Wireless and Meet-Me-Room Connectivity Fees and Charges

Last Updated: [December 14, 2020]●, 2021

* * * * *

B. Wireless Connectivity to Market Data

* * * * *

NYSE Arca BBO and Trades: Wireless Connection in Markham, Canada access center	\$5,000 per connection initial charge plus monthly charge per connection of \$6,500
--	---

C. Meet-Me-Room (“MMR”) Services

<u>Initial Fee per MMR Cabinet</u>	
<u>Dedicated Cabinet of up to 8 kW</u>	<u>\$5,000</u>
<u>MMR Monthly Fee for Cabinets</u> <i>Monthly fee is based on total kW's allocated to all of a Telecom's cabinets</i>	
<u>Number of kW's</u>	<u>Monthly Fee per kW</u>
<u>4 - 8</u>	<u>\$1,200</u>
<u>9 - 20</u>	<u>\$1,050</u>
<u>21 – 40</u>	<u>\$950</u>
<u>41 +</u>	<u>\$900</u>

<u>Type of Service</u>	<u>Description</u>	<u>Amount of Charge</u>
<u>Data Center Fiber Cross Connect</u>	<u>Furnish and install 1 cross connect</u>	<u>\$500 initial charge plus \$600 monthly charge</u>
	<u>Furnish and install bundle of 6 cross connects</u>	<u>\$500 initial charge plus \$1,800 monthly charge</u>
<u>Conduit Sleeve Fee</u>	<u>Install (5 hrs) and maintain conduit sleeve supporting Telecom circuit into data center</u>	<u>\$1,000 initial charge plus \$2,000 monthly charge per conduit sleeve</u>
<u>Carrier Connection Fee</u>	<u>Maintain Telecom's connections to its non-Telecom data center customers</u>	<u>\$1,150 monthly charge per connection</u>
<u>Connection to Time Protocol Feed</u>	<u>Precision Time Protocol</u>	<u>\$1,000 initial charge plus \$250 monthly charge</u>
<u>Expedite Fee</u>	<u>Expedited installation/completion of MMR service</u>	<u>\$4,000 per request</u>
<u>Change Fee</u>	<u>Change to a service that has already been installed/completed for a Telecom</u>	<u>\$950 per request</u>
<u>Hot Hands Service</u>	<u>Allows Telecom to use on-site data center personnel to maintain Telecom equipment, support network troubleshooting, rack and stack, power recycling, and install and document cable</u>	<u>\$100 per half hour</u>
<u>Shipping and Receiving</u>	<u>Receipt of one shipment of goods at data center on behalf of Telecom (includes coordination of shipping and receiving)</u>	<u>\$100 per shipment</u>
<u>Visitor Security Escort</u>	<u>All Telecom representatives are required to be accompanied by a visitor security escort during visits to the data center</u>	<u>\$75 per visit</u>

MMR Notes

Note 1: Cabinet and Power Purchasing Limits

If (i) unallocated cabinet inventory is at or below 3 cabinets (“Cabinet Threshold”), or (ii) the unallocated power capacity in the MMRs is at or below 8 kW (the “Power Threshold”), the following limits on the purchase of new cabinets (“Purchasing Limits”) will apply:

a. Cabinet Limits. If only the Cabinet Threshold is reached, the following measures (the “Cabinet Limits”) will apply:

- The Exchange will limit each Telecom’s purchase of new cabinets to a maximum of one dedicated cabinet.
- If a Telecom requests, in writing, a number of cabinets that, if provided, would cause the available cabinet inventory to be below 3 cabinets, the Cabinet Limits will only apply to the portion of the Telecom’s order below the Cabinet Threshold.
- A Telecom will have to wait 30 days from the date of its signed order form before purchasing a new cabinet again.
- When unallocated cabinet inventory for the MMRs is more than 3 cabinets, the Exchange will discontinue the Cabinet Limits.

b. Combined Limits. If only the Power Threshold is reached or both the Cabinet Threshold and the Power Threshold are reached, the following measures (the “Combined Limits”) will apply:

- A Telecom may purchase either or both of the following, so long as the combined power usage of such purchases is no more than a maximum of 4 kW:
 - a. One new cabinet, subject to a maximum standard power allocation of 4 kW (“Standard Cabinets”).
 - b. Additional power for new or existing cabinets.
- If a Telecom requests, in writing, a number of Standard Cabinets and/or an amount of additional power that, if provided, would cause the unallocated power capacity to be below the Power Threshold or Cabinet Threshold, the Combined Limits would apply only to the portion of the Telecom’s order below the relevant threshold.
- A Telecom will have to wait 30 days from the date of its signed order form before purchasing a new Standard Cabinet or additional power again.
- When unallocated power capacity is above the Power Threshold, the Exchange will discontinue the Combined Limits. If at that time the unallocated cabinet inventory is 3 or fewer cabinets, the Cabinet Limits would enter into effect.

