Pilot, which is June 30, 2019. The text of the proposed rule change is provided below.

Rule 6.42. Minimum Increments for Bids and Offers

(a) – (b) No change.

*...Interpretations and Policies:*

.01 – .03 No change.

.04 The Exchange may replace any option class participating in the Penny Pilot Program that has been delisted with the next most actively traded, multiply listed option class, based on national average daily volume in the preceding six calendar months, that is not yet included in the Pilot Program. Any replacement class would be added on the second trading day in the first month of each quarter [following January 1, 2019]. The Penny Pilot will expire on June 30, 2019.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 6.42, Interpretation and Policy .04, regarding the Pilot, to specify that replacement issues may be added to the Pilot on a quarterly basis, without altering the expiration date of the Pilot, which is June 30, 2019. The Exchange recently filed to extend the Pilot until June 30, 2019 (from December 31, 2018) and also updated the rule text to provide that replacement issues may be added to the Pilot on the second trading day following January 1, 2019.<sup>5</sup> The Rule authorizes the Exchange to replace any options issues in the Pilot that have been delisted with the next most actively traded multiply listed options classes that are not yet included in the Program, based on trading activity in the previous six months.<sup>6</sup> The Exchange proposes to modify Rule 6.42, Interpretation and Policy .04 to allow the Exchange to add replacement issues (for Pilot issues that have been delisted) on a quarterly basis. The Exchange added replacement issues in January 2019 and would be able to add eligible replacement issues in April, July and October. The Exchange believes this change would allow the Exchange to update issues eligible for the Pilot (by replacing delisted issues) on a quarterly basis (as opposed to semi-annual) and would enable further analysis of the Pilot and a determination of how the Pilot should be structured in the future.

As is the case today, the Exchange will determine replacement issues based on trading activity in the previous six months (the “six-month lookback”) but will not use the month

<sup>5</sup> See Securities Exchange Act Release No. 84940 (December 21, 2018), 83 FR 67759 (December 31, 2018) (SR-CBOE-2018-076). On January 3, 2019, the Exchange added new issues to replace delisted Pilot issues, as announced by Product Update, available here, [http://markets.cboe.com/resources/product\\_update/2019/Penny-Pilot-Replacement-Classes-for-January-3-2019-Updated.pdf](http://markets.cboe.com/resources/product_update/2019/Penny-Pilot-Replacement-Classes-for-January-3-2019-Updated.pdf).

<sup>6</sup> See Rule 6.42, Interpretation and Policy .04.

immediately preceding the addition of a replacement to the Pilot. Thus, a replacement class to be added on the second trading day following April 1, 2019 would be identified based on The Option Clearing Corporation's trading volume data from September 1, 2018 through February 28, 2019.<sup>7</sup> The Exchange believes the six-month lookback is appropriate because this time period would help reduce the impact of unusual trading activity as a result of unique market events, such as a corporate action (i.e., it would result in a more reliable measure of average daily trading volume than would a shorter period).

This filing does not propose any substantive changes to the Pilot: all classes currently participating will remain the same and all minimum increments will remain unchanged. The Exchange believes the benefits to public customers and other market participants who will be able to express their true prices to buy and sell options have been demonstrated to outweigh the increase in quote traffic.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect

investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposal to allow the addition of replacement issues the Pilot on a quarterly basis would result in a more current list of Pilot-eligible issues and would enable further analysis of the Pilot, including for a determination of how the Pilot should be structured in the future. Further, the Exchange believes the six-month lookback is appropriate because this time period would help reduce the impact of unusual trading activity as a result of unique market events, such as a corporate action (i.e., it would result in a more reliable measure of average daily trading volume than would a shorter period). Thus, the Exchange believes this proposal would promote just and equitable principles of trade, foster cooperation and coordination with persons engaged in facilitating transactions in securities, and remove impediments to and perfect the mechanisms of a free and open market and a national market system.

The Exchange notes that it is not making any other substantive changes to the Pilot, other than modifying the timing for replacement issues and therefore the Exchange will continue to participate in a program that has been viewed as beneficial to traders, investors and public customers and viewed as successful by the other options exchanges participating in it. The Exchange believes that the Pilot would continue to promote just and equitable principles of trade by enabling public customers and other market participants to express their true prices to buy and sell options to the benefit of all market participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Specifically, the Exchange believes that allowing the Exchange to add replacement issues to the Pilot on a quarterly basis would make the list of Pilot-eligible issues more current and would enable further analysis of the Pilot, including for a determination of how the Pilot should be structured in the future. In doing so, the proposed rule change will also serve to promote regulatory clarity and consistency, thereby reducing burdens on the marketplace and facilitating investor protection. The Pilot Program is an industry-wide initiative supported by all other option exchanges. The Exchange believes that the proposed change would allow for continued competition between Exchange market participants trading similar products as their counterparts on other exchanges, while at the same time allowing the Exchange to continue to compete for order flow with other exchanges in option issues trading as part of the Pilot.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>8</sup> and Rule 19b-4(f)(6) thereunder.<sup>9</sup> Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to

---

<sup>8</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>9</sup> 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)<sup>10</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>11</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The change will allow the Exchange to add classes to the pilot that are actively traded at the start of the second quarter (i.e., in April 2019) and replace those that have been delisted and are no longer trading on a more frequent basis. This will help ensure that the top 363 most actively traded, multiply-listed classes are included in the Pilot, which will enable further analysis of the Pilot.<sup>12</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>13</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

<sup>11</sup> 17 CFR 240.19b-4(f)(6)(iii).

<sup>12</sup> For purposes only of waiving the operative delay for this proposal, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

<sup>13</sup> 15 U.S.C. 78s(b)(2)(B).

#### **IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
