(Release No. 34-94971; File No. SR-ISE-2022-12)

May 23, 2022

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend the Nasdaq Amended and Restated Certificate of Incorporation

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act” or “Exchange Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 16, 2022, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Amended and Restated Certificate of Incorporation (“Certificate”) of its parent corporation, Nasdaq, Inc. (“Nasdaq” or the “Company”), to increase Nasdaq’s authorized share capital.

The text of the proposed rule change is available on the Exchange’s Website at <https://listingcenter.nasdaq.com/rulebook/ise/rules>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Nasdaq Certificate³ to increase the total number of authorized shares of Nasdaq common stock, par value \$0.01 per share (“Common Stock”). Specifically, the Exchange proposes to amend Article Fourth, Section A such that the total number of shares of Stock (i.e., capital stock) that Nasdaq is authorized to issue would be increased from 330,000,000 to 930,000,000 shares, and the portion of that total constituting Common Stock would be changed from 300,000,000 to 900,000,000 shares. As amended, Article Fourth, Section A of the Certificate would provide:

The total number of shares of Stock which Nasdaq shall have the authority to issue is Nine Hundred Thirty Million (930,000,000), consisting of Thirty Million (30,000,000) shares of Preferred Stock, par value \$.01 per share (hereinafter referred to as “Preferred Stock”), and Nine Hundred Million (900,000,000) shares of Common Stock, par value \$.01 per share (hereinafter referred to as “Common Stock”).⁴

As noted above, the proposed amendments to the Certificate were approved by the Nasdaq Board of Directors (“Nasdaq Board”) on March 23, 2022. The proposed amendments to the Certificate would be effective when filed with the Secretary of State of Delaware, which

³ Nasdaq owns 100% of the equity interest in U.S. Exchange Holdings, Inc., which in turn owns 100% of the equity interest in International Securities Exchange Holdings, Inc., which in turn owns 100% of the equity interest in the Exchange. The Exchange’s affiliates, Boston Stock Exchange Clearing Corporation, Nasdaq BX, Inc., Nasdaq GEMX, LLC, Nasdaq MRX, LLC, The Nasdaq Stock Market LLC, Nasdaq PHLX LLC, and Stock Clearing Corporation of Philadelphia will each concurrently submit substantially the same rule filings to propose the changes described herein.

⁴ Nasdaq currently has no Preferred Stock outstanding.

would not occur until approval of the amendments by the stockholders of Nasdaq is obtained at the 2022 Annual Meeting of the Stockholders on June 22, 2022 and until this proposed rule change becomes effective and operative.

The trading price of Nasdaq's Common Stock has risen significantly over the past several years. Since Nasdaq first became a publicly traded company in 2002, the total number of authorized shares of Common Stock has remained constant at 300,000,000 shares. However, over the last five years, the trading price of Nasdaq's Common Stock has increased by approximately 162%.⁵ As the trading price of Nasdaq's Common Stock has risen, the Nasdaq Board has carefully evaluated the effect of the trading price of the Common Stock on the liquidity and marketability of the Common Stock. The Nasdaq Board believes that this price appreciation may be affecting the liquidity of the Common Stock, making it more difficult to efficiently trade and potentially less attractive to certain investors. Accordingly, the Nasdaq Board approved pursuing a 3-for-1 stock split by way of a stock dividend, pursuant to which the holders of record of shares of Common Stock would receive, by way of a dividend, two shares of Common Stock for each share of Common Stock held by such holder (the "Stock Dividend"). The Nasdaq Board's approval of the Stock Dividend was contingent upon this proposed rule change becoming effective and operative, and Nasdaq stockholder approval of the proposed amendments to the Certificate.

The number of shares of Common Stock proposed to be issued in the Stock Dividend exceeds Nasdaq's authorized but unissued shares of Common Stock. The proposed rule change

⁵ The price of one share of Common Stock on March 31, 2017 was \$69.45 and the closing market price of one share of Common Stock on April 1, 2022 was \$181.92 as reported on the Nasdaq Stock Market.

would increase Nasdaq’s authorized shares of Common Stock and shares of capital stock sufficient to allow Nasdaq to effectuate the Stock Dividend.

The proposed changes would not otherwise alter the Certificate, including the limitations on voting and ownership set forth in Article Fourth, Section C of the Certificate that generally provides no person who beneficially owns shares of common stock or preferred stock of Nasdaq in excess of 5% of the then-outstanding securities generally entitled to vote may vote the shares in excess of 5%. This limitation mitigates the potential for any Nasdaq shareholder to exercise undue control over the operations of Nasdaq’s self-regulatory subsidiaries, and facilitates the self-regulatory subsidiaries’ and the Commission’s ability to carry out their regulatory obligations under the Act.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(1) of the Act,⁷ in that it enables the Exchange to be so organized as to have the capacity to be able to carry out the purposes of the Exchange Act and to comply, and to enforce compliance by its members and persons associated with its members, with the provisions of the Exchange Act, the rules and regulations thereunder, and the rules of the Exchange.

The proposal to increase Nasdaq’s authorized shares of Common Stock and shares of capital stock sufficient to allow Nasdaq to effectuate the Stock Dividend would not impact the Exchange’s ability to be so organized as to have the capacity to be able to carry out the purposes of the Exchange Act. In particular, the proposed changes would not alter the limitations on

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(1).

voting and ownership set forth in Article Fourth, Section C of the Certificate, and so the proposed changes would not enable a person to exercise undue control over the operations of Nasdaq's self-regulatory subsidiaries or to restrict the ability of the Commission or the Exchange to effectively carry out their regulatory oversight responsibilities under the Act.

The Exchange also believes that the proposal is consistent with Section 6(b)(5) of the Act⁸ because it would not impact the Exchange's governance or regulatory structure, which would continue to be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because by increasing Nasdaq's authorized shares of Common Stock and shares of capital stock sufficient to allow Nasdaq to effectuate the Stock Dividend, the proposed rule change will facilitate broader ownership of Nasdaq.

The Exchange also notes that the proposed rule change is substantially similar to a prior proposal by Intercontinental Exchange, Inc. ("ICE"), which is the holding company for three national securities exchanges, including the New York Stock Exchange. The ICE proposal amended ICE's Certificate of Incorporation to effectuate a similar stock split as proposed by the

⁸ 15 U.S.C. 78f(b)(5).

Exchange herein.⁹ As such, the Exchange does not believe that its proposal raises any new or novel issues not already considered by the Commission.

B. Self-Regulatory Organization’s Statement on Burden on Competition

Because the proposed rule change relates solely to the number of authorized shares of Common Stock and shares of capital stock of the Company and not to the operations of the Exchange, the Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(6) thereunder.¹¹

⁹ In particular, the ICE proposal increased ICE’s total number of authorized shares of ICE common stock in order to effectuate a 5-for-1 stock split by way of a stock dividend. See Securities Exchange Act Release No. 78992 (September 29, 2016), 81 FR 69092 (October 5, 2016) (SR-NYSE-2016-57, SR-NYSEArca-2016-119, and SR-NYSEMKT-2016-80) (hereinafter, “ICE Approval”).

¹⁰ 15 U.S.C. 78s(b)(3)(A).

¹¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
