specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange adopted NYSE Arca Rule 8.601-E for the purpose of permitting the listing and trading, or trading pursuant to unlisted trading privileges, of Active Proxy Portfolio Shares, which are securities issued by an actively managed open-end investment management company.⁴ The Exchange subsequently amended Rule 8.601-E to provide for the use of Custom Baskets, which are portfolios of securities that are different from the Proxy Portfolio and are otherwise consistent with the exemptive relief issued pursuant to the Investment Company Act of 1940 (the “1940 Act”) applicable to a series of Active Proxy Portfolio Shares.⁵

Background

Rule 8.601-E sets forth certain rules related to the listing and trading of Active Proxy Portfolio Shares. Under Rule 8.601-E(c)(1), the term Active Proxy Portfolio Shares means a security that (a) is issued by an investment company registered under the 1940 Act (an “Investment Company”) organized as an open-end management investment company that invests in a portfolio of securities selected by the Investment Company’s investment adviser consistent

⁵ See Securities Exchange Act Release No. 93120 (September 24, 2021), 86 FR 54257 (September 30, 2021) (SR-NYSEArca-2021-64) (the “Custom Basket Approval Order”).

with the Investment Company’s investment objectives and policies; (b) is issued in a specified minimum number of shares, or multiples thereof, in return for a deposit by the purchaser of the Proxy Portfolio or Custom Basket, as applicable, and/or cash with a value equal to the next determined net asset value (“NAV”); (c) when aggregated in the same specified minimum number of Active Proxy Portfolio Shares, or multiples thereof, may be redeemed at a holder’s request in return for the Proxy Portfolio or Custom Basket, as applicable, and/or cash to the holder by the issuer with a value equal to the next determined NAV; and (d) the portfolio holdings for which are disclosed within at least 60 days following the end of every fiscal quarter.

Rule 8.601-E(c)(2) defines the term “Actual Portfolio” as identities and quantities of the securities and other assets held by the Investment Company that shall form the basis for the Investment Company’s calculation of NAV at the end of the business day.

Rule 8.601-E(c)(3) defines the term “Proxy Portfolio” as a specified portfolio of securities, other financial instruments, and/or cash designed to track closely the daily performance of the Actual Portfolio of a series of Active Proxy Portfolio Shares as provided in the exemptive relief pursuant to the 1940 Act applicable to such series. The website for each series of Active Proxy Portfolio Shares shall disclose the information regarding the Proxy Portfolio as provided in the exemptive relief pursuant to the 1940 Act applicable to such series, including the following, to the extent applicable:

- (i) Ticker symbol;
- (ii) CUSIP or other identifier;
- (iii) Description of holding;
- (iv) Quantity of each security or other asset held; and
- (v) Percentage weighting of the holding in the portfolio.

Rule 8.601-E(c)(4) defines the term “Custom Basket” as a portfolio of securities that is different from the Proxy Portfolio and is otherwise consistent with the exemptive relief issued pursuant to the 1940 Act applicable to a series of Active Proxy Portfolio Shares.

The Exchange proposes to modify representations made in each Fund’s original filing that provided for the creation and redemption of shares using the Proxy Portfolio or cash.

Specifically, the Exchange proposes to permit each Fund to use a Custom Basket, in addition to a Proxy Portfolio or cash, to create or redeem shares in accordance with its respective exemptive relief and current Rule 8.601-E. The Exchange believes that updating such representations to permit the Funds to use Custom Baskets, to the extent consistent with the terms of a Fund’s exemptive relief, would benefit the investing public and the marketplace by providing greater flexibility in the creation and redemption process for shares of Active Proxy Portfolio Shares and would promote competition among various ETF products.

Accordingly, the issuers of each Fund each represent that it and any person acting on behalf of the series of Active Proxy Portfolio Shares which are the subject of this filing will

terms and conditions of the Prior Natixis Exemptive Order, as such order may be amended from time to time.

