October 5, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on September 28, 2026, Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to sunset the Last Sale Feed at a later date to be announced via Exchange Notice. By way of background, the Last Sale Feed is a market data feed that disseminates execution information for equity orders entered into the Exchange's System. The Last Sale Feed is referenced in Rule 13.8(d) and has associated fees set forth in the Exchange's fee schedule. To facilitate sunseting this feed, the Exchange proposes to amend Rule 11.22(g) to remove the Last Sale Feed and to amend the fee schedule to remove all fees associated with the Last Sale Feed upon the implementation of this proposed change. Lastly, the Exchange also proposes to remove the reference to a complimentary Last Sale Feed offering when a subscriber takes in the EDGX Top Feed as the Exchange will no longer offer the Last Sale Feed.

The Exchange is not required to offer any market data feed, including the Last Sale Feed. The Exchange notes that all information disseminated via the Last Sale Feed is available through other Exchange market data feeds, including the EDGX Top and EDGX Depth Market Data Feeds, making the Last Sale Feed redundant. Given this redundancy, the Exchange has determined that continuing to maintain the Last Sale Feed is no longer warranted. For all market data feeds the Exchange offers, the Exchange must maintain and provide technical support for these optional

market data offerings. As such, the Exchange does not believe it is beneficial to continue expending resources to maintain a redundant product when the same information is readily accessible through alternative feeds. The Exchange will announce the specific sunset date via Exchange Notice within 90 days after the date this filing is submitted to the Commission.

The Exchange notes, however, that subscribers that currently receive the Last Sale Feed may wish to purchase an alternative data feed through the Exchange. More specifically, a subscriber may choose to purchase EDGX Top in lieu of the Last Sale Feed they previously received. For both Internal Distributors and External Distributors, there is a modest increase in the difference in fees between EDGX Top and Last Sale.<sup>3</sup> While there is an increase in price, the Exchange notes that the EDGX Top Feed also contains top of book quotations (a data point that the Last Sale Feed does not contain). As there is only a modest increase in fees for a subscriber that currently receives Last Sale and chooses to instead subscribe to EDGX Top, the Exchange believes the proposed rule change is reasonable.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>4</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>5</sup> requirements

<sup>3</sup> For Internal Distribution, the Distribution Fee is \$750/month for EDGX Top in comparison to \$500/month for Last Sale and the Professional User Fee for EDGX Top is \$4/month in comparison to \$0/month for Last Sale. However, the Non-Professional User Fee is the same (\$0/month) for both. Furthermore, for External Distribution, the Distribution Fee is \$2,250/month for EDGX Top in comparison to \$1,500 for Last Sale. However, the following fees are the same for both feeds: Professional User Fee: \$4.00/month; Non-Professional User Fee: \$0.10/month; Enterprise Fee: \$15,000/month and Digital Media Enterprise Fee: \$2,500/month. that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change is consistent with Section 6(b)(5) of the Act because it removes an impediment to and perfects the mechanism of a free and open market and a national market system by eliminating a redundant market data product while preserving access to all execution information disseminated by that product through alternative feeds, such as EDGX Top and EDGX Depth Market Data Feeds. As noted above, all information currently provided via the Last Sale Feed remains fully available through these alternative feeds, and the Exchange has determined that continuing to maintain a redundant product is no longer warranted. Because the Last Sale Feed is not required to be offered and no data that is not otherwise available will be removed, the proposal will not disadvantage any market participant or impair the protection of investors or the public interest. The proposal applies equally to all market participants and is not designed to permit unfair discrimination among customers, issuers, brokers, or dealers. In addition, sunseting the Last Sale Feed will reduce the operational burden associated with maintaining this product, allowing the Exchange to focus its resources on other market data products.

<sup>6</sup> Id.

The Exchange also believes the proposed rule change is consistent with Section 6(b)(4) of the Act,<sup>7</sup> which requires that Exchange rules provide for the equitable allocation of reasonable dues, fees, and other charges among its Members and other persons using its facilities. Removing the Last Sale Feed and its associated fees provides for the equitable allocation of reasonable dues, fees, and other charges because the Exchange will not charge for a product it no longer offers, and all similarly situated market participants are affected equally. By removing the fees associated with the Last Sale Feed from its fee schedule (on the effective date of removal), the Exchange provides clarity to participants on what market data feeds are available for purchase.

**B. Self-Regulatory Organization's Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposal will discontinue a redundant Exchange market data product, apply equally to all market participants, and leave the underlying execution information available through other Exchange market data feeds. Accordingly, the proposal does not impose an unnecessary or inappropriate burden on competition.

The proposal is a discontinuation of a redundant Exchange product and does not burden competition among exchanges. It does not restrict any other exchange from offering its own market data products, and other exchanges remain free to offer their own data products on the terms they determine.

**C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

The Exchange neither solicited nor received comments on the proposed rule change.
