414. Exchange of Contract for Related Position

(a) A bona *fide* Exchange of Contract for Related Position may be entered into with respect to any Contract designated by the Exchange and in accordance with the applicable trading increments set forth in the rules governing such Contract, at a price mutually agreed upon by the parties to such transaction. Each Exchange of Contract for Related Position must contain the following three essential elements:

(i) A transaction in a Contract that is listed on the Exchange and a transaction in a related position or an option on the related position (known as the "Related Position");

(ii) An exchange of Contract for the Related Position that involves an actual transfer of ownership, which must include (x) possession, right of possession, or right to future possession of each leg prior to the exchange, (y) an ability to perform the Exchange of Contract for Related Position, and (z) a transfer of title of the Contract and Related Position upon consummation of the exchange; and

(iii) Separate parties, such that the accounts involved on each side of the Exchange of Contract for Related Position have different beneficial ownership or are under separate control, provided that separate profit centers of a futures commission merchant operating under separate control are deemed to be separate parties for purposes of this Rule 414.

(b) For purposes of this Rule 414, the term "Related Position" shall include, but not be limited to, a security, an option, a Contract, any commodity as that term is defined by the CEA, or a group or basket of any of the foregoing. The Related Position being exchanged need not be the same as the underlying of the Contract transaction being exchanged, but the Related Position must have a high degree of price correlation to the underlying of the Contract transaction so that the Contract transaction would serve as an

appropriate hedge for the Related Position.

(c) In every Exchange of Contract for Related Position, one party must be the buyer of the Related Position and the seller of the corresponding Contract and the other party must be the seller of the Related Position and the buyer of the corresponding Contract. Further, the quantity of the Related Position traded in an Exchange of Contract for Related Position must correlate to the quantity represented by the Contract portion of the transaction.

(d) Exchange of Contract for Related Position transactions with respect to any Contract may occur during and outside of the Trading Hours set forth in the rules governing such Contract, unless otherwise specified in those rules. Each party to an Exchange of Contract for Related Position shall comply with all applicable Rules of the Exchange other than those which by their terms only apply to trading through the CBOE System.

(e) Each Exchange of Contract for Related Position shall be designated as such, and cleared through the Clearing Corporation as if it were a transaction executed through the CBOE System.

(f) Every Trading Privilege Holder handling, executing, clearing or carrying Exchange of Contract for Related Position transactions or positions shall identify and mark as such by appropriate symbol or designation all Exchange of Contract for Related Position transactions or positions and all orders, records and memoranda pertaining thereto.

(g) Each Trading Privilege Holder involved in any Exchange of Contract for Related Position shall either maintain records evidencing compliance with the criteria set forth in this Rule 414 or be able to obtain such records from its Customer involved in the Exchange of Contract for Related Position. Such records shall include, without limitation, documentation relating to the Related Position portion of the Exchange of Contract for Related Position transaction, including those documents customarily generated in accordance with Related Position market practices which demonstrate the existence and nature of the Related Position portion of the transaction. Upon request by the Exchange and within the time frame designated by the Exchange, any such Trading Privilege Holder shall produce satisfactory evidence that an Exchange of Contract for Related Position transaction meets the requirements set forth in this Rule 414.

(h) [(g)] Each Trading Privilege Holder executing an Exchange of Contract for Related Position transaction must have at least one designated Person that is either a Trading Privilege Holder or a Related Party of a Trading Privilege Holder and is pre-authorized by a Clearing Member to report Exchange of Contract for Related Position transactions on behalf of the Trading Privilege Holder ("Authorized Reporter"). When an entity designated as an Authorized Reporter reports an Exchange of Contract for Related

Position transaction, the report must be made by one Related Party of that entity respecting that specific transaction. Only an Authorized Reporter of a Trading Privilege Holder will be allowed to report an Exchange of Contract for Related Position transaction on behalf of that Trading Privilege Holder. A Clearing Member that authorizes an Authorized Reporter to report Exchange of Contract for Related Position transactions on behalf of a Trading Privilege Holder accepts responsibility for all such transactions reported to the Exchange by that Authorized Reporter on behalf of the Trading Privilege Holder. Any designation of an Authorized Reporter or revocation of a previous designation of an Authorized Reporter, including any termination of the guarantee provided for in the preceding sentence, must be made in a form and manner prescribed by the Exchange and shall become effective as soon as the Exchange is able to process the designation or revocation.

(i) [(h)] Each party to an Exchange of Contract for Related Position transaction is obligated to have an Authorized Reporter call the Help Desk after the transaction is agreed upon to notify the Exchange of the terms of the transaction. For this purpose, agreement to the transaction includes, without limitation, agreement to the actual price or premium of the Contract leg of the transaction (except in the case of a TAS Exchange of Contract for Related Position transaction that is permitted by the rules governing the relevant Contract, in which case agreement to the transaction includes, without limitation, agreement upon whether the price or premium of the Contract leg of the transaction will be the daily settlement price or an agreed upon differential above or below the daily settlement price). Unless otherwise specified in the rules governing the relevant Contract,

(i) if the transaction is agreed upon between the time that Trading Hours commence in the relevant Contract and 3:15 p.m. Chicago time, this notification to the Help Desk shall be made without delay and by no later than ten minutes after the transaction is agreed upon (in which event the Help Desk will report the transaction and provide a written transaction summary on that day pursuant to paragraph ([j]k) below);

(ii) if the transaction is agreed upon between 3:15 p.m. Chicago time and 3:25 p.m. Chicago time, this notification to the Help Desk shall be made either

(A) on the day the transaction is agreed upon by no later than 3:25 p.m. Chicago time (in which event the Help Desk will report the transaction and provide a written transaction summary on that day pursuant to paragraph ([j]k) below) or

(B) on the following Business Day by no later than ten minutes from the time that Trading Hours commence in the relevant Contract (in which event the Help Desk will report the

transaction and provide a written transaction summary on that Business Day pursuant to paragraph ([j]k) below); and

(iii) if the transaction is agreed upon after 3:25 p.m. Chicago time and prior to the time that Trading Hours commence in the relevant Contract on the following Business Day, this notification to the Help Desk shall be made on that following Business Day by no later than ten minutes from the time that Trading Hours commence in the relevant Contract (in which event the Help Desk will report the transaction and provide a written transaction summary on that Business Day pursuant to paragraph ([j]k) below).

(j) [(i)] The notification to the Help Desk of an Exchange of Contract for Related Position transaction shall include (i) the identity, contract month, price or premium, quantity, and time of execution of the relevant Contract leg (i.e., the time the parties agreed to the Exchange of Contract for Related Position transaction), (ii) the counterparty Clearing Member, (iii) the identity, quantity and price of the Related Position, and (iv) any other information required by the Exchange. After the notification of an Exchange of Contract for Related Position transaction has been provided to the Help Desk, the Exchange of Contract for Related Position transaction may not be changed and the Exchange of Contract for Related Position transaction may not be cancelled (provided, however, that corrections to any inaccuracies in the transaction summary of the Exchange of Contract for Related Position transaction provided by the Help Desk may be made as provided in paragraph ([j]k) below).

(k) [(j)] The Help Desk will report the Contract leg of the transaction to the CBOE System and provide a written transaction summary to the Authorized Reporters that reported the transaction to the Help Desk on behalf of each party to the transaction. The transaction summary will include the transaction information reported to the Help Desk by the Authorized Reporters and any other relevant information included by the Help Desk. The Authorized Reporters and the parties to the transaction shall have thirty minutes from the time the Help Desk transmits the transaction summary to Authorized Reporters to notify the Help Desk of any inaccuracies in the content of the transaction summary and of the corrections to any inaccurate information. It is the responsibility of the buying and selling parties to effect any subsequent allocations or necessary updates to non-critical matching fields utilizing a post-trade processing system designated by the Exchange.

(l) [(k)] The Help Desk may review an Exchange of Contract for Related Position transaction for compliance with the requirements of this Rule and may determine not to permit the Exchange of Contract for Related Position transaction to be consummated, or may bust an Exchange of Contract for Related Position transaction for which the Contract leg has been posted or

for which the Help Desk has transmitted a transaction summary, if the Help Desk determines that the Exchange of Contract for Related Position transaction does not conform with those requirements.

(m) [(l)] The posting of the Contract leg of an Exchange of Contract for Related Position transaction by the Help Desk or the transmission by the Help Desk of a transaction summary for the transaction does not constitute a determination by the Exchange that the Exchange of Contract for Related Position transaction was effected in conformity with the requirements of this Rule. An Exchange of Contract for Related Position transaction for which the Contract leg is posted by the Help Desk or for which the Help Desk has transmitted a transaction summary that does not conform to the requirements of this Rule shall be processed and given effect if it is not busted, but will be subject to appropriate disciplinary action in accordance with the Rules of the Exchange.

