December 6, 2024

Self-Regulatory Organizations; NYSE National, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Rule 2.4(a)

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that on December 3, 2024, NYSE National, Inc. (“NYSE National” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been substantially prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 2.4(a) to add clarity to the process for a broker-dealer to become an ETP Holder or remain an ETP Holder on the Exchange notwithstanding the existence of a statutory disqualification. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the

places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Rule 2.4(a) to add clarity to the process for a broker-dealer to become an ETP Holder or remain an ETP Holder on the Exchange notwithstanding the existence of a statutory disqualification.

Background and Proposed Rule Filing

Section 3(a)(39) of the Act defines the term “statutory disqualification” and the circumstances that can cause a person (either a Member, or a person associated with a Member) to be subject to a statutory disqualification.⁴ Absent relief, a statutory disqualification would preclude a broker-dealer or person associated with a broker-dealer from certain activities, including membership in a self-regulatory organization (“SRO”).

There is, however, a well-established process through which a broker-dealer (or a person associated with a broker-dealer) may continue to operate in the securities industry (and either become a member of, or continue as a member of, one or more SROs) despite being subject to a statutory disqualification.⁵ In particular, SEC Rule 19h-1⁶ describes several ways an SRO may seek relief for a member (or prospective member) that is subject to a statutory disqualification, including whether an SRO must file a notice with the Commission in order to allow the disqualified firm to become or continue as a member with the SRO (a “19h-1 Notice”). A 19h-1

Notice does not, for instance, need to be filed by an SRO if the firm subject to a statutory disqualification is a member of at least one other SRO, and that SRO intends to file a 19h-1 Notice for the firm.⁷

Rule 2.4 (Restrictions) sets forth restrictions on persons becoming ETP Holders or continuing as ETP Holders, and provides that no person may become an ETP Holder or continue as an ETP Holder in any capacity on the Exchange unless, among other things, such person is not subject to a statutory disqualification, except that a person may become an ETP Holder or continue as an ETP Holder where, pursuant to Rules 19d-1, 19d-2, 19d-3 and 19h-1 of the Exchange Act, the Commission has issued an order providing relief from such a disqualification and permitting such a person to become an ETP Holder.⁸

Recently, a non-member broker-dealer firm subject to a statutory disqualification that is currently under review by the Financial Industry Regulatory Authority, Inc. (“FINRA”) applied for Exchange membership.⁹

In reviewing this application, the Exchange determined that this situation is not explicitly addressed in its rules as it is in the rules of other exchanges.¹⁰ Specifically, BOX, Cboe BZX, Cboe BYX, Cboe EDGX, and Cboe EDGA each amended their respective rules in 2016 to provide more clarity as to the authority of each exchange to determine whether to admit a

⁸ See Rule 2.4(a)(2).

⁹ The processing of new membership applications at the Exchange includes statutory disqualification disclosures and background investigations of prospective ETP Holders and persons associated with an ETP Holder. Review, assessment, and processing of these membership applications has been conducted on behalf of the Exchange by FINRA pursuant to a regulatory services agreement.

¹⁰ See Cboe EDGX Exchange, Inc. (“Cboe EDGX”) Rule 2.5(a) & Interpretation and Policies .04; Cboe BZX Exchange, Inc. (“Cboe BZX”) Rule 2.5(a) & Interpretation and Policies .04; Cboe BYX Exchange, Inc. (“Cboe BYX”) Rule 2.5(a) & Interpretation and Policies .04; Cboe EDGA Exchange, Inc. (“Cboe EDGA”) Rule 2.5(a) & Interpretation and Policies .04; and BOX Options Exchange LLC (“BOX”) Rule 2040(a) & IM-2040-08.

prospective member that is subject to a statutory disqualification.¹¹ The 2016 rule change filings of these exchanges also amended several other aspects of their application procedures, but the Exchange only seeks to harmonize its rules insofar as they apply to ETP Holders and prospective ETP Holders (and associated person of ETP Holders) that are subject to a statutory disqualification in order to address the membership application described herein.¹²

The Exchange accordingly proposes to align its rule with these other exchanges specifically with respect to the process of assessing an applicant for membership that is subject to a statutory disqualification.¹³ As discussed below, the Exchange is making the proposed rule changes and seeks waiver of the 30-day operative delay in order to address an unusual and time sensitive situation in which a firm subject to a statutory disqualification seeks to become an Exchange ETP Holder during the pendency of the process by which the firm is seeking relief from the statutory disqualification.