- c. Applicability. If the Cabinet Threshold is reached before the Power Threshold, the Cabinet Limits will be in effect until the Power Threshold is reached, after which the Combined Limits will apply.

Note 2: Cabinet and Combined Waitlists

- a. Cabinet Waitlist. The Exchange will create a cabinet waitlist (“Cabinet Waitlist”) if the available cabinet inventory is zero, or a Telecom requests, in writing, a number of cabinets that, if provided, would cause the available inventory to be zero. The Exchange will place Telecoms seeking cabinets on a Cabinet Waitlist, as follows:

- A Telecom will be placed on the Cabinet Waitlist based on the date its signed order is received. A Telecom may only have one order for a new cabinet on the Cabinet Waitlist at a time, and the order is subject to the Cabinet Limits. If a Telecom changes the size of its order while it is on the Cabinet Waitlist, it will maintain its place on the Cabinet Waitlist, provided that the Telecom may not increase the size of its order such that it would exceed the Cabinet Limits.
- As cabinets become available, the Exchange will offer a cabinet to the Telecom at the top of the Cabinet Waitlist. If the Telecom’s order is completed, it will be removed from the Cabinet Waitlist.
- A Telecom will be removed from the Cabinet Waitlist (a) at the Telecom’s request or (b) if the Telecom turns down an offer of a cabinet of the same size it requested in its order. If the Exchange offers the Telecom a cabinet of a different size than the Telecom requested in its order, the Telecom may turn down the offer and remain at the top of the Cabinet Waitlist until its order is completed.
- A Telecom that is removed from the Cabinet Waitlist but subsequently submits a new written order for a cabinet will be added back to the bottom of the Cabinet Waitlist.
- When unallocated cabinet inventory is more than 3 cabinets, the Exchange will cease use of the Cabinet Waitlist.

- b. Combined Waitlist. The Exchange will create a power and cabinet waitlist (“Combined Waitlist”) if the unallocated power capacity is zero, or if a Telecom requests, in writing, an amount of power (whether power allocated to a Standard Cabinet or additional power) that, if provided, would cause the unallocated power capacity to be below zero. The Exchange will place Telecoms seeking cabinets or power on the Combined Waitlist, as follows:

- If a Cabinet Waitlist exists when the requirements to create a Combined Waitlist are met, the Cabinet Waitlist will automatically convert to the

Combined Waitlist. If a Combined Waitlist exists when the requirements to create a Cabinet Waitlist are met, no new waitlist will be created, and the Combined Waitlist will continue in effect.

- A Telecom will be placed on the Combined Waitlist based on the date its signed order for a cabinet and/or additional power is received. A Telecom may only have one order for a new cabinet and/or additional power on the Combined Waitlist at a time, and the order would be subject to the Combined Limits. If a Telecom changes the size of its order while it is on the Combined Waitlist, it will maintain its place on the Combined Waitlist, provided that the Telecom may not increase the size of its order such that it would exceed the Combined Limits.
- As additional power and/or cabinets become available, the Exchange will offer them to the Telecom at the top of the Combined Waitlist. If the Telecom's order is completed, the order will be removed from the Combined Waitlist. If the Telecom's order is not completed, it will remain at the top of the Combined Waitlist.
- A Telecom will be removed from the Combined Waitlist (a) at the Telecom's request; or (b) if the Telecom turns down an offer that is the same as its order (e.g. the offer includes a cabinet of the same size and/or the amount of additional power that the Telecom requested in its order). If the Exchange offers the Telecom an offer that is different than its order, the Telecom may turn down the offer and remain at the top of the Combined Waitlist until its order is completed.
- A Telecom that is removed from the Combined Waitlist but subsequently submits a new written order for a cabinet and/or additional power will be added back to the bottom of the waitlist.
- If the Combined Waitlist is in effect, when unallocated power capacity in co-location is at 8 kW or more, the Exchange will cease use of the Combined Waitlist. If at that time the unallocated cabinet inventory is 3 or fewer cabinets, the Cabinet Waitlist would enter into effect.