(n) [(m)] Any Exchange of Contract for Related Position transaction in violation of the requirements of this Rule shall constitute conduct which is inconsistent with just and equitable principles of trade.

415. Block Trading

(a) If and to the extent permitted by the rules governing the applicable Contract, Trading Privilege Holders may enter into transactions outside the CBOE System, at prices mutually agreed, provided all of the following conditions are satisfied (such transactions, "Block Trades"):

(i) Each buy or sell order underlying a Block Trade must (A) state explicitly that it is to be, or may be, executed by means of a Block Trade and (B) be for at least such minimum number of Contracts as will from time to time be specified by the Exchange; *provided* that only (x) a commodity trading advisor registered under the CEA, (y) an investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation under the CEA and Commission Regulations thereunder and (z) any Person authorized to perform functions similar or equivalent to those of a commodity trading advisor in any jurisdiction outside the United States of America, in each case with total assets under management exceeding US$25 million, may satisfy this requirement by aggregating orders for different accounts that are under management or control by such commodity trading advisor, investment adviser, or other Person. Other than as provided in the foregoing sentence, orders for different accounts may not be aggregated to satisfy Block Trade size requirements. For purposes of this Rule, if the Block Trade is executed as a spread order (as defined in Rule 404(g)) or as a strip (*i.e.*, a transaction with legs in multiple contract months that are exclusively for the purchase or

exclusively for the sale of a Contract), the total quantity of the transaction and the quantity of each leg of the transaction must meet any designated minimum sizes applicable to those types of transactions that are set forth in the rules governing the relevant Contract.

(ii) Each party to a Block Trade must qualify as an "eligible contract participant" (as such term is defined in Section 1a(12) of the CEA); *provided* that, if the Block Trade is entered into on behalf of Customers by (A) a commodity trading advisor registered under the Act, (B) an investment adviser registered as such with the Securities and Exchange Commission that is exempt from regulation under the Act and Commission Regulations thereunder or (C) any Person authorized to perform functions similar or equivalent to those of a commodity trading advisor in any jurisdiction outside the United States of America, in each case with total assets under management exceeding US$25 million, then only such commodity trading advisor or investment adviser, as the case may be, but not the individual Customers, need to so qualify.

(b) The price at which a Block Trade is executed must be "fair and reasonable" in light of (i) the size of the Block Trade; (ii) the prices and sizes, at the relevant time, of orders in the order book for the same Contract, the same contract on other markets and similar or related contracts on the Exchange and other markets, including without limitation the underlying cash and futures markets; (iii) the prices and sizes, at the relevant time, of transactions in the same Contract, the same contract on other markets and similar or related contracts on the Exchange and other markets, including without limitation the underlying cash and futures markets; (iv) the circumstances of the parties to the Block Trade; and (v) whether the Block Trade is executed as a spread order or as a strip.

The following guidelines shall apply in determining whether the execution price of a Block Trade that is not executed as a spread order or as a strip is "fair and reasonable." These guidelines are general and may not be applicable in each instance. Whether the execution price of a Block Trade is "fair and reasonable" depends upon the particular facts and circumstances.

In the event the quantity present in the order book is greater or equal to the quantity needed to fill an order of the size of the Block Trade, it would generally be expected that the Block Trade price would be better than the price present in the order book. In the event the quantity present in the order book is less than the quantity needed to fill an order of the size of the Block Trade, it would generally be expected that the Block Trade price would be relatively close to the price present in the order book and that the amount of the differential between the two prices would be smaller to the extent that the differential between the quantity present in the order book and the Block

Trade quantity is smaller.

(c) Block Trades with respect to any Contract may occur during and outside of the Trading Hours set forth in the rules governing such Contract, unless otherwise specified in those rules. Each party to a Block Trade shall comply with all applicable Rules of the Exchange other than those which by their terms only apply to trading through the CBOE System.

(d) Each Block Trade shall be designated as such, and cleared through the Clearing Corporation as if it were a transaction executed through the CBOE System. The Exchange will publicize information identifying the trade as a Block Trade and identifying the relevant Contract, contract month, price or premium, quantity for each Block Trade and, if applicable, the underlying commodity, whether the transaction involved a put or a call and the strike price immediately after such information has been reported to the Exchange.

