Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Adopt Tier-Based Rebates for Qualified Contingent Cross Orders and Solicitation Orders

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on July 27, 2011, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission ("Commission") the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The ISE is proposing to adopt tier-based rebates for Qualified Contingent Cross (QCC) orders and Solicitation orders. The text of the proposed rule change is available on the Exchange's website (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the

places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to adopt rebates to encourage members to submit greater numbers of QCC orders and Solicitation orders to the Exchange. With this proposed rule change, once a Member reaches a certain volume threshold in QCC orders and/or Solicitation orders during a month, the Exchange will provide a rebate to that Member for all of its QCC and Solicitation traded contracts for that month. The proposed rebate will be paid to the Member entering a qualifying order, i.e., a QCC order and/or a Solicitation order. Specifically, the Exchange proposes to adopt the following thresholds and corresponding per contract rebate:

Originating Contract Sides	Rebate per Contract
0-1,999,999	\$0.00
2,000,000-3,499,999	\$0.03
3,500,000-3,999,999	\$0.05
4,000,000+	\$0.07

The proposed rebate shall apply to QCC orders and Solicitation orders in all symbols traded on the Exchange. Additionally, the proposed threshold levels are based on the originating side so if, for example, a Member submits a Solicitation order for 1,000 contracts, all 1,000 contracts shall be counted to reach the established threshold even if the order is broken up and executed with multiple counter parties.

Further, the Exchange currently assesses per contract transaction charges and credits to market participants that add or remove liquidity from the Exchange (“maker/taker fees”) in a

select number of options classes (the “Select Symbols”).<sup>3</sup> For Solicitation orders in the Select Symbols, the Exchange currently provides a rebate of \$0.15 to contracts that do not trade with the contra order in the Solicited Order Mechanism. The Exchange does not propose any change to that rebate and that rebate will continue to apply.

The Exchange has designated this proposal to be effective on August 1, 2011.

## 2. Statutory Basis

The Exchange believes that its proposal to amend its Schedule of Fees is consistent with Section 6(b) of the Act<sup>4</sup> in general, and furthers the objectives of Section 6(b)(4) of the Act<sup>5</sup> in particular, in that it is an equitable allocation of reasonable dues, fees and other charges among Exchange members. The Exchange believes that the proposed fee changes will generally allow the Exchange and its Members to better compete for order flow and thus enhance competition. More specifically, the Exchange believes that its proposal to adopt volume-based rebates is reasonable as it will encourage Members to direct their QCC and Solicitation orders to the Exchange instead of to a competing exchange. The Exchange notes that it has previously adopted other incentive programs to promote and encourage growth in specific business areas. For example, the Exchange has lower fees (or no fees) for customer orders;<sup>6</sup> and tiered pricing

<sup>4</sup> 15 U.S.C. 78f(b).

<sup>5</sup> 15 U.S.C. 78f(b)(4).

<sup>6</sup> For example, the customer fee is \$0.00 per contract for products other than Singly Listed Indexes, Singly Listed ETFs and FX Options. For Singly Listed Options, Singly Listed ETFs and FX Options, the customer fee is \$0.18 per contract. The Exchange also currently has an incentive plan in place for certain specific FX Options which has its own pricing. See ISE Schedule of Fees.

that reduces rates for market makers based on the level of business they bring to the Exchange.<sup>7</sup> This proposed rule change targets yet another segment in which the Exchange seeks to garnish greater order flow. The Exchange also believes that adopting the proposed rebates is reasonable because it is designed to give Members who trade a lot on the Exchange a benefit by way of a lower transaction fee. As noted above, once a Member reaches the established threshold, all of the trading activity in the specified order type by that Member will be subject to the proposed rebate.

The Exchange also believes the proposal to adopt the rebates is equitable because it would uniformly apply to all Members engaged in QCC and Solicitation trading in all option classes traded on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.<sup>8</sup> At any time within 60 days of the filing of such proposed rule change, the Commission

summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
