Rule 11.11. Routing to Away Trading Centers

Unless the terms of the order direct the Exchange not to route such order away, if a Market Order or marketable Limit Order has not been executed in its entirety pursuant to 11.10(a)(4) above, the order shall be eligible for routing away pursuant to one or more of the routing options listed under paragraph (g) below.

(a) – (i) No change.

(j) Fractional Penny Executions on Away Trading Centers. The Exchange currently accepts and ranks orders priced below \$1.00 in \$0.0001 increments, in accordance with Rule 11.6(i). In order to process executions which occur in fractional pennies (i.e., \$0.00001 and finer) on away Trading Centers, the Exchange's routing broker will perform an adjustment to each fractional penny execution. For all buy executions received from an away Trading Center in fractional pennies, the routing broker will round down to the nearest \$0.0001. For all sell executions received from an away Trading Center in fractional pennies, the routing broker will round up to the nearest \$0.0001. For any buy execution received from an away Trading Center where rounding down would result in a price of \$0.0000, the routing broker will instead round up to the minimum price of \$0.0001.
