Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Delay the Implementation of the Options Floor Broker Management System Until the End of September 2013

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on August 1, 2013, NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to delay the implementation of its new Options Floor Broker Management System.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to delay the implementation of the Exchange's enhancements to the Options Floor Broker Management System ("FBMS"). The Exchange received approval to implement the enhancements as of June 1, 2013,³ and delayed implementation until July 2013.⁴ At this time, the Exchange needs additional time in order to complete the applicable technology work. Accordingly, the Exchange seeks to be able to implement the changes by the end of September 2013; the Exchange will announce the specific date in advance through an Options Trader Alert.

Today, FBMS enables Floor Brokers and/or their employees to enter, route, and report transactions stemming from options orders received on the Exchange. FBMS also establishes an electronic audit trail for options orders represented by Floor Brokers on the Exchange. Floor Brokers can use FBMS to submit orders to Phlx XL, rather than executing the orders in the trading crowd.

With the new FBMS, all options transactions on the Exchange involving at least one Floor Broker would be required to be executed through FBMS. In connection with order execution, the Exchange will allow FBMS to execute two-sided orders entered by Floor Brokers, including multi-leg orders up to 15 legs, after the Floor Broker has represented the orders in the trading crowd. FBMS will also provide Floor Brokers with an enhanced functionality called the

complex calculator that will calculate and display a suggested price of each individual component of a multi-leg order, up to 15 legs, submitted on a net debit or credit basis.

The Exchange still intends to implement these enhancements with a trial period of two to four weeks, to be determined by the Exchange, during which the new FBMS enhancements and related rules would operate along with the existing FBMS and rules. The Exchange will announce the beginning and end of the trial period in advance.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by enhancing FBMS to make the Exchange's markets more efficient, to the benefit of the investing public. Although the Exchange needs additional time to finalize the enhancements, the delay is expected to be short and will involve advance notice to the Exchange membership.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange continues to believe, as it stated when proposing these enhancements, that these enhancements to FBMS should result in the Exchange's trading floor operating in a more efficient way, which should help it compete with other floor-based exchanges and help the Exchange's Floor Brokers compete with floor brokers on other options exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative for 30 days after the filing.⁹ However, Rule 19b-4(f)(6)(iii) permits the Commission to designate a shorter time if such time is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the Exchange can implement the enhancements once they are ready from a technology perspective. The Commission believes that the waiver of the 30-day operative delay is consistent with the protection of investors and the public interest as it will clarify that the delayed implementation of the FBMS will be effective and operative immediately. In addition, because the proposal only delays the implementation date of the FBMS and does not make any additional changes to the

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

FBMS itself, it does not raise any novel regulatory issues. Therefore, the Commission designates the proposal operative upon filing.¹⁰

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.
