SECURITIES AND EXCHANGE COMMISSION (Release No. 34-65552; File No. SR-Phlx-2011-139)

October 13, 2011

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend a Pilot Period for Receiving Orders Routed from The NASDAQ Stock Market LLC into NASDAQ OMX PSX

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"), ¹ and Rule 19b-4 thereunder, ² notice is hereby given that on October 6, 2011, NASDAQ OMX PHLX LLC (the "Exchange" or "PHLX") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. <u>Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed</u> Rule Change

The Exchange is filing this proposed rule change to extend the pilot period of PHLX's prior approval to receive inbound routes of equities orders from The NASDAQ Stock Market LLC ("NASDAQ") through Nasdaq Execution Services, LLC ("NES"), into PHLX's NASDAQ OMX PSX trading system ("PSX"). There is no proposed rule text.

II. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change</u>

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in

Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

1. Purpose

Currently, NES is the approved outbound routing facility of NASDAQ for cash equities, providing outbound routing from NASDAQ to other market centers.³ PSX also has been previously approved to receive inbound routes of equities orders by NES in its capacity as an order routing facility of NASDAQ on a one-year pilot basis.⁴ Because PSX commenced receiving orders routed to it by NES on October 8, 2010, the pilot will expire shortly. The Exchange hereby seeks to extend this previously approved pilot period for inbound routing (with the attendant obligations and conditions) for an additional 6 months, through April 8, 2012.⁵

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁶ in general, and with Section 6(b)(5) of the Act,⁷ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just

Relating to the Acquisition of an ECN by The Nasdaq Stock Market, Inc.) and 52902 (December 7, 2005), 70 FR 73810 (December 13, 2005) (SR-NASD-2005-128) (Order Approving a Proposed Rule Change To Establish Rules Governing the Operation of the INET System).

See Securities Exchange Act Release No. 62877 (September 9, 2011), 75 FR 56633 (September 16, 2011) (SR-PHLX-2010-79) (the "PSX Approval Order").

During this pilot period, the Exchange will file a separate proposal with the Commission seeking permanent approval of the PSX and NES routing relationship.

and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

Specifically, the proposed rule change will allow the Exchange to continue receiving inbound routes of equities orders from NES acting in its capacity as a facility of NASDAQ, in a manner consistent with prior approvals and established protections. The Exchange believes that extending the previously approved pilot period for six months is of sufficient length to permit both the Exchange and the Commission to assess the impact of the Exchange's authority to receive direct inbound routes of equities orders via NES (including the attendant obligations and conditions) and to determine whether to approve the pilot on a permanent basis.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

C. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others</u>

Written comments were neither solicited nor received.

III. <u>Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action</u>

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest, does not impose any significant burden on competition, and, by its terms, does not become operative for 30 days from the date on which it was filed, or such

shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁸ and Rule 19b-4(f)(6) thereunder.⁹

The Exchange has requested that the Commission waive the 30-day operative delay. The Exchange believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because a temporary suspension of authority to receive inbound routes of equities orders from NASDAQ would be highly disruptive to the Exchange, NASDAQ and their respective market participants and would not serve to advance any countervailing public interest. The Commission believes that waiver of the operative delay is consistent with the protection of investors and the public interest because such waiver would allow the pilot period to be extended without undue delay through April 8, 2012 while the Exchange's proposal to make the pilot permanent is under consideration. Therefore, the Commission designates the proposal operative upon filing. The commission designates the proposal operative upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

⁸ 15 U.S.C. 78s(b)(3)(A).

⁹ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

¹⁰ See SR-Phlx-2011-139, Item 7.

See supra note 5.

For purposes only of waiving the 30-day operative delay, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. <u>See</u> 15 U.S.C. 78c(f).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
