I. Clearing Agency’s Statement of the Terms of Substance of the Proposed Rule Change

(“EU”) directives and regulations in the ICE Clear Europe Clearing Rules and Procedures in the event that the United Kingdom (“UK”) ceases to be an EU member state, in circumstances where no withdrawal agreement stipulating that EU laws will continue to apply in the UK has been agreed between the UK and the EU-27. The interpretation contained in the Circular will only apply under such circumstances.

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed Circular is to provide guidance with respect to the interpretation of certain provisions in the Rules and Procedures in the event that the UK ceases to be an EU member state, in circumstances where no withdrawal agreement has been agreed between the UK and the EU-27 stipulating that EU laws will continue to apply in the UK. In such circumstances, directly applicable EU directives and regulations will be incorporated into UK law with modifications on “exit day” through the European Union (Withdrawal) Act 2018 (the “EUWA”), which would result in there being two versions of a directly applicable EU legislative act which may be applicable to the Rules: (1) the version as enacted in the EU, directly applicable throughout the EU (and, in

certain cases, the EEA); and (2) the version incorporated into UK law (referred to as “on-shored”).

There are various references to EU directives and regulations in the Rules and Procedures; others may arise by implication by virtue of definitions such as that of "Applicable Laws" or "Governmental Authority" (Rule 101). ICE Clear Europe is proposing to publish the Circular to provide guidance as to the proper interpretation of such references in the event of the UK leaving the EU without withdrawal agreement that provides for continued applicability of EU law in the UK. The guidance is intended to be consistent with the views of legal practitioners in the UK with respect to references to EU directives and regulations in English law contracts generally, but applied to the particular definitions and situations that arise under the Rules and Procedures.

The Circular sets out several principles that will be applied by ICE Clear Europe when interpreting references to an EU regulation or directive in its Rules:

1. Where the reference concerns an obligation on, or otherwise applies to, the Clearing House or a UK Clearing Member:
 - Where the reference is to an EU regulation, it should be interpreted as the regulation as it forms part of UK domestic law through section 3 of the EUWA, and as amended by UK law from time to time; and
 - Where the reference is to an EU directive, it should be interpreted as the UK domestic law corresponding to the directive or provision thereof.

2. Where the reference concerns an obligation on, or otherwise applies to, an EU Clearing Member:

- Where the reference is to an EU regulation, it should be interpreted as the regulation as it applies in the EU, and as amended by EU law from time to time; and
- Where the reference is to an EU directive, it should be interpreted as the EU directive, as amended by EU law from time to time and as implemented in the relevant member state of the EU Clearing Member.

The Circular also addresses situations where both sets of laws apply, for example for entities established in the UK with an EU branch (or vice versa) or which continue to be regulated in both systems under cross-border licenses, the UK temporary permissions regime or other grandfathering arrangements. By way of example, it explains how Rule requirements that Clearing Members maintain sufficient capital and segregated accounts would require UK Clearing Members to comply with the on-shored version of the applicable regulatory requirements, while EU Clearing Members would be required to comply with the existing EU regulations.

The Circular further sets out certain exceptions to these general principles relating to the following:

- A reference to an EU law relating to emission allowance units issued under the EU Emissions Trading Scheme should be interpreted to continue to refer to the EU law since the UK no longer participates in the scheme;

- References to EU member state laws transposing or implementing an EU directive will be read to include UK laws corresponding to that EU directive;
- Certain references relating to the European Market Infrastructure Regulation (Regulation (EU) No 648/2012) and related EU authorities will be read to continue to refer to relevant EU law and authorities, for example in the context of ICE Clear Europe's status as a third country central counterparty thereunder; and
- References relating to EU data protection legislation are excluded, since these are addressed separately in ICE Clear Europe Circular C19/053 dated March 15, 2019.

(b) Statutory Basis

ICE Clear Europe believes that the proposed rule change is consistent with the requirements of Section 17A of the Act⁵ and the regulations thereunder applicable to it, including the standards under Rule 17Ad-22.⁶ In particular, Section 17A(b)(3)(F) of the Act⁷ requires, among other things, that the rules of a clearing agency be designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, the safeguarding of securities and funds in the custody or control of the clearing agency or for which it is responsible, and the protection of investors and the public interest. The

proposed Circular would provide guidance with respect to the interpretation of the Rules that would apply to EU and UK Clearing Members and ICE Clear Europe upon the UK departure from the EU if there is no withdrawal agreement that provides for EU law to continue to apply in the UK. The interpretation would thus facilitate continued clearing by EU and UK Clearing Members in compliance with applicable law in relevant jurisdictions and promote the prompt and accurate clearance and settlement of transactions by such persons. As such, the interpretation is consistent with the safeguarding of securities and funds in the custody or control of the Clearing House or for which it is responsible, the protection of investors and the public interest.

Moreover, the interpretation is consistent with Rule 17Ad-22(e)(1)⁸, which requires that each covered clearing agency establish, implement, maintain and enforce written policies and procedures reasonably designed to provide for a well-founded, clear, transparent, and enforceable legal basis for each aspect of its activities in all relevant jurisdictions. As discussed herein, the interpretation is designed to ensure that references to EU legislation in the Rules and Procedures are properly interpreted should the UK cease to be an EU member state with no withdrawal agreement stipulating that EU laws will continue to apply in the UK. The guidance set out in the Circular would facilitate continued clearing in light of the requirements of UK and EU law in those circumstances and would minimize the potential for disputes and legal uncertainty. ICE Clear Europe does not expect that the interpretation will adversely impact its ability to comply with the Act or any standards under Rule 17Ad-22.⁹

⁹ 17 C.F.R. 240.17Ad-22.

(B) Clearing Agency's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed guidance in the Circular would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purpose of the Act. The guidance is will not change the substantive requirements of any Rules or Procedures but will clarify the proper interpretation of references to EU legislation in order to facilitate that the Clearing House and EU and UK Clearing Members continue to adhere to applicable laws and regulations. ICE Clear Europe does not believe the interpretation will in itself materially affect the cost of, or access to, clearing. As a result, ICE Clear Europe does not believe the proposed the rule change imposes any burden on competition that is inappropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and paragraph (f) of Rule 19b-4¹¹ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or