¹¹ See Securities Exchange Act Release No. 78449 (August 1, 2016), 81 FR 51947 (August 5, 2016) (SR-BOX-2016-26); Securities Exchange Act Release No. 79229 (November 3, 2016), 81 FR 78875 (November 9, 2016) (SR-BatsBZX-2016-67); Securities Exchange Act Release No. 79233 (November 3, 2016), 81 FR 78869 (November 9, 2016) (SR-BatsBYX-2016-28); Securities Exchange Act Release No. 79234 (November 3, 2016), 81 FR 78867 (November 9, 2016) (SR-BatsEDGA-2016-23); Securities Exchange Act Release No. 79236 (November 3, 2016), 81 FR 78878 (November 9, 2016) (SR-BatsEDGX2016-59).

¹² The 2016 rule filings also added some other conditions for eligibility for exchange membership such as adding a restriction that members must meet any condition the exchange placed on such member, which the Exchange believes are adequately addressed in other Exchange rules. See, e.g., Rule 2.2 (Obligations of ETP Holders and the Exchange); Rule 2.3 (ETP Holder Eligibility); and Rule 2.4 (Restrictions). Moreover, the Rule 10.9520 Series sets forth procedures for an Associated Person (defined in Rule 1.1(x)) to become or remain associated with an ETP Holder notwithstanding the existence of a statutory disqualification as defined in Section 3(a)(39) of the Act, and for a current ETP Holder or Associated Person to obtain relief from the eligibility or qualification requirements of the Exchange's Rules, referred to in the Rule as "eligibility proceedings."

¹³ The proposed changes mirror the language in the following rules: BOX Rule 2040(a) and IM-2040-08; Cboe BZX Rule 2.5(a) and Interpretation and Policies .04; Cboe BYX Rule 2.5(a) and Interpretation and Policies .04; Cboe EDGA Rule 2.5(a) and Interpretation and Policies .04; and Cboe EDGX Rule 2.5(a) and Interpretation and Policies .04.

To effectuate these changes, the Exchange proposes to add Commentary .01 to Rule 2.4 to provide that the Exchange could approve an applicant for membership (or association with a member) that is subject to a statutory disqualification when a proceeding is pending before another SRO to determine whether to permit an ETP Holder or associated person of an ETP Holder to become or continue membership or association notwithstanding a statutory disqualification. This provision, which is consistent with SEC Rule 19h-1(a)(3), would provide as follows (additional underlined):

.01 Statutory Disqualification Proceedings Pending Before
Another SRO. The Exchange may waive the provisions of Rule 2.4(a)(2) when a proceeding is pending before another self-regulatory organization to determine whether to permit a member or associated person of a member to become or continue membership or association notwithstanding a statutory disqualification. In the event the Exchange determines to waive the provisions of Rule 2.4(a)(2) with respect to an existing or prospective ETP Holder or associated person of an existing or prospective ETP Holder, the Exchange shall determine whether it will concur in any Exchange Act Rule 19h-1 filing made by another self-regulatory organization with respect to the ETP Holder or associated person.

This Commentary is substantively identical to IM-2040-8 to BOX Rule 2040 and Interpretation and Policies .04 to Cboe BZX, BYX, EDGX, and EDGA Rules 2.5, except for language clarifying that the new supplementary material would apply to both prospective and

existing Exchange Members.

The Exchange also proposes conforming amendments to Rule 2.4(a) to add the clause “except as otherwise permitted by the Exchange,” and to delete the clause in Rule 2.4(a)(2) providing that a person subject to statutory disqualification may become an ETP Holder or continue as an ETP Holder where, pursuant to Rules 19d-1, 19d-2, 19d-3 and 19h-1 of the Act, the Commission has issued an order providing relief from such a disqualification and permitting such a person to become an ETP Holder since, as noted above, not every statutory disqualification requires an SRO to make a filing under Rule 19h-1 of the Act and not all filings require a Commission order.¹⁴ As proposed, Rule 2.4(a)(2) would read “No person may become an ETP Holder or continue as an ETP Holder in any capacity on the Exchange unless such person is not subject to a statutory disqualification, except as otherwise permitted by the Exchange.” The proposed language is based on the rules of the Exchange’s affiliates the New York Stock Exchange LLC (“NYSE”) and NYSE American LLC (“NYSE American”), specifically NYSE Rule 346 (Statutory Disqualification – Association of Member Organizations, and Persons Associated With Member Organizations) and NYSE American Rule 342 (Association of Members, Member Organizations, and Persons Associated With Member Organizations), and is also substantively identical to BOX Rule 2040(a)(3) and Cboe BZX, BYX, EDGX, and EDGA Rules 2.5(a)(3).

The Exchange believes that the proposed rule change would appropriately align its rules with the Commission’s rules regarding statutory disqualifications and harmonize the Exchange’s process with several other SROs. The Exchange notes that in assessing the statutory disqualification of an ETP Holder or prospective ETP Holder, it must act consistent with the

¹⁴ See the list of disqualifying events in Section 3(a)(39) of the Act, 15 USC 78c(a)(39).

protection of investors and in the public interest and cannot unfairly discriminate against ETP Holders or prospective ETP Holders.¹⁵ Moreover, as noted above, an ETP Holder can seek relief from the Exchange's eligibility or qualification requirements pursuant to the Rule 10.9520 Series.¹⁶ In addition, any prospective ETP Holder that has been denied membership in the Exchange or barred from becoming associated with an ETP Holder is entitled to certain due process pursuant to Rule 2.5(d), which includes, but is not limited to, potential review by the Commission.¹⁷

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act¹⁸ in general, and furthers the objectives of Section 6(b)(5),¹⁹ in particular, because it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to, and perfect the mechanism of, a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would better align the Exchange's rules with the Commission's rules regarding statutory disqualifications and enable a consistent process across the Exchange and several other SROs to make appropriate filings with respect to persons subject to a statutory disqualification, thereby protecting investors and the public interest

¹⁵ 15 U.S.C. 78f(b)(5).

¹⁶ See note 12, supra.

¹⁷ The Exchange determined that the procedures for persons aggrieved by adverse action by the Exchange, including but not limited to those persons who have been denied an ETP, were inadvertently deleted when the Exchange was relaunched in 2018. The Exchange will correct this oversight by promptly making an appropriate rule filing with the Commission.

¹⁸ 15 U.S.C. 78f(b).

¹⁹ 15 U.S.C. 78f(b)(5).

by providing more clarity and consistency with respect to the process of seeking relief from a statutory disqualification and in general enabling the Exchange to more efficiently administer membership applications involving statutory disqualifications. The Exchange further believes that the proposed change would remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, protect investors and the public interest, and add clarity, transparency and consistency to the Exchange's disciplinary rules. The Exchange believes that market participants would benefit from the increased clarity, thereby reducing potential confusion.

The Exchange also believes it is reasonable to remove the references to Rules 19d-1, 19d-2, 19d-3, and 19h-1, as well as the language regarding a Commission order providing relief from a statutory disqualification from Rule 2.4(a)(2) because, as discussed above, not every statutory disqualification requires an SRO to make a filing pursuant to Commission Rule 19h-1 to allow an ETP Holder or person associated with an ETP Holder to continue working in the securities industry notwithstanding a statutory disqualification, and not every filing pursuant to Rule 19h-1 requires a Commission order. In addition, the proposed changes would align Rule 2.4 with the equivalent rules of BOX, Cboe BZX, Cboe BYX, Cboe EDGA, Cboe EDGX, as well as the rules of the Exchange's affiliates.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to address competitive issues but rather is concerned solely with aligning the Exchange's rules with those of other exchanges and with the Commission's approach to handling firms that are subject to statutory disqualification.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁰ and Rule 19b-4(f)(6) thereunder.²¹

A proposed rule change filed under Rule 19b-4(f)(6)²² normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²³ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. NYSE National has asked the Commission to waive the 30-day operative delay so that the proposed rule change may become operative upon filing. NYSE National states that waiving the 30-day delay in this manner would allow the Exchange to address an unusual and time sensitive situation in which a firm subject to a statutory disqualification seeks to become an Exchange member organization during the pendency of the process by which the firm is seeking relief from the statutory disqualification. For this reason, the Commission believes that waiving the 30-day operative delay is consistent with the

²⁰ 15 U.S.C. 78s(b)(3)(A).

²¹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. NYSE National has satisfied this requirement.

²² 17 CFR 240.19b-4(f)(6).

²³ 17 CFR 240.19b-4(f)(6)(iii).

protection of investors and the public interest. Therefore, the Commission hereby waives the operative delay and designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