Under the Prior Natixis Exemptive Order (and, accordingly, the exemptive orders described above that incorporate the terms and conditions of the Prior Natixis Exemptive Order), each of the Natixis Funds, American Century Funds, Nuveen Funds, and the Schwab Fund (collectively, the “Natixis Model Funds”) is required to publish a Proxy Portfolio, which is designed to closely track its daily performance but will not be a Fund’s Actual Portfolio. The Prior Natixis Application stated that a Natixis Model Fund’s Proxy Portfolio would be designed to reflect the economic exposures and risk characteristics of such fund’s actual holdings on each trading day, which would be achieved by performing an analysis of such fund’s Actual Portfolio (the “Factor Model”). Each Natixis Model Fund would have a universe of securities (the “Model Universe”) that would be used to generate its Proxy Portfolio. The Model Universe would be comprised solely of securities that a Natixis Model Fund can purchase and would be a financial index or stated portfolio of securities from which a Natixis Model Fund’s investments would be selected. The results of the Factor Model analysis of a Natixis Model Fund’s Actual Portfolio would then be applied to such fund’s Model Universe. The daily rebalanced Proxy Portfolio would then be generated as a result of this Model Universe analysis with the Proxy Portfolio being a small sub-set of the Model Universe. The Factor Model would be applied to both the Actual Portfolio and the Model Universe to construct a Natixis Model Fund’s Proxy Portfolio that performs in a manner substantially identical to the performance of its Actual Portfolio. Investments made by the Natixis Model Funds will comply with the conditions set forth in the Prior Natixis Application and the Prior Natixis Exemptive Order.²⁹

²⁹ See Natixis Approval Order, supra note 4; Natixis Vaughan Approval Order, supra note

On August 31, 2020, and as amended on November 16, 2020 and December 8, 2020, the Natixis ETF Trust II sought to amend the Prior Natixis Exemptive Order (the “Updated Natixis Application”) to enable the Natixis Funds to use Creation Baskets³⁰ that include instruments that are not in the Proxy Portfolio, or are included in the Proxy Portfolio but in different weightings (i.e., for purposes of this filing, Custom Baskets).³¹ On February 9, 2021, the Commission issued an order permitting the Natixis Funds to use Custom Baskets that include instruments that are not included, or are included with different weightings, in a Natixis Model Fund’s Proxy Portfolio (the “Updated Natixis Order”).³²

The Exchange thus proposes to update the listing rules for each of the Natixis Model Funds to reflect the terms and conditions of the Updated Natixis Order. Specifically, the Exchange proposes to reflect that each of the Natixis Model Funds will comply with the terms of the Updated Natixis Application and the Updated Natixis Order and, accordingly, are permitted to use Custom Baskets that include instruments that are not included, or are included with different weightings, in a Natixis Model Fund’s Proxy Portfolio.

Specifically, the Exchange proposes to reflect that the Fidelity Model Funds will comply with the terms of the Updated Fidelity Application and the Updated Fidelity Order and, accordingly, are permitted to use Custom Baskets that include instruments that are not included, or are included with different weightings, in a Fidelity Model Fund’s Proxy Portfolio.

Stance Equity ESG Large Cap Core ETF

Shares of the Stance Equity ESG Large Cap Core ETF (the “Stance Fund” or “Blue Tractor Model Fund”) are issued by The RBB Fund, Inc. The RBB Fund, Inc. filed an application for an order under Section 6(c) of the 1940 Act for exemptions from various provisions of the 1940 Act and rules thereunder (the “RBB Application”).⁴⁵ On February 26, 2021, the Commission issued an order (the “RBB Exemptive Order”) under the 1940 Act granting the exemptions requested in the RBB Application.⁴⁶ The RBB Application and RBB

Under the Prior Blue Tractor Exemptive Order and thus the RBB Exemptive Order, the Stance Fund is required to publish a Proxy Portfolio that is a basket of securities and cash that, while different from the fund’s portfolio, is designed to closely track its daily performance. Specifically, each day, a proprietary algorithmic process will be applied to the Stance Fund’s portfolio to generate a basket of securities and cash the performance of which is designed to closely track the daily performance of the fund’s portfolio. Investments made by the Stance Fund will comply with the conditions set forth in the RBB Exemptive Order and the Prior Blue Tractor Exemptive Order.⁴⁸

