(Release No. 34-91082; File No. SR-NYSE-2021-10)

February 9, 2021

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend its Price List to Extend the Waiver of Equipment and Related Service Charges and Trading License Fees

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 29, 2021, New York Stock Exchange LLC (“NYSE” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) a proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its Price List to extend the waiver of equipment and related service charges and trading license fees for NYSE Trading Floor-based member organizations commencing January 1, 2021 through the earlier of the first full month of a full reopening of the Trading Floor facilities to Floor personnel or March 2021. The Exchange proposes to implement the fee changes effective February 1, 2021. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Price List to extend the waiver of equipment and related service charges and trading license fees for NYSE Trading Floor-based member organizations that have been unable to resume their Floor operations to a certain capacity level, as discussed below. The Exchange proposes to implement the fee change effective February 1, 2021.

As proposed, the Exchange would continue to waive 50% of the Telephone System charges and Service Charges (except for the Internet Equipment Monthly Hosting Fee) and trading license fees for member organizations that meet the waiver criteria set forth in footnotes 11 and 15 of the Price List, respectively, commencing January 1, 2021 through the earlier of the first full month of a full reopening of the Trading Floor facilities to Floor personnel or March 2021.

Background

Beginning on March 16, 2020, in order to slow the spread of the novel coronavirus (“COVID-19”) through social distancing measures, significant limitations were placed on large gatherings throughout the country. As a result, on March 18, 2020, the Exchange determined

that beginning March 23, 2020, the physical Trading Floor facilities located at 11 Wall Street in New York City would close and that the Exchange would move, on a temporary basis, to fully electronic trading.³ Following the temporary closure of the Trading Floor, the Exchange waived certain equipment fees for the booth telephone system on the Trading Floor and associated service charges for the months of April and May.⁴

On May 14, 2020, the Exchange announced that on May 26, 2020 trading operations on the Trading Floor would resume on a limited basis to a subset of Floor brokers, subject to health and safety measures designed to prevent the spread of COVID-19.⁵ On June 15, 2020, the Exchange announced that on June 17, 2020, the Trading Floor would reintroduce a subset of DMMs, also subject to health and safety measures designed to prevent the spread of COVID-19.⁶ Following this partial reopening of the Trading Floor, the Exchange extended the equipment fee waiver for the months of June 2020 through January 2021.⁷ The Trading

Proposed Rule Change

In response to the unprecedented events surrounding the spread of COVID-19 in 2020, the Exchange waived certain equipment and related service charges and trading license fees for NYSE Trading Floor-based member organizations through January 2021. Specifically, the Exchange extended the waiver of 50% of the Annual Telephone Line Charge of \$400 per phone number; the \$129 fee for a single line phone, jack, and data jack; the related service charges (\$161.25 to install single jack (voice or data); \$107.50 to relocate a jack; \$53.75 to remove a jack; \$107.50 to install voice or data line; \$53.75 to disconnect data line; \$53.75 to change a phone line subscriber; and miscellaneous telephone charges billed at \$106 per hour in 15 minute increments); and the monthly portion of all applicable annual fees through January 2021 for member organizations that

- meet the current requirements of having at least one trading license, a physical trading Floor presence and Floor broker executions accounting for 40% or more of the member organization's combined adding, taking, and auction volumes during March 1 to March 20, 2020 or, if not a member organization during March 1 to March 20, 2020, based on the member organization's combined adding, taking, and auction volumes during its first month as a member organization on or after May 26, 2020, and

2020) (SR-NYSE-2020-92); Securities Exchange Act Release No. 90744 (December 21, 2020), 85 FR 85712 (December 29, 2020) (SR-NYSE-2020-102).

⁸ See Trader Update, dated June 15, 2020, available here: <https://www.nyse.com/trader-update/history#110000272018>. DMMs continue to support a subset of NYSE-listed securities remotely.

- are unable to operate at more than 50% of their March 2020 on-Floor staffing levels or, for member organizations that began Floor operations after March 2020, are unable to operate at more than 50% of their Exchange-approved on-Floor staffing levels, both excluding part-time Floor brokers known as “flex brokers” (hereinafter, “Qualifying Firms”).⁹

Because the Trading Floor continues to operate with reduced capacity, and in order to further reduce costs for member organizations with a Trading Floor presence, the Exchange proposes to extend the fee waiver for Qualifying Firms commencing January 1, 2021 through the earlier of the first full month of a full reopening of the Trading Floor facilities to Floor personnel or March 2021. The proposed fee change is designed to reduce monthly costs for all Qualifying Firms whose operations continue to be disrupted even though the Trading Floor has partially reopened. The Exchange does not propose any substantive changes to the current waivers set forth in footnotes 11 and 15 of the Price List. The Exchange believes that all Qualifying Firms would benefit from the proposed fee change.

The proposed changes are not otherwise intended to address other issues, and the Exchange is not aware of any significant problems that market participants would have in complying with the proposed changes.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Sections 6(b)(4) and (5) of the Act,¹¹ in

particular, because it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Exchange operates in a highly competitive market. The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.”¹²

While Regulation NMS has enhanced competition, it has also fostered a “fragmented” market structure where trading in a single stock can occur across multiple trading centers. When multiple trading centers compete for order flow in the same stock, the Commission has recognized that “such competition can lead to the fragmentation of order flow in that stock.”¹³ Indeed, equity trading is currently dispersed across 16 exchanges,¹⁴ 31 alternative trading systems,¹⁵ and numerous broker-dealer internalizers and wholesalers, all competing for order

flow. Based on publicly-available information, no single exchange has more than 16% market share.¹⁶ Therefore, no exchange possesses significant pricing power in the execution of equity order flow. More specifically, the Exchange's market share of trading in Tape A, B and C securities combined is less than 12%.

The Proposed Change is Reasonable

The proposed extension of the waiver of equipment and related service fees and the applicable monthly trading license fee for Qualified Firms commencing January 1, 2021 through the earlier of the first full month of a full reopening of the Trading Floor facilities to Floor personnel or March 2021 is reasonable in light of the continued partial closure of the NYSE Trading Floor as a result of spread of COVID-19. The proposed change is reasonable because it would extend reduction of monthly costs for all Qualifying Firms whose operations have been disrupted despite the fact that the Trading Floor has partially reopened because of the social distancing requirements and/or other health concerns related to resuming operation on the Trading Floor. In reducing this monthly financial burden, the proposed change would allow Qualifying Firms that are unable to operate at more than 50% of their March 2020 or Exchange-approved on-Floor staffing levels to reallocate funds to assist with the cost of shifting and maintaining their prior fully-staffed on-Floor operations to off-Floor and recoup losses resulting from the partial reopening of the Trading Floor.

The Proposal is an Equitable Allocation of Fees

The Exchange believes the proposed extension of the waiver of equipment and related service fees and the applicable monthly trading license fee for Qualified Members for the

¹⁶ See Cboe Global Markets U.S. Equities Market Volume Summary, available at http://markets.cboe.com/us/equities/market_share/.

proposed time period is an equitable allocation of fees. The proposed waivers apply to all Trading Floor-based firms meeting specific requirements during the specified period that the Trading Floor remains partially open. The Exchange believes the proposed rule change is an equitable allocation of its fees and credits as it continues the previous fee waiver for Qualifying Firms, which affects fees charged only to Floor participants and does not apply to participants that conduct business off-Floor. The Exchange believes it is an equitable allocation of fees and credits to extend the fee waiver for Qualifying Firms because such firms have no more than half of their Floor staff (as measured by either the March 2020 or Exchange-approved) levels, and this reduction in staffing levels on the Trading Floor impacts the speed, volume and efficiency with which these firms can operate, to their financial detriment.

The Proposal is Not Unfairly Discriminatory

The Exchange believes that the proposal is not unfairly discriminatory because the proposed continuation of the fee waiver would affect all similarly-situated market participants on an equal and non-discriminatory basis. The Exchange is not proposing to waive the Trading Floor-related fees indefinitely, but rather during the specified period during which the Trading Floor is not fully open. As noted, the proposed fee change is designed to ease the financial burden on Trading Floor-based member organizations that cannot fully conduct Floor operations.

For the foregoing reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹⁷ the Exchange believes that the proposed rule change would not impose any burden on competition that is not necessary or appropriate in

¹⁷ 15 U.S.C. 78f(b)(8).

furtherance of the purposes of the Act. Instead, as discussed above, the Exchange believes that the proposed changes would encourage the continued participation of member organizations on the Exchange by providing certainty and fee relief during the ongoing pandemic. As a result, the Exchange believes that the proposed change furthers the Commission’s goal in adopting Regulation NMS of fostering integrated competition among orders, which promotes “more efficient pricing of individual stocks for all types of orders, large and small.”¹⁸

Intramarket Competition. The proposed continued waiver of equipment and related service fees and the applicable monthly trading license fee for Qualified Firms is designed to reduce monthly costs for those Floor participants whose operations continue to be impacted by the COVID-19 pandemic despite the fact that the Trading Floor has partially reopened. In reducing this monthly financial burden, the proposed change would allow Qualifying Firms that had Floor operations in March 2020 to reallocate funds to assist with the cost of shifting and maintaining their previously on-Floor operations to off-Floor. Absent this change, all Qualifying Firms may experience an unintended increase in the cost of doing business on the Exchange, given that the Trading Floor has only reopened in a limited capacity. The Exchange believes that the proposed waiver of fees for Qualifying Firms would not impose a disparate burden on competition among market participants on the Exchange because off-Floor market participants are not subject to these Floor-based fixed fees. In addition, Floor-based firms that are not subject to the extent of staffing shortfalls as are Qualifying Firms, *i.e.*, firms that have more than 50% of their March 2020, or Exchange-approved staffing levels on the Trading Floor, do not face the same operational level of disruption and potential financial impact during the partial reopening of the Trading Floor. As noted, the proposal would apply to all similarly situated member

¹⁸ Regulation NMS, 70 FR at 37498-99.

organizations on the same and equal terms, who would benefit from the changes on the same basis. Accordingly, the proposed change would not impose a disparate burden on competition among market participants on the Exchange.

Intermarket Competition. As described above, the Exchange operates in a highly competitive market in which market participants can readily choose to send their orders to other exchange and off-exchange venues if they deem fee levels at those other venues to be more favorable. The Exchange believes that the proposed rule change reflects this competitive environment because it permits impacted member organizations to continue to conduct market-making operations on the Exchange and avoid unintended costs of doing business on the Exchange while the Trading Floor is not fully open, which could make the Exchange a less competitive venue on which to trade as compared to other equities markets. In reducing this monthly financial burden, the proposed change would allow affected participants to reallocate funds to assist with the cost of shifting and maintaining their prior fully-staffed on-Floor operations to off-Floor. Absent this change, Qualifying Firms may experience an unintended increase in the cost of doing business on the Exchange, which would make the Exchange a less competitive venue on which to trade as compared to other options exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change is effective upon filing pursuant to Section 19(b)(3)(A)¹⁹ of the Act and subparagraph (f)(2) of Rule 19b-4²⁰ thereunder, because it establishes a due, fee, or other charge imposed by the Exchange.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)²¹ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments
