(B) Multi-Class ETF. The term “Multi-Class ETF” means a fund that is subject to the same relief and constraints as exchange-traded funds under Rule 6c-11 under the Investment Company Act of 1940 except that the security is issued by a trust that issues Multi-Class ETF Shares in addition to classes of shares of an open-end fund that are not exchange-traded.

(C) Reporting Authority. The term “Reporting Authority” in respect of a particular series of Multi-Class ETF Shares means the Exchange, an institution, or a reporting service designated by the Exchange or by the exchange that lists a

A series of Multi-Class ETF Shares may have more than one Reporting Authority, each having different functions.

If the investment adviser to the investment company issuing an actively managed series of Multi-Class ETF Shares is affiliated with a broker-dealer, such investment adviser shall erect and maintain a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such Multi-Class ETF’s portfolio; and

(iii) Any advisory committee, supervisory board, or similar entity that advises a Reporting Authority or that makes decisions on the composition, methodology, and related matters of an index underlying a series of Multi-Class ETF Shares, must implement and maintain, or be subject to, procedures designed to prevent the use and dissemination of material non-public information regarding the applicable index. For actively managed Multi-Class ETFs, personnel who make decisions on the portfolio composition must be

(b) if any of the other listing requirements set forth in this Rule 14.11(n) are not continuously maintained;

(c) if, following the initial twelve-month period after commencement of trading on the Exchange of a series of Multi-Class ETF Shares, there are fewer than 50 beneficial holders of the series of Multi-Class ETF Shares for 30 or more consecutive trading days; or

(d) if such other event shall occur or condition exists which, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable.

(ii) Termination. Upon termination of an investment company, the Exchange requires that Multi-Class ETF Shares issued in connection with such entity be removed from Exchange listing.

(5) Limitation of Exchange Liability. Neither the Exchange, the Reporting Authority, nor any agent of the Exchange shall have any liability for damages, claims, losses or expenses caused by any errors, omissions, or delays in calculating or disseminating any current index or portfolio value; the current value of the portfolio of securities required to be deposited to the open-end management investment company in connection with issuance of Multi-Class ETF Shares; the amount of any dividend equivalent payment or cash distribution to holders of Multi-Class ETF Shares; net asset value; or other information relating to the purchase, redemption, or trading of Multi-Class ETF Shares, resulting from any negligent act or omission by the Exchange, the Reporting Authority, or any agent of the Exchange, or any act, condition, or cause beyond the reasonable control of the Exchange, its agent, or the Reporting Authority, including, but not limited to, an act of God; fire; flood; extraordinary weather conditions; war; insurrection; riot; strike; accident; action of government; communications or power failure; equipment or software malfunction; or any error, omission, or delay in the reports of transactions in one or more underlying securities.