(e) Each Trading Privilege Holder that is party to a Block Trade shall record the following details on its order ticket: the Contract (including the delivery or expiry month) to which such Block Trade relates; the number of Contracts traded; the price of execution or premium; the time of execution (i.e., the time the parties agreed to the Block Trade); the identity of the counterparty; that the transaction is a Block Trade; and, if applicable, details regarding the Customer for which the Block Trade was executed, the underlying commodity, whether the transaction involved a put or a call and the strike price. Every Trading Privilege Holder handling, executing, clearing or carrying Block Trades or positions shall identify and mark as such by appropriate symbol or designation all Block Trades or positions and all orders, records and memoranda pertaining thereto. Upon request by the Exchange and within the time frame designated by the Exchange, such Trading Privilege Holder shall produce satisfactory evidence, including the order ticket referred to in the preceding sentence, that the Block Trade meets the requirements set forth in this Rule 415.

(f) Each Trading Privilege Holder executing a side of a Block Trade must have at least one designated Person that is either a Trading Privilege Holder or a Related Party of a Trading Privilege Holder and is pre-authorized by a Clearing Member to report Block Trades on behalf of the Trading Privilege Holder ("Authorized Reporter"). If an entity designated as an Authorized Reporter reports a Block Trade, the report must be made by a Related Party of that entity. Only an Authorized Reporter of a Trading Privilege Holder will be allowed to report a Block Trade on behalf of that Trading Privilege Holder. A Clearing Member that authorizes an Authorized Reporter to report Block Trades on behalf of a Trading Privilege Holder accepts responsibility for all such transactions reported to the Exchange by that Authorized Reporter on behalf of the Trading Privilege Holder. Any designation of an Authorized Reporter or revocation of a previous designation of an Authorized Reporter, including any termination of the guarantee provided for in the preceding

sentence, must be made in a form and manner prescribed by the Exchange and shall become effective as soon as the Exchange is able to process the designation or revocation.

(g) Each party to a Block Trade is obligated to have an Authorized Reporter call the Help Desk after the transaction is agreed upon to notify the Exchange of the terms of the transaction. For this purpose, agreement to the transaction includes, without limitation, agreement to the actual price or premium of the Block Trade (except in the case of a TAS Block Trade that is permitted by the rules governing the relevant Contract, in which case agreement to the transaction includes, without limitation, agreement upon whether the price or premium of the Block Trade will be the daily settlement price or an agreed upon differential above or below the daily settlement price). Unless otherwise specified in the rules governing the relevant Contract,

(i) if the transaction is agreed upon between the time that Trading Hours commence in the relevant Contract and 3:15 p.m. Chicago time, this notification to the Help Desk shall be made without delay and by no later than ten minutes after the transaction is agreed upon (in which event the Help Desk will report the transaction and provide a written transaction summary on that day pursuant to paragraph (i) below);

(ii) if the transaction is agreed upon between 3:15 p.m. Chicago time and 3:25 p.m. Chicago time, this notification to the Help Desk shall be made either

(A) on the day the transaction is agreed upon by no later than 3:25 p.m. Chicago time (in which event the Help Desk will report the transaction and provide a written transaction summary on that day pursuant to paragraph (i) below) or

(B) on the following Business Day by no later than ten minutes from the time that Trading Hours commence in the relevant Contract (in which event the Help Desk will report the transaction and provide a written transaction summary on that Business Day pursuant to paragraph (i) below); and

(iii) if the transaction is agreed upon after 3:25 p.m. Chicago time and prior to the time that Trading Hours commence in the relevant Contract on the following Business Day, this notification to the Help Desk shall be made on that following Business Day by no later than ten minutes from the time that [regular] Trading Hours commence in the relevant Contract (in which event the Help Desk will report the transaction and provide a written transaction summary on that Business Day pursuant to paragraph (i) below).

(h) The notification to the Help Desk with respect to a Block Trade shall include the relevant Contract, contract month, price or premium, quantity, time of execution (i.e., the time the parties agreed to the Block Trade), counterparty Clearing Member and, if applicable, the underlying commodity, whether the transaction involved a put or a call and the strike price, and any other information that is required by the Exchange. After the notification of a Block Trade has been provided to the Help Desk, the terms of the Block Trade may not be changed and the Block Trade may not be cancelled (provided, however, that corrections to any inaccuracies in the transaction summary of the Block Trade provided by the Help Desk may be made as provided in paragraph (i) below).

(i) The Help Desk will report both sides of the Block Trade to the CBOE System and provide a written transaction summary to the Authorized Reporters that reported the Block Trade to the Help Desk on behalf of each party to the Block Trade. The transaction summary will include the trade information reported to the Help Desk by the Authorized Reporters and any other relevant information included by the Help Desk. The Authorized Reporters and the parties to the Block Trade shall have thirty minutes from the time the Help Desk transmits the transaction summary to Authorized Reporters to notify the Help Desk of any inaccuracies in the content of the transaction summary and of the corrections to any inaccurate information. It is the responsibility of the buying and selling Trading Privilege Holders to effect any subsequent allocations or necessary updates to non-critical matching fields utilizing a post-trade processing system designated by the Exchange.

(j) A Trading Privilege Holder may execute an Order placed for a non-discretionary Customer account by means of a Block Trade only if the Customer has previously consented thereto. This consent may be obtained on either a trade-by-trade basis or for all such Orders.

(k) The Help Desk may review a Block Trade for compliance with the requirements of this Rule and may determine not to permit the Block Trade to be consummated, or may bust a Block Trade that has been posted or for which the Help Desk has transmitted a transaction summary, if the Help Desk determines that the Block Trade does not conform with those requirements.

(l) The posting of a Block Trade by the Help Desk or the transmission by the Help Desk of a transaction summary for a Block Trade does not constitute a determination by the Exchange that the Block Trade was effected in conformity with the requirements of this Rule. A Block Trade that is posted by the Help Desk or for which the Help Desk has transmitted a transaction summary that does not conform to the requirements of this Rule shall be processed and given effect if it is not busted but will be subject to appropriate disciplinary action in accordance with the Rules of the Exchange.

(m) Any Block Trade in violation of the requirements of this Rule shall constitute conduct which is inconsistent with just and equitable principles of trade.

417A. Market-Wide Trading Halts Due to Extraordinary Market Volatility

(a) The Exchange will halt trading in all Contracts and shall not reopen for the time periods specified in this Rule if there is a Level 1, 2 or 3 Market Decline.

(b) For purposes of this Rule:

(i) A "Market Decline" means a decline in price of the S&P 500 Index between 8:30 a.m. and 3:00 p.m. (all times are CT) on a trading day as compared to the closing price of the S&P 500 Index for the immediately preceding trading day. The Level 1, Level 2 and Level 3 Market Declines that will be applicable for the trading day will be the levels publicly disseminated by securities information processors.

(ii) A "Level 1 Market Decline" means a Market Decline of 7%.

(iii) A "Level 2 Market Decline" means a Market Decline of 13%.

(iv) A "Level 3 Market Decline" means a Market Decline of 20%.

(b) Halts in Trading:

(i) If a Level 1 or Level 2 Market Decline occurs after 8:30 a.m. and up to and including 2:25 p.m. or, in the case of an early scheduled close, 11:25 a.m., the Exchange shall halt trading in all Contracts for 15 minutes after a Level 1 or Level 2 Market Decline. The Exchange shall halt trading based on a Level 1 or Level 2 Market Decline only once per trading day. The Exchange will not halt trading if a Level 1 or Level 2 Market Decline occurs after 2:25 p.m. or, in the case of an early scheduled close, 11:25 a.m.

(ii) If a Level 3 Market Decline occurs at any time during the trading day, the Exchange shall halt trading in all Contracts until the next trading day.

(c) If a circuit breaker is initiated in all Contracts due to a Level 1 or

Level 2 Market Decline, the Exchange may resume trading in each Contract anytime after the 15-minute halt period.

(d) This Rule shall become effective on February 4, 2013.

(e) Nothing in this Rule shall be construed to limit the ability of the Exchange to halt or suspend trading in any Contract pursuant to any other Exchange rule or policy.

418. Emergencies

(a) – (c) No change.

(d) Notification and Recording. The Exchange will [telephonically] notify the Commission of: (i) any rule placed into effect pursuant to paragraph (a) above as soon as practicable after the decision is made to implement the rule and (ii) any action taken in response to an Emergency or Physical Emergency pursuant to paragraphs (a) or (b) above (other than the declaration of a fast market in a Contract) as soon as practicable after the action is taken. The Exchange will submit to the Commission any rule placed into effect pursuant to paragraph (a) above, and information on all regulatory actions carried out by the Exchange pursuant to this Rule 418, in accordance with Commission Regulation § 40.6. The decision-making process with respect to, and the reasons for, any action taken pursuant to this Rule 418 will be recorded in writing.

