Rule 7.31. Orders and Modifiers

(a) - (e) No Change.

(f) Tracking Order.

An undisplayed, priced round lot order that is eligible for execution in the Tracking Order Process against orders equal to or less than the aggregate size of Tracking Order interest available at that price. If a Tracking Order is executed but not exhausted, the remaining portion of the order shall continue to repost in the Tracking Order Process, and shall be assigned a new time priority upon each reposting, until either the total posted size is exhausted or the Tracking Order is cancelled by the submitting ETP Holder [be cancelled, without routing the order to another market center or market participant]. A Tracking Order shall not trade-through a Protected Quotation.

(g) - (rr) No Change.
