

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-72040; File No. SR-NYSEMKT-2014-39)

April 29, 2014

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending Commentary .01 to Rule 901 to Replace the Reference to “GOOG” with “GOOGL”

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on April 23, 2014 NYSE MKT LLC (the “Exchange” or “NYSE MKT”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend Commentary .01 to Rule 901 to replace the reference to “GOOG” with “GOOGL”. The text of the proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places

specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Commentary .01 to Rule 901 (Option Contracts to be Traded) to replace the reference to "GOOG" with "GOOGL". This filing is based on a proposal recently submitted by the Chicago Board Options Exchange, Incorporated ("CBOE").⁴

The Exchange is proposing to amend Commentary .01 to Rule 901 to reflect a change to the ticker symbol for Class A shares of Google Inc. ("Google"). On April 2, 2014, Google issued a new class of shares (Class C) to its shareholders in lieu of a cash dividend payment. Additionally, this new Class C of shares was given the former Google ticker symbol, "GOOG". As a result, a new ticker symbol, "GOOGL", was assigned to the Class A shares. The Exchange proposes to change the Google ticker symbol referenced in Rule 901 from "GOOG" to "GOOGL". The purpose of this change is to ensure that Exchange rules properly reflect the intention and practice of the Exchange to trade mini options on only an exhaustive list of underlying securities outlined in Commentary .01 of Rule 901. This change will make it clear that the current list of underlying securities that mini options can be traded on includes the Google Class A shares, while at the same time making it clear that Google Class C shares are not part of that list. The Exchange therefore believes that the proposed rule change will help avoid confusion regarding which Google shares are eligible for mini options.

⁴ See Securities Exchange Act Release No.71848 (April 2, 2014) 79 FR 19405 (April 8, 2014) (Notice of Filing and Immediate Effectiveness of SR-CBOE-2014-030).

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5),⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

In particular, the proposed rule change to revise the Google Class A ticker symbol to its new designation is consistent with the Act because the proposed change is merely updating the corresponding ticker to properly reflect the applicable ticker symbol for Google's Class A shares. This change should provide clarity to market participants when making investment decisions regarding mini options contracts overlying Google Class A shares.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard and as indicated above, the Exchange notes that the rule change being proposed is substantially similar in all material respects to a rule change recently adopted by the CBOE.⁷ The proposed change does not impose any burden on intramarket competition because it applies to all Participants. There is no burden on intermarket competition as the proposed change is merely attempting to update the new ticker for Google Class A shares. As a result, there will be no substantive changes to the Exchange's operations or its rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

A proposed rule change filed under Rule 19b-4(f)(6)¹⁰ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹¹ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest, as it will allow the Exchange to continue to list mini options on the Google Class A shares following the issuance of a new class of Google shares (Class C) on April 2, 2014. For this reason, the Commission designates the proposed rule

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

change to be operative upon filing.¹²

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
