Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 30, 2017, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Chapter Nine of the Manual to amend certain of its listing fee provisions. The amended fees will take effect in the 2018 calendar year. The following are the proposed fee increases:

- For certain listed securities, the per share fee would increase from \$0.00105 per share to \$0.00108.³
- The minimum annual fee applicable to the primary class of common shares (including Equity Investment Tracking Stock) or the primary class of preferred stock (if no class of common shares is listed) listed under Section 703.05 [sic] would increase from \$59,500 to \$65,000.
- The minimum annual fee applicable to structured products listed under Section 703.19 [sic] would increase from \$20,000 to \$25,000.
- The initial and annual listing fees for debt listed under Section 102.03 and 103.05 of NYSE equity issuers and affiliated companies would each increase from \$20,000 to \$25,000.
- The initial and annual listing fees for debt listed under Section 102.03 and 103.05 of companies other than NYSE equity issuers and affiliated companies would

³ The affected securities are as follows: primary class of common shares (including Equity Investment Tracking Stock); each additional class of common shares (including tracking stock); primary class of preferred stock (if no class of common shares is listed); each additional class of preferred stock (whether primary class is common stock or preferred stock); each class of warrants; structured products listed under Section 703.19 [sic]; and short term securities.

increase from \$40,000 to \$45,000.⁴

- The initial and annual listing fees for securities (including short-term securities) that list under the debt standard in Section 703.19 and trade on NYSE Bonds would increase from \$20,000 to \$25,000.

As described below, the Exchange proposes to make the aforementioned fee increases to better reflect the Exchange's costs related to listing the above-referenced types of securities and the corresponding value of such listing to issuers.

The Exchange also proposes to remove a number of references throughout Chapter Nine to (i) fees that are no longer applicable as they were superseded by new fee rates specified in the rule text and (ii) effectiveness dates of revised fee levels with respect to which the effective date has now passed.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(4)⁶ of the Act, in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges. The Exchange also believes that the proposed rule change is consistent with Section 6(b)(5) of the Act,⁷ in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market

⁴ Domestic debt of issuers not subject to registration under the Act is exempt from all listing fees.

system, and, in general, to protect investors and the public interest and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that it is reasonable to amend Chapter Nine of the Manual to increase the various listing fees as set forth above. In that regard, the Exchange notes that it continues to improve and increase the services it provides to listed companies. These improvements include the continued development and enhancement of an interactive web-based platform designed to improve communication between the Exchange and listed companies, the availability to listed companies of the Exchange's new state-of-the-art conference facilities at 11 Wall Street, and continued development and content in an investor relations tool available to all listed companies which provides companies with information enabling them to better understand the trading and ownership of their securities.

The Exchange believes that the proposed fee increases are equitably allocated because the per share fee increase will be the same for all issuers on the Exchange. Therefore, the proposed fee increases will not be unfairly discriminatory towards any individual issuer. The Exchange believes it is consistent with Section 6(b)(5) of the Act to apply different fees to bonds of companies that do not have their equity securities listed on the NYSE than to companies with NYSE-listed equity securities and their affiliates, as there is a greater regulatory and administrative burden associated with listing bonds of companies with which the Exchange does not otherwise have a regulatory or listing relationship.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is designed to ensure that the fees charged by the Exchange accurately

reflect the services provided and benefits realized by listed companies. The market for listing services is extremely competitive. Each listing exchange has a different fee schedule that applies to issuers seeking to list securities on its exchange. Issuers have the option to list their securities on these alternative venues based on the fees charged and the value provided by each listing. Because issuers have a choice to list their securities on a different national securities exchange, the Exchange does not believe that the proposed fee changes impose a burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)⁸ of the Act and subparagraph (f)(2) of Rule 19b-4⁹ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹⁰ of the Act to determine whether the proposed rule change should be approved or disapproved.
