II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Exchange Rule 14.11(d) provides for Exchange listing and trading of Securities Linked to the Performance of Indexes and Commodities (Including Currencies) (“Linked Securities”).³ The Exchange proposes to amend Rule 14.11(d) to add Options-Linked Securities to the type of Linked Securities permitted to list and trade on the Exchange.

The proposed amendment would include Options-Linked Securities in the list of Linked-Securities set forth in paragraph (d) of Rule 14.11. Additionally, the proposal would provide that the payment at maturity with respect to Options-Linked Securities is based on the performance of U.S. exchange-traded options on any one or combination of the following: (a) Index Fund Shares; (b) Managed Fund Shares, (c) Exchange-Traded Fund Shares; (d) Linked Securities; (e) other securities defined in Rule 14.11;⁴ (f) the S&P 100 Index, the S&P 500 Index, the Nasdaq

³ Rule 14.11(d) currently accommodates Exchange listing and trading of Equity Index-Linked Securities, Commodity-Linked Securities, Fixed Income Index-Linked Securities, Futures-Linked Securities, and Multifactor Index-Linked Securities (collectively referred to as “Linked Securities”).

⁴ The following other securities are included in Rule 14.11: Portfolio Depository Receipts (Rule 14.11(b)), Index-Liked Exchangeable Notes (Rule 14.11(d)(1)), Equity Gold Shares (Rule 14.11(d)(2)), Trust Certificates (Rule 14.11(d)(3)), Commodity-Based Trust

100 Index, the Dow Jones Industrial Average, the MSCI EAFE Index, the MSCI Emerging Markets Index, the NYSE FANG Index, the Russell 2000 Index, the Russell 1000 Index, the Russell 1000 Growth Index, the Russell 1000 Value Index, the Cboe Volatility Index, and the following subindices of the S&P 500 sectors: the Communication Services Select Sector Index, the Consumer Discretionary Select Sector Index, the Consumer Staples Select Sector Index, the Energy Select Sector Index, the Financial Select Sector Index, the Health Care Select Sector Index, the Industrial Select Sector Index, the Materials Select Sector Index, the Real Estate Select Sector Index, the Technology Select Sector Index, or the Utilities Select Sector Index; or (g) a basket or index of any of the foregoing (an “Options Reference Asset”). To the extent that the Options Reference Asset consists of options based on Index Fund Shares, Managed Fund Shares, Exchange-Traded Fund Shares, Linked Securities, or other securities defined in Rule 14.11, such Index Fund Shares, Exchange-Traded Fund Shares, Linked Securities, or other securities defined in Rule 14.11 shall not seek to provide investment results, before fees and expenses, that correspond to the inverse, a specific multiple, or a specific inverse multiple of the percentage performance on a given day of a particular index or combination of indexes. The proposal would also include Options Reference Assets as a Multifactor Reference Asset.

The proposal would move existing Rule 14.11(d)(2)(K)(v) (Multifactor Index-Linked Securities Listings Standards) to Rule 14.11(d)(2)(K)(vi), and would set forth the Option-Linked Securities Listing Standards in Rule 14.11(d)(2)(K)(v). Proposed Rule 14.11(d)(2)(K)(v)(a)

Shares (Rule 14.11(d)(4)), Currency Trust Shares (Rule 14.11(d)(5), Commodity Index Trust Shares (Rule 14.11(d)(6)), Commodity Futures Trust Shares (Rule 14.11(d)(7), Partnership Units (Rule 14.11(d)(8), Trust Units (Rule 14.11(d)(9), Managed Trust Securities (Rule 14.11(d)(10), Listing of Currency Warrants (Rule 14.11(d)(11), Selected Equity-linked Debt Securities (“SEEDS”) (Rule 14.11(d)(12), Trust Issued Receipts (Rule 14.11(f)), Index Warrants (Rule 14.11(g)), Managed Portfolio Shares (Rule 14.11(k)), and Tracking Fund Shares (Rule 14.11(m)).

provides that Option-Linked Securities must meet either of the following initial listing standards:

(1) The Options Reference Asset to which the security is linked shall have been reviewed and approved for the trading of Options-Linked Securities or options or other derivatives by the Commission under Section 19(b)(2) of the Securities Exchange Act of 1934 and rules thereunder and the conditions set forth in the Commission's approval order, including with respect to comprehensive surveillance sharing agreements, continue to be satisfied; or (2) The pricing information for components of the Options Reference Asset must be derived from a market which is an ISG member or affiliate or with which the Exchange has a comprehensive surveillance sharing agreement. Additionally, Proposed Rule 14.11(d)(2)(K)(v)(a) provides that Options-Linked Securities must meet both of the following initial listing criteria: (3) the value of the Options Reference Asset must be calculated and widely disseminated by one or more major market data vendors on at least a 15-second basis during the Exchange's regular market session; and (4) in the case of Options-Linked Securities that are periodically redeemable, the indicative value of the subject Options Linked Securities must be calculated and widely disseminated by the Exchange or one or more major market data vendors on at least a 15-second basis during the Exchange's regular market session.

Proposed Rule 14.11(d)(2)(K)(v)(b) provides that Option-Linked Securities must meet the following continued listing criteria: (1) the Exchange will consider the suspension of trading in, and will initiate delisting proceedings pursuant to Rule 14.12 if any of the initial listing criteria described above are not continuously maintained; and (2) the Exchange will consider the suspension of trading in, and will initiate delisting proceedings pursuant to Rule 14.12 under any of the following circumstances: (A) if the aggregate market value or the principal amount of the Options-Linked Securities publicly held is less than \$400,000; (B) if an interruption to the

dissemination of the value of the Options Reference Asset persists past the trading day in which it occurred or is no longer calculated or available and a new Options Reference Asset is substituted, unless the new Options Reference Asset meets the requirements of this proposed Rule 14.11(d)(2)(K); or (C) if such other event shall occur or condition exists which in the opinion of the Exchange makes further dealings on the Exchange inadvisable.⁵

The Exchange proposes to amend Interpretation and Policy .01(a) and (b) to Rule 14.11(d) which relate to specified requirements and obligations of a Member acting as a registered Market Maker, to include options to the financial instruments covered by Commentary .01 and to make ministerial changes⁶ to references to currency futures to clarify that each is part of a list. Last, the Exchange proposes to amend the definition of UTP Derivative Security, as provided in Rule 1.5(ee), to include Options-Linked Securities as such securities are a “new derivative securities product” as defined in Rule 19b-4(e) under the Act, and, as proposed, would be permitted to trade on the Exchange.

With respect to equity securities underlying Options Reference Assets, the Exchange notes that Index Fund Shares,⁷ Managed Fund Shares,⁸ Exchange-Traded Fund Shares,⁹ and Linked Securities and securities as defined in Rule 14.11 are subject to initial and continued listing criteria under applicable Exchange Rules as approved by the Commission. In addition, the Commission has approved or issued a notice of effectiveness to permit listing on a national

⁵ Proposed Rule 14.11(d)(2)(K)(v)(b) is substantially the same as existing Rules 14.11(d)(2)(K)(ii)(b), 14.11(d)(2)(K)(iii)(c), and 14.11(d)(2)(K)(iv)(c).

⁶ Specifically, the Exchange proposes to correct references to “currency futures” to clarify that both currency and futures are part of a list.

securities exchange of securities based on certain Indexes.¹⁰ Further, Index Fund Shares, Managed Fund Shares, Exchange-Traded Fund Shares, Linked Securities or securities defined in Rule 14.11 based on the Indexes have been listed on national securities exchanges under generic listing criteria applicable to such securities. With respect to options on the Indexes, options on all of the Indexes are currently traded on U.S. options exchanges.

Finally, all Options-Linked Securities listed pursuant to Exchange Rule 14.11(d) would be included within the definition of securities as such terms are used in the Exchange's rules and, as such, are subject to Exchange rules and procedures that currently govern the trading of securities on the Exchange.

The Exchange believes that the proposed standards would continue to ensure transparency surrounding the listing process for Linked Securities. The Exchange also believes that the standards for listing and trading Options-Linked Securities are reasonably designed to promote a fair and orderly market for such securities. The proposed addition of Options

Reference Assets, as described above, would also work in conjunction with the initial and continued listing criteria related to surveillance procedures and trading guidelines for Linked Securities.

The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of Options-Linked Securities in all trading sessions and to deter and detect violations of Exchange Rules. The issuer of a series of Options-Linked Securities will be required to comply with Rule 10A-3 under the Act¹¹ for the initial and continued listing of Linked Securities, as provided in Exchange Rule 14.11(d)(2)(A)-(G). The Exchange notes that the proposed change is not intended to amend any other component or requirement of Exchange Rule 14.11(d). With respect to options comprising the Options Reference Asset, the pricing information for components of the Options Reference Asset must be derived from a market which is an ISG member or affiliate or with which the Exchange has a comprehensive surveillance sharing agreement.

Quotation and last sale information for Options-Linked Securities, Index Fund Shares, Managed Fund Shares, Exchange-Traded Fund Shares, Linked Securities, and securities defined in Rule 14.11 are available via the Consolidated Tape Association (“CTA”) high speed line. Quotation and last sale information for such securities also will be available from the exchange on which they are listed. Quotation and last sale information for options on Index Fund Shares, Managed Fund Shares, Exchange-Traded Fund Shares, Linked Securities, securities defined in Rule 14.11 and the Indexes will be available via the Options Price Reporting Authority and major market data vendors. Information regarding values of the Indexes is available from major market data vendors.

¹¹ 17 CFR 240.10A-3.

The Exchange believes that the proposed rule change will provide investors with the ability to better diversify and hedge their portfolios using an exchange-listed security without having to trade directly in the underlying options contracts, and will facilitate the listing and trading of additional Linked Securities that will enhance competition among market participants, to the benefit of investors and the marketplace.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹² Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹³ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁴ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes its proposal to amend the definition of UTP Derivative Security, as provided in Rule 1.5(ee), to include Options-Linked Securities as such securities are a “new

¹⁴ Id.

derivative securities product” as defined in Rule 19b-4(e) under the Act, and, as proposed, would be permitted to trade on the Exchange.

With respect to equity securities underlying Options Reference Assets, the Exchange notes that Index Fund Shares, Managed Fund Shares, Exchange-Traded Fund Shares, Linked Securities and securities defined in Rule 14.11 are subject to Exchange initial and continued listing criteria under applicable Exchange rules as approved by the Commission. In addition, the Commission has approved or issued a notice of effectiveness to permit listing on a national securities exchange of securities based on certain Indexes.¹⁵ With respect to options on the Indexes, options on all of the Indexes are currently traded on U.S. options exchanges. All options included in an Options Reference Asset will be U.S. exchange-traded.

Any Options-Linked Securities would be required to meet the following initial listing criteria in proposed Rule 14.11(d)(2)(K)(v)(a): (1) the value of the Options Reference Asset must be calculated and widely disseminated by one or more major market data vendors on at least a 15-second basis during the Exchange’s regular market session; and (2) in the case of Options-Linked Securities that are periodically redeemable, the indicative value of the subject Options Linked Securities must be calculated and widely disseminated by the Exchange or one or more major market data vendors on at least a 15-second basis during the Exchange’s regular market session. Options-Linked Securities also will be subject to the continued listing criteria in proposed Rule 14.11(d)(2)(K)(v)(b) as described above. Finally, all Options-Linked Securities listed pursuant to Exchange Rule 14.11(d) would be included within the definition of “security” or “securities” as such terms are used in the Exchange’s rules and, as such, are subject to Exchange rules and procedures that currently govern the trading of securities on the Exchange.

¹⁵ Supra note 8.

The Exchange believes that the proposed standards would continue to ensure transparency surrounding the listing process for Linked Securities. The Exchange also believes that the standards for listing and trading Options-Linked Securities are reasonably designed to promote a fair and orderly market for such securities. The proposed addition of Options Reference Assets, as described above, would also work in conjunction with the initial and continued listing criteria related to surveillance procedures and trading guidelines for Linked Securities. The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of Options Linked Securities in all trading sessions and to deter and detect violations of Exchange rules. Trading in the securities may be halted under the conditions specified in Exchange Rule 14.11(d)(2)(H).

The Exchange believes that the proposed rule change will provide investors with the ability to better diversify and hedge their portfolios using an exchange listed security without having to trade directly in the underlying options contracts, and will facilitate the listing and trading of additional Linked Securities that will enhance competition among market participants, to the benefit of investors and the marketplace.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will facilitate the listing and trading of additional Linked Securities that will enhance competition among market participants, to the benefit of investors and the marketplace.

The Exchange neither solicited nor received comments on the proposed rule change.
