

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-76177; File No. SR-ISE-2015-31)

October 16, 2015

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Schedule of Fees

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 1, 2015, the International Securities Exchange, LLC (the “Exchange” or the “ISE”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change, as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend language in the Schedule of Fees related to excluding days from its average daily volume calculations when the market is not open for the entire trading day. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Currently, for purposes of determining a member's average daily volume ("ADV"), any day that the regular or complex order books are not open for the entire trading day may be excluded from such calculation. The Exchange proposes to amend language in the Schedule of Fees related to excluding days from the ADV calculations used to determine applicable fee and rebate tiers. Specifically, the Exchange proposes to permit days to be excluded from its ADV calculations where the Exchange is technically open for the entire trading day, but has instructed members to route away due to a systems or other error that ultimately does not impact trading on the Exchange. Currently, the Exchange's ability to remove days from its ADV calculations is limited to days where the market is not open for the entire trading day. This allows the Exchange to exclude days, for example, where the Exchange declares a trading halt in all securities, honors a market-wide trading halt declared by another market, or closes early for holiday observance. Because these days generally have artificially lower trading volume, the Exchange believes that it is reasonable and equitable to not include such days in determining fee and rebate tiers. The Exchange notes, however, that if it has a systems issue in the morning before the market opens, it may instruct members to route away to other markets. If the systems issue continues into trading hours, the Exchange is permitted to exclude the day for all members that would have a lower ADV with the day included. If, however, the systems issue is resolved prior to the opening of trading, the Exchange is not permitted to exclude the day from its ADV calculations. This is the case regardless of the fact that many members would have already made arrangements to route away in accordance with the Exchange's instructions. To prevent this undesirable result, and

preserve the Exchange's intent behind adopting volume-based pricing, the Exchange proposes to allow days to be excluded from its ADV calculation whenever all members are instructed, in writing, to route their orders to other markets.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general, and Section 6(b)(4) of the Act,⁴ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Exchange believes that it is reasonable and equitable to exclude a day from its ADV calculations when members are instructed to route their orders to other markets as this preserves the Exchange's intent behind adopting volume-based pricing, and avoids penalizing members that follow this instruction. Without this change, members that route away in accordance with the Exchange's instructions may be negatively impacted, resulting in an effective cost increase for those members. The Exchange further believes that the proposed rule change is not unfairly discriminatory because it applies equally to all members and ADV calculations. As is the Exchange's current practice, the Exchange will inform members of any day to be excluded from its ADV calculations by sending members a notice and posting such notice on the Exchange's website.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁵ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes

⁵ 15 U.S.C. 78f(b)(8).

that the proposed modifications to its ADV calculation are pro-competitive and will result in lower total costs to end users, a positive outcome of competitive markets. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees and rebates to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁷ because it establishes a due, fee, or other charge imposed by ISE.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
