Guaranty Fund deposits. The proposed amendments do not involve any changes to the ICE Clear Europe Clearing Rules or Procedures.⁵

II. Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, ICE Clear Europe included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. ICE Clear Europe has prepared summaries, set forth in sections (A), (B), and (C) below, of the most significant aspects of such statements.

(A) Clearing Agency’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

(a) Purpose

The purpose of the proposed rule changes is for ICE Clear Europe to its rate of return paid on EUR cash margin and Guaranty Fund deposits applicable to all Clearing Members for house and customer accounts. ICE Clear Europe pays a rate of return on cash deposited by Clearing Members in respect of margin and Guaranty Fund requirements referred to as the ICE Deposit Rate (the “IDR”). The IDR is calculated daily and applied to cash balances held at the close of business on the previous business day in respect of US Dollar (“USD”), EUR and Pound Sterling (“GBP”) deposits. The

⁵ Capitalized terms used but not defined herein have the meanings specified in the ICE Clear Europe Clearing Rules.

IDR is calculated as the net income earned on cash deposits in the relevant currency (positive or negative) less a charge or spread.

ICE Clear Europe is proposing to reduce the spread for EUR balances from 25 bps to 15 bps. The spread for USD balances and GBP balances would remain unchanged at 15 bps and 12 bps respectively. ICE Clear Europe has determined that in light of current financial market conditions, including central bank rates for Euro deposits and repo rates available in the market, it is appropriate to increase the net IDR on EUR balances (through a lower spread). ICE Clear Europe believes the change would better align the relative costs and benefits of using EUR to cover margin and Guaranty Fund obligations with otherwise available market rates and facilitate the Clearing House's ability to maintain adequate EUR balances for liquidity management purposes.

(b) Statutory Basis

ICE Clear Europe believes that the proposed rule changes are consistent with the requirements of the Act, including Section 17A of the Act⁶ and regulations thereunder applicable to it. In particular, Section 17A(b)(3)(D) of the Act⁷ requires that “[t]he rules of the clearing agency provide for the equitable allocation of reasonable dues, fees and other charges among its participants”. ICE Clear Europe believes that the IDR, as proposed to be amended, would be reasonable and appropriate in light of current market conditions, including available repo rates and central bank rates for EUR deposits available in the market. The proposed modifications would apply to all Clearing

⁷ 15 U.S.C. 78q-1(b)(3)(D).

Members and other market participants who hold cash balances in EUR. Further, ICE Clear Europe has determined that the revised spread would better align the relative costs and benefits of using EUR with otherwise available market rates for EUR balances and thereby facilitate the Clearing House’s liquidity management with regard to EUR balances. As such, in ICE Clear Europe’s view, the amendments are consistent with the equitable allocation of reasonable dues, fees and other charges among its Clearing Members and other market participants, within the meaning of Section 17A(b)(3)(D) of the Act.⁸

The proposed amendments are also consistent with the requirements of Section 17A(b)(3)(F) of the Act⁹ which requires, among other things, that “[t]he rules of a clearing agency [...] are not designed to permit unfair discrimination in the admission of participants or among participants in the use of the clearing agency”. As noted above, the EUR spread, as proposed to be amended, would apply on a currency level and would apply to all Clearing Members. The amendments would not otherwise change the ability of Clearing Members to post EUR in satisfaction of their obligations. As a result, the amendments would not result in any unfair discrimination among Clearing Members in their use of the Clearing House, within the meaning of Section 17A(b)(3)(F) of the Act.¹⁰

⁹ 15 U.S.C. 78q-1(b)(3)(F).

¹⁰ 15 U.S.C. 78q-1(b)(3)(F).

(B) Clearing Agency's Statement on Burden on Competition

ICE Clear Europe does not believe the proposed rule changes would have any impact, or impose any burden, on competition not necessary or appropriate in furtherance of the purpose of the Act. Although ICE Clear Europe is revising a certain spread applied to the IDR, as set forth herein, it believes such changes are appropriate to align the costs and benefits of using EUR with otherwise available market rates for EUR balances, thereby facilitating the Clearing House's ability to maintain EUR balances for liquidity management purposes. Further, as discussed above, the change to the spread would be applied equally to all Clearing Members who deposit cash balances in EUR. ICE Clear Europe does not believe that the amendments would adversely affect the ability of such Clearing Members or other market participants generally to access clearing services. Further, ICE Clear Europe believes that the amendments would not otherwise affect competition among Clearing Members, adversely affect the market for clearing services or limit market participants' choices for obtaining clearing services. As a result, ICE Clear Europe does not believe the amendments would have any impact or impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

Written comments relating to the proposed amendments have not been solicited or received by ICE Clear Europe. ICE Clear Europe will notify the Commission of any comments received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and paragraph (f)(2) of Rule 19b-4¹² thereunder.
