Options Regulatory Fee*	\$0.005 per contract, <u>through February 2, 2014;</u> <u>\$0.0055 per contract, effective February 3, 2014</u>
-------------------------	--

\* The Options Regulatory Fee will be assessed on each OTP Holder or OTP Firm for all options transactions executed or cleared by the OTP Holder or OTP Firm that are cleared by The Options Clearing Corporation (“OCC”) in the customer range regardless of the exchange on which the transaction occurs. The fee is collected indirectly from OTP Holders and OTP Firms through their clearing firms by OCC on behalf of NYSE Arca. Effective December 1, 2012, an OTP Holder or OTP Firm shall not be assessed the fee until it has satisfied applicable technological requirements necessary to commence operations on NYSE Arca. The Exchange may only increase or decrease the Options Regulatory Fee semi-annually, and any such fee change will be effective on the first business day of February or August. The Exchange will notify participants via a Trader Update of any change in the amount of the fee at least 30 calendar days prior to the effective date of the change.
