Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to Options Exercise Procedures

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act") and Rule 19b-4 thereunder, notice is hereby given that on June 17, 2014, Financial Industry Regulatory Authority, Inc. ("FINRA") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a "non-controversial" rule change under paragraph (f)(6) of Rule 19b-4 under the Act, which renders the proposal effective upon receipt of this filing by the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA Rule 2360(b)(23) regarding procedures for expiring standardized equity options to harmonize its rules with the rules of The Options Clearing Corporation ("OCC") and the options exchanges regarding the change to the expiration date for most standardized option contracts to the third Friday of the expiration month instead of the Saturday following the third Friday.

Below is the text of the proposed rule change. Proposed new language is underlined; proposed deletions are in brackets.

Unless waived by The Options Clearing Corporation, expiring standardized equity options are subject to the Exercise-by-Exception (“Ex-by-Ex”) procedure under The Options Clearing Corporation Rule 805. This Rule provides that, unless contrary instructions are given, standardized equity option contracts that are in-the-money by specified amounts shall be automatically exercised. In addition to The Options Clearing Corporation rules, the following FINRA requirements apply with respect to expiring
standardized equity options. Option holders desiring to exercise or not exercise expiring standardized equity options must either:

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV
FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Most option contracts (“Standard Expiration Contracts”) currently expire on the Saturday following the third Friday of the specified expiration month (“expiration date”). However, the OCC is streamlining its options expiration procedures to change the expiration date for most option contracts to the third Friday of the expiration month instead of the Saturday following the third Friday. The OCC rule change applies only to Standard Expiration Contracts expiring after February 1, 2015. After February 1, 2015, virtually all Standard Expiration Contracts will expire on Friday. In order to start the transition to Friday night expiration processing, the OCC began on June 21, 2013, to move the expiration exercise process to Friday for all Standard Expiration Contracts even though the contracts will continue to expire on Saturday.

The rules of the options exchanges and FINRA Rule 2360(b)(23) set forth special procedures that apply to the exercise of expiring options. The options exchanges have amended their rules

---

5 The only Standard Expiration Contracts that will expire on a Saturday after February 1, 2015 will be certain options that were listed prior to the effectiveness of the OCC rule change, and a limited number of options that may be listed prior to necessary systems’ changes of the options exchanges. The exchanges agreed that once these systems’ changes are made they will not open for trading any new series of options contracts with Saturday expiration dates falling after February 1, 2015.

6 See ISE Rule 1100; BOX Rule 9000; PHLX Rule 1042; NYSE Arca Options Rule 6.24; NYSE MKT Rule 980; CBOE Rule 11.1; BX Chapter VIII Section 1; NASDAQ Chapter VIII Section 1; BATS Rule 23.1; and MIAX Rule 700 (each an “options exchange”).

7 The provisions of FINRA Rule 2360(b)(23) apply only to members that are not also members of the exchange on which the standardized option is traded (so called “access”)
to remain consistent with the OCC amendments. Accordingly, FINRA proposes to similarly amend Rule 2360(b)(23) to address the OCC amendments.

Specifically, FINRA proposes to amend Rule 2360(b)(23)(A)(ii) to provide that special procedures apply to the exercise of standardized equity options on the business day of their expiration (i.e., for Friday expirations), or, in the case of standardized equity options expiring on a day that is not a business day, on the last business day before their expiration (as is currently the case for Saturday expirations).

8 The procedures provide that an option holder with an expiring standardized equity option may: (1) take no action and allow automatic exercise determinations to be made in accordance with the OCC exercise by exception (“Ex-by-Ex”) procedures (whereby an option will be automatically exercised if the option contract is in the money by a requisite amount) or (2) submit a Contrary Exercise Advice (“CEA”) (or Expiring Exercise Declaration (“EED”) as referenced in the OCC rules) to communicate an option holder’s intent not to exercise an option that would be automatically exercised under the OCC’s Ex-by-Ex procedures or to exercise an option that would not be automatically exercised under the OCC’s Ex-by-Ex procedures.

FINRA also proposes to amend Rule 2360(b)(23)(A)(iii) regarding the exercise cut-off time. Option holders have until 5:30 p.m. Eastern Time (“ET”) on the business day of expiration (i.e., for Friday expiration), or, in the case of a standardized equity option expiring on a day that is not a business day, on the business day immediately prior to the expiration date (as is currently the case for Saturday expirations) to make a final exercise decision to exercise or not exercise an expiring option.

Finally, FINRA proposes to amend Rule 2360(b)(23)(A)(viii) to specify in the event a national options exchange or the OCC provides advance notice on or before 5:30 p.m. ET on the business day immediately prior to the business day of expiration (i.e., Thursday for Friday expirations), or in the case of a standardized equity option expiring on a day that is not a business day, the business day immediately prior to the last business day before the expiration date (i.e., Thursday for Saturday expirations as is the case today), indicating that a modified time for the close of trading in standardized equity options on such business day of expiration (i.e., Friday for Friday expirations), or in the case of an standardized option expiring on a day that is not a business day, such last business day before expiration will occur (i.e., Friday for Saturday expirations), then the deadline for an option holder to make a final decision to exercise or not exercise an expiring option shall be 1 hour 30 minutes following the time announced for the close of trading on that day. FINRA believes that keeping its rules consistent with those of the industry will protect all market participants in the market by eliminating confusion.

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date will be 30 days after the date of filing, June 17, 2014.

10 The time of day for the exercise cut-off (i.e., 5:30 p.m. ET) is unchanged from the current requirements.
2. **Statutory Basis**

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,\(^\text{11}\) which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. FINRA believes that the proposed rule change will promote consistent regulation by harmonizing FINRA’s rules with those of the options exchanges as such rules have been amended to comply with recent amendments by OCC. FINRA believes that keeping its rules consistent with those of the industry will protect all participants in the market by eliminating confusion.

**B. Self-Regulatory Organization’s Statement on Burden on Competition**

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. FINRA believes that the proposed rule change will promote consistent regulation by harmonizing FINRA’s rules with those of the options exchanges and OCC and will apply equally to all members with expiring standardized equity options. FINRA does not believe that the proposed rule change will impose a burden on competition because it will be applied to all members equally. In addition, FINRA does not believe the proposed rule change will impose a burden on competition because it will be applied industry-wide, apply to all market participants and is designed to allow the OCC to streamline the expiration process.

**C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

Written comments were neither solicited nor received.