On September 18, 2020, and as amended on January 19, 2021, Blue Tractor ETF Trust and Blue Tractor Group, LLC sought to amend the Prior Blue Tractor Exemptive Order (the “Updated Blue Tractor Application”) to permit use of Creation Baskets⁴⁹ that include instruments that are not included, or are included with different weightings, in a fund’s Proxy

Portfolio (i.e., for purposes of this filing, Custom Baskets).⁵⁰ On March 9, 2021, the Commission issued an amended order that, among other things, permits the use of Custom Baskets that include instruments that are not included, or are included with different weightings in a fund's Proxy Portfolio (the "Updated Blue Tractor Order").⁵¹

The Exchange thus proposes to update the listing rule for the Stance Fund to reflect the terms and conditions of the Updated Blue Tractor Order. Specifically, the Exchange proposes to reflect that the Stance Fund will comply with the terms of the Updated Blue Tractor Application and the Updated Blue Tractor Order and, accordingly, are permitted to use Custom Baskets that include instruments that are not included, or are included with different weightings, in the Stance Fund's Proxy Portfolio.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁵² in general, and furthers the objectives of Section 6(b)(5) of the Act,⁵³ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

because it would permit each of the Funds to use Custom Baskets, to the extent consistent with their applicable exemptive relief and in accordance with amended NYSE Arca Rule 8.601-E.

The Exchange believes that the proposal, which would permit the Funds to use Custom Baskets that include instruments that are not included, or are included with different weightings, in a Fund's Proxy Portfolio raises no novel issues under the Act.⁵⁴ In addition, the Funds' use of Custom Baskets would be consistent with, and contemplated by, amended Rule 8.601-E, and the Exchange believes that the proposed rule change would remove impediments to and perfect the mechanism of a free and open market and, in general, protect investors and the public interest because, to the extent the Funds wish to utilize Custom Baskets, the Funds will continue to be required to meet the initial and continued listing criteria set forth in Rule 8.601-E.

The proposed rule change is also designed to prevent fraudulent and manipulative acts and practices, promote just and equitable principles of trade, remove impediments to and perfect the mechanism of a free and open market, and, in general, to protect investors and the public interest because, as noted above, all other representations made in the prior filings for the Funds remain unchanged and will continue to constitute continuing listing requirements for the Funds.

For these reasons, the Exchange believes that the proposal is consistent with the Act.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁵⁵ the Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the proposed rule change reflects amendments to the exemptive orders applicable to the Funds and would thus permit the Funds to

operate consistent with their exemptive relief. The Exchange does not believe that the proposed change imposes any burden on competition, and, to the extent that the proposed rule change would continue to permit listing and trading of the Funds, the Exchange believes that the proposal could promote competition among various ETF products, to the benefit of investors.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵⁶ and Rule 19b-4(f)(6) thereunder.⁵⁷

A proposed rule change filed under Rule 19b-4(f)(6)⁵⁸ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),⁵⁹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposed rule change may take effect upon filing.

⁵⁶ 15 U.S.C. 78s(b)(3)(A).

⁵⁷ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

⁵⁸ 17 CFR 240.19b-4(f)(6).

⁵⁹ 17 CFR 240.19b-4(f)(6)(iii).

The Commission notes that each Fund seeking to use Custom Baskets pursuant to this rule change represents that it is currently in compliance with Rule 8.601-E, as amended by the Custom Basket Approval Order, and will continue to comply with all requirements of Rule 8.601-E, as amended by the Custom Basket Approval Order. In addition, the Exchange represents that all other representations made in the prior filings for the Funds remain unchanged and will continue to constitute continuing listing requirements for the Funds. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change does not raise any new or novel issues.⁶⁰ Accordingly, the Commission waives the 30-day operative delay and designates the proposal operative upon filing.⁶¹

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments
