Self-Regulatory Organizations; ICE Clear Credit LLC; Notice of Filing of Proposed Rule Change to Provide for the Clearance of An Additional Standard Emerging Market Sovereign Single Name

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder² notice is hereby given that on March 27, 2015, ICE Clear Credit LLC (“ICC”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared primarily by ICC. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear an additional credit default swap contract. Specifically, ICC is proposing to amend Subchapter 26D of its rules to provide for the clearance of an additional Standard Emerging Market Sovereign CDS contract (“SES Contract”), namely Ukraine.

ICC has been approved to clear twelve SES Contracts: the Federative Republic of Brazil, the United Mexican States, the Bolivarian Republic of Venezuela, the Argentine Republic, the Republic of Turkey, the Russian Federation, the Republic of Hungary, the Republic of South Africa, the Republic of Chile, the Republic of Peru, the Republic of Colombia, and the Republic

of Poland.³ The proposed changes to the ICC Rules would provide for the clearance of an additional SES Contract, specifically Ukraine.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICC included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICC has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of these statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The purpose of the proposed rule change is to adopt rules that will provide the basis for ICC to clear an additional credit default swap contract. ICC has been approved to clear twelve SES Contracts: the Federative Republic of Brazil, the United Mexican States, the Bolivarian Republic of Venezuela, the Argentine Republic, the Republic of Turkey, the Russian Federation, the Republic of Hungary, the Republic of South Africa, the Republic of Chile, the Republic of Peru, the Republic of Colombia, and the Republic of Poland. ICC proposes amending

Subchapter 26D of its Rules to provide for the clearance of an additional SES Contract, specifically Ukraine. This additional SES Contract will be offered on the 2014 ISDA Credit Derivatives Definitions. The addition of the additional SES Contract will benefit the market for emerging market credit default swaps by providing market participants the benefits of clearing, including reduction in counterparty risk and safeguarding of margin assets pursuant to clearing house rules. Clearing of the additional SES Contract will not require any changes to ICC's Risk Management Framework or other policies and procedures constituting rules within the meaning of the Act.

The additional SES Contract has terms consistent with the other SES Contracts approved for clearing at ICC and governed by Subchapter 26D of the ICC rules, namely the Federative Republic of Brazil, the United Mexican States, the Bolivarian Republic of Venezuela, the Argentine Republic, the Republic of Turkey, the Russian Federation, the Republic of Hungary, the Republic of South Africa, the Republic of Chile, the Republic of Peru, the Republic of Colombia, and the Republic of Poland. Minor revisions to Subchapter 26D (Standard Emerging Market Sovereign ("SES") Single Name) are made to provide for clearing the additional SES Contract and are described as follows.

Rule 26D-102 is modified to include Ukraine in the list of specific Eligible SES Reference Entities to be cleared by ICC.

Section 17A(b)(3)(F) of the Act⁴ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions. The clearance of the additional SES Contract will allow market participants an increased ability to

⁴ 15 U.S.C. 78q-1(b)(3)(F).

manage risk. ICC believes that acceptance of this new contract, on the terms and conditions set out in the ICC Rules, is consistent with the prompt and accurate clearance of and settlement of securities transactions and derivative agreements, contracts and transactions cleared by ICC, the safeguarding of securities and funds in the custody or control of ICC, and the protection of investors and the public interest, within the meaning of Section 17A(b)(3)(F) of the Act.⁵

Clearing of the additional SES Contract will also satisfy the requirements of Rule 17Ad-22.⁶ In particular, in terms of financial resources, ICC will apply its existing margin methodology to the additional SES Contract. ICC believes that this model will provide sufficient margin to cover its credit exposure to its clearing members from clearing this contract, consistent with the requirements of Rule 17Ad-22(b)(2).⁷ In addition, ICC believes its Guaranty Fund, under its existing methodology, will, together with the required margin, provide sufficient financial resources to support the clearing of the new contract consistent with the requirements of Rule 17Ad-22(b)(3).⁸ ICC also believes that its existing operational and managerial resources will be sufficient for clearing of the additional SES Contract, consistent with the requirements of Rule 17Ad-22(d)(4),⁹ as the new contract is similar from an operational perspective to existing SES Contracts. Similarly, ICC will use its existing settlement procedures and account structures for the new contract, consistent with the requirements of Rule 17Ad-22(d)(5), (12) and (15)¹⁰ as

to the finality and accuracy of its daily settlement process and avoidance of the risk to ICC of settlement failures. Finally, ICC will apply its existing default management policies and procedures for the new contract. ICC believes that these procedures allow for it to take timely action to contain losses and liquidity pressures and to continue meeting its obligations in the event of clearing member insolvencies or defaults in respect of the additional SES Contract, in accordance with Rule 17Ad-22(d)(11).¹¹

B. Self-Regulatory Organization's Statement on Burden on Competition

The additional SES Contract will be available to all ICC Participants for clearing. The clearing of the additional SES Contract by ICC does not preclude the offering of the additional SES Contract for clearing by other market participants. Accordingly, ICC does not believe that clearance of the additional SES Contract will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed rule change have not been solicited or received. ICC will notify the Commission of any written comments received by ICC.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change or

¹¹ 17 CFR 240.17Ad-22(d)(11).