(e) No change.

Such books and records shall include, without limitation, records of the activity, positions and transactions of each Trading Privilege Holder and Clearing Member in the underlying commodity or reference market and related derivatives markets in relation to a Contract. Such books and records shall be made available to the Exchange upon request in a form and manner prescribed by the Exchange and within the time frame designated by the Exchange.

(b) With respect to each order, bid, offer or other message transmitted to the CBOE System by an Authorized Trader of a Trading Privilege Holder, the

Trading Privilege Holder shall keep a record of which Authorized Trader of the Trading Privilege Holder caused that order, bid, offer or other message to be transmitted to the CBOE System.

(c) If a Contract listed on the Exchange is settled by reference to the price of a contract or commodity traded in another venue, including a price or index derived from prices on another designated contract market, Trading Privilege Holders shall make available to the Exchange upon request in a form and manner prescribed by the Exchange and within the time frame designated by the Exchange information and their books and records regarding their activities in the reference market.

(b) *General terms and conditions.* A futures commission merchant or a derivatives clearing organization is required to manage the permitted investments consistent with the objectives of preserving principal and maintaining liquidity and according to the following specific requirements:

(B) For purposes of this paragraph, the following definitions shall apply:

(*1*) The term *adjustable rate security* means, a floating rate security, a variable rate security, or both.

(*2*) The term *floating rate security* means a security, the terms of which provide for the adjustment of its interest rate whenever a specified interest rate changes and that, at any time until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have market value that approximates its amortized cost.

(*3*) The term *variable rate security* means a security, the terms of which provide for the adjustment of its interest rate on set dates (such as the last day of a month or calendar quarter) and that, upon each adjustment until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have a market value that approximates its amortized cost.

(v) Certificates of deposit must be redeemable at the issuing bank within one business day, with any penalty for early withdrawal limited to any accrued interest earned according to its written terms.

(D) For any period as the Securities and Exchange Commission may by order permit for the protection of security holders of the company;

(E) For any period during which the Securities and Exchange Commission has, by rule or regulation, deemed that:

(d) *Repurchase and reverse repurchase agreements.* A futures commission merchant or derivatives clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (vii) of this section pursuant to agreements for resale or repurchase of the securities (agreements to repurchase or resell), provided the agreements to repurchase or resell conform to the following requirements:

(1) The securities are specifically identified by coupon rate, par amount, market value, maturity date, and CUSIP or ISIN number.

(2) Permitted counterparties are limited to a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation, a securities broker or dealer, or a government securities broker or government securities dealer registered with the Securities and Exchange Commission or which has filed notice pursuant to section 15C(a) of the Government Securities Act of 1986.

(3) A futures commission merchant or derivatives clearing organization shall not enter into an agreement to repurchase or resell with a counterparty that is an affiliate of the futures commission merchant or derivatives clearing organization, respectively. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

(4) The transaction is executed in compliance with the concentration limit requirements applicable to the securities transferred to the customer segregated custodial account in connection with the agreements to repurchase referred to in paragraphs (b)(3)(iii)(A) and (B) of this section.

(5) The transaction is made pursuant to a written agreement signed by the parties to the agreement, which is consistent with the conditions set forth in paragraphs (d)(1) through (13) of this section and which states that the parties thereto intend the transaction to be treated as a purchase and sale of securities.

(6) The term of the agreement is no more than one business day, or reversal of the transaction is possible on demand.

(7) Securities transferred to the futures commission merchant or derivatives clearing organization under the agreement are held in a safekeeping account with a bank as referred to in paragraph (d)(2) of this section, a derivatives clearing organization, or the Depository Trust Company in an account

that complies with the requirements of §1.26.

(8) The futures commission merchant or the derivatives clearing organization may not use securities received under the agreement in another similar transaction and may not otherwise hypothecate or pledge such securities, except securities may be pledged on behalf of customers at another futures commission merchant or derivatives clearing organization. Substitution of securities is allowed, *provided, however,* that:

(9) The transfer of securities to the customer segregated custodial account is made on a delivery versus payment basis in immediately available funds. The transfer of funds to the customer segregated cash account is made on a payment versus delivery basis. The transfer is not recognized as accomplished until the funds and/or securities are actually received by the custodian of the futures commission merchant's or derivatives clearing organization's customer funds or securities purchased on behalf of customers. The transfer or credit of securities covered by the agreement to the futures commission merchant's or derivatives clearing organization's customer segregated custodial account is made simultaneously with the disbursement of funds from the futures commission merchant's or derivatives clearing organization's customer segregated cash account at the custodian bank. On the sale or resale of securities, the futures commission merchant's or derivatives clearing organization's customer segregated cash account at the custodian bank must receive same-day funds credited to such segregated account simultaneously with the delivery or transfer of securities from the customer segregated custodial account.

(10) A written confirmation to the futures commission merchant or derivatives clearing organization specifying the terms of the agreement and a safekeeping receipt are issued immediately upon entering into the transaction and a confirmation to the futures commission merchant or derivatives clearing organization is issued once the transaction is reversed.

(11) The transactions effecting the agreement are recorded in the record required to be maintained under §1.27 of investments of customer funds, and the securities subject to such transactions are specifically identified in such record as described in paragraph (d)(1) of this section and further identified in such record as being subject to repurchase and reverse repurchase agreements.

(12) An actual transfer of securities to the customer segregated custodial account by book entry is made consistent with Federal or State commercial law, as applicable. At all times, securities received subject to an agreement are reflected as "customer property."

(13) The agreement makes clear that, in the event of the bankruptcy of the futures commission merchant or derivatives clearing organization, any securities purchased with customer funds that are subject to an agreement may be immediately transferred. The agreement also makes clear that, in the event of a futures commission merchant or derivatives clearing organization bankruptcy, the counterparty has no right to compel liquidation of securities subject to an agreement or to make a priority claim for the difference between current market value of the securities and the price agreed upon for resale of the securities to the counterparty, if the former exceeds the latter.

(e) *Deposit of firm-owned securities into segregation.* A futures commission merchant shall not be

prohibited from directly depositing unencumbered securities of the type specified in this section, which it owns for its own account, into a segregated safekeeping account or from transferring any such securities from a segregated account to its own account, up to the extent of its residual financial interest in customers' segregated funds; *provided, however,* that such investments, transfers of securities, and disposition of proceeds from the sale or maturity of such securities are recorded in the record of investments required to be maintained by §1.27. All such securities may be segregated in safekeeping only with a bank, trust company, derivatives clearing organization, or other registered futures commission merchant. Furthermore, for purposes of §§1.25, 1.26, 1.27, 1.28, and 1.29, investments permitted by §1.25 that are owned by the futures commission merchant and deposited into such a segregated account shall be considered customer funds until such investments are withdrawn from segregation.

535. Compliance with Commission Regulation 1.32 - Segregated Account; Daily Computation and Record

Any Trading Privilege Holder subject to Commission Regulation 1.32 that violates Commission Regulation 1.32 shall be deemed to have violated this Rule 535. Commission Regulation 1.32 is set forth below and incorporated into this Rule 535.

Commission Regulation 1.32 - Segregated account; daily computation and record.

(a) Each futures commission merchant must compute as of the close of each business day, on a currency-by-currency basis:

(1) The total amount of customer funds on deposit in segregated accounts on behalf of commodity

and option customers;

(2) the amount of such customer funds required by the Act and these regulations to be on deposit in segregated accounts on behalf of such commodity and option customers; and

(3) the amount of the futures commission merchant's residual interest in such customer funds.

(b) In computing the amount of funds required to be in segregated accounts, a futures commission merchant may offset any net deficit in a particular customer's account against the current market value of readily marketable securities, less applicable percentage deductions (*i.e.,* "securities haircuts") as set forth in Rule 15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 241.15c3–1(c)(2)(vi)), held for the same customer's account. The futures commission merchant must maintain a security interest in the securities, including a written authorization to liquidate the securities at the futures commission merchant's discretion, and must segregate the securities in a safekeeping account with a bank, trust company, clearing organization of a contract market, or another futures commission merchant. For purposes of this section, a security will be considered readily marketable if it is traded on a "ready market" as defined in Rule 15c3–1(c)(11)(i) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(11)(i)).

(c) The daily computations required by this section must be completed by the futures commission merchant prior to noon on the next business day and must be kept, together with all supporting data, in accordance with the requirements of §1.31.

In the event any futures commission merchant deposits with the clearing organization of a contract market, directly or with a bank or trust company acting as custodian for such clearing organization, securities and/or property which belong to a particular customer or option customer, such futures commission merchant shall obtain written acknowledgment from such clearing organization that it was informed that such securities or property belong to customers or option customers of the futures commission merchant making the deposit. Such acknowledgment shall be retained as provided in §1.31.

(b) Each clearing organization of a contract market which receives from members securities or

property belonging to particular customers or option customers of such members in lieu of money to margin, purchase, guarantee, or secure the commodity or commodity option transactions of such customers or option customers, or receives notice that any such securities or property have been received by a bank or trust company acting as custodian for such clearing organization, shall maintain, as provided in §1.31, a record which will show separately for each member, the dates when such securities or property were received, the identity of the depositories or other places where such securities or property are segregated, the dates such securities or property were returned to the member, or otherwise disposed of, together with the facts and circumstances of such other disposition including the authorization therefor.

611. Trading Against Customers' Orders

No Trading Privilege Holder (including its Related Parties) shall enter into a transaction on behalf of a Customer in which such Trading Privilege Holder or Related Party or any Person trading for an account in which such Trading Privilege Holder or Related Party has a financial interest, intentionally assumes the opposite side of the transaction. The foregoing restriction shall not prohibit pre-execution discussions conducted in accordance with procedures established by the Exchange from time to time, and shall not apply to any Exchange of Contract for Related Position, any Block Trade or any facilitation crossing transaction meeting all of the following criteria (or such other criteria as may be established by the Exchange from time to time):

(a) the Customer has previously consented in writing to such transactions and such consent has not been revoked prior to the applicable transaction;

(b) if the Trading Privilege Holder desires to cross a Customer Order with an Order of the Trading Privilege Holder or Related Party and a bid and an offer for the relevant Contract are resting in the CBOE System, the Trading Privilege Holder may enter the Customer Order into the CBOE System and may immediately thereafter enter the opposing Order representing no more than 30% of the Customer Order's contract size (rounded up to the nearest whole contract);

(c) the Trading Privilege Holder or Related Party has waited for a period of three seconds after first entering the Order received from the Customer into the CBOE System before taking the opposite side of the transaction, or if the Trading Privilege Holder initially crossed 30% of the Customer Order as provided in Rule 611(b), the Trading Privilege Holder has waited for a period of three seconds after first entering the Customer Order into the CBOE System before entering an opposing Order for the remaining balance, if any, of the Customer Order;

(d) the Trading Privilege Holder maintains a record that clearly identifies, by appropriate descriptive words, all such transactions, including the time of execution, commodity, date, price, quantity and delivery month; and

(e) the Trading Privilege Holder provides a copy of the record referred to in clause (d) above to the Exchange upon request by the Exchange and within the time frame designated by the Exchange.

Because the Orders entered into the CBOE System pursuant to this Rule 611 are exposed to the market, there is no assurance that the Orders of the Trading Privilege Holder will be matched against the Customer Order.

616. Wash Trades

No Trading Privilege Holder nor any of its Related Parties shall place or accept buy and sell orders in the same Contract and expiration month, and, for a put or call option, the same strike price, where the Trading Privilege Holder or Related Party knows or reasonably should know that the purpose of the orders is to avoid taking a bona fide market position exposed to market risk (transactions commonly known or referred to as wash trades). Buy and sell orders for different accounts with common beneficial ownership that are entered with the intent to negate market risk or price competition shall also be deemed to violate the prohibition on wash trades. Additionally, no Trading Privilege Holder nor any of its Related Parties shall knowingly execute or accommodate the execution of such orders by direct or indirect means.

617. Money Passes

No Trading Privilege Holder nor any of its Related Parties shall prearrange the execution of transactions on the Exchange for the purpose of passing money between accounts. All transactions executed on the Exchange must be made in good faith for the purpose of executing bona fide transactions, and prearranged trades intended to effectuate a transfer of funds from one account to another are prohibited.

618. Accommodation Trading

No Trading Privilege Holder nor any of its Related Parties shall enter into non-competitive transactions on the Exchange for the purpose of assisting another Person to engage in transactions that are in violation of the Rules of the Exchange or Applicable Law.

619. Front-Running

620. Disruptive Practices

No Trading Privilege Holder nor any of its Related Parties shall engage in any trading, practice or conduct on the Exchange or subject to the Rules of the Exchange that:

(i) Violates bids or offers;

(ii) Demonstrates intentional or reckless disregard for the orderly execution of transactions during the closing period; or

(iii) Is, is of the character of, or is commonly known in the trade as "spoofing" (bidding or offering with the intent to cancel the bid or offer before execution).
