Sec. 1003. APPLICATION OF POLICIES

The Exchange has adopted certain standards, outlined below, under which it will normally give consideration to suspending dealings in, or removing, a security from listing or unlisted trading. When an issuer falls below any of the continued listing standards, the Exchange will review the appropriateness of continued listing. The Exchange may give consideration to any action that an issuer proposes to take that would enable it to comply with the continued listing standards. The specific procedures and timelines regarding such proposals are set forth in Section 1009. However, the standards set forth below in no way limit or restrict the Exchange in applying its policies regarding continued listing, and the Exchange may at any time, in view of the circumstances in each case, suspend dealings in, or remove, a security from listing or unlisted trading when in its opinion such security is unsuitable for continued trading on the Exchange. Such action will be taken regardless of whether the issuer meets or fails to meet any or all of the standards discussed below.

(f) *Other Events*—The Exchange will normally consider suspending dealings in, or removing from the list, a security when any one of the following events shall occur:

(i) *Registration No Longer Effective*—If the registration (or exemption from registration thereof) pursuant to the Securities Exchange Act of 1934 is no longer effective.

(ii) *Payment, Redemption or Retirement of Entire Class, Issue or Series*—If the entire outstanding amount of a class, issue or series is retired through payment at maturity or through redemption, reclassification or otherwise. In such event, the Exchange may, at a time which is appropriate under all the circumstances of the particular case, suspend dealings in the security and, in the case of a listed security, give notice to the SEC, on Form 25, of the Exchange's intention to remove such security from listing and registration as required by Rule 12d2-2(a) under the Securities Exchange Act of 1934.

(iii) *Operations Contrary to Public Interest*—If the issuer or its management shall engage in operations which, in the opinion of the Exchange, are contrary to the public interest.

(iv) *Failure to Pay Listing Fees*—If the issuer shall fail or refuse to pay, when due, any applicable listing fees established by the Exchange.

(v) *Low Selling Price Issues*—In the case of a common stock selling for a substantial period of time at a low price per share, if the issuer shall fail to effect a reverse split of such shares within a reasonable time after being notified that the Exchange deems such action to be appropriate under all the circumstances. In its review of the question of whether it deems a reverse split of a given issue to be appropriate, the Exchange will consider all pertinent factors including, market conditions in general, the number of shares outstanding, plans which may have been formulated by management, applicable regulations of the state or country of incorporation or of any governmental agency having jurisdiction over the issuer, the relationship to other Exchange policies regarding continued listing, and, in respect of securities of foreign issuers, the general practice in the country of origin of trading in low-selling price issues.

(vi) The issuer has effectuated one or more reverse stock splits over the prior two-year period with a cumulative ratio of 200 shares or more to one, in which case immediate suspension and delisting procedures will commence in accordance with the procedures set out in Section 1010 of the Company Guide. A listed issuer is not eligible to follow the procedures outlined in Section 1009 with respect to this criterion.

(vii) The issuer has effectuated a reverse stock split and the effectuation of such reverse stock split results in the company’s security falling below any of the continued listing requirements of Section 1003, in which case immediate suspension and delisting procedures will commence in accordance with the procedures set out in Section 1010 of the Company Guide. A listed issuer is not eligible to follow the procedures outlined in Section 1009 with respect to this criterion.
