With respect to Section I of this Pricing Schedule, the order that is received by the trading system first in time shall be considered an order adding liquidity and an order that trades against that order shall be considered an order removing liquidity, except with respect to orders that trigger an order exposure alert. Customer volume attributable to this section will be included in the calculation of Customer volume in Multiply Listed Options that are electronically-delivered and executed for purposes of the Customer Rebate Program in Section B. However, the rebates defined in Section B will not apply to electronic executions in SPY.

Fee for Removing Liquidity	\$0.00	\$0.40	\$0.40	\$0.50	\$0.50

- Complex Order Fees for Removing Liquidity, applicable to Specialists and Market Makers, will be decreased by \$0.02 per contract when the Specialist or Market Maker transacts against a Customer Order directed to that Specialist or Market Maker for execution.

- Simple Orders that are executed against the individual components of Complex Orders will be assessed the fees and rebates in Part A. However, the individual components of such a Complex Order will be assessed the fees in Part B.

- Customers will be assessed \$0.00 per contract and all other market participants will be assessed \$0.15 per contract for executions against an order for which the Exchange broadcasts an order exposure alert in SPY.

Part C. The following will apply to fees in Parts A and B:

- The Monthly Market Maker Cap on transaction fees that are currently applicable to Market Makers and Specialists transacting Multiply Listed Options will not be applicable to electronic transactions in the SPY, except for QCC Transaction Fees.
- The Monthly Firm Fee Cap will apply to floor transactions and QCC electronic and QCC floor transactions in SPY.
- Marketing Fees defined in Section II will not be collected on transactions in SPY.
- The Cancellation Fee for each cancelled electronically delivered Professional AON order will continue to apply to the SPY. The Cancellation Fee will not apply for each cancelled electronically delivered Customer order in SPY.
- Transactions in SPY originating on the Exchange floor will be subject to the Multiply Listed Options Fees (see Multiply Listed Options Fees in Section II). However, if one side of the transaction originates on the Exchange floor and any other side of the trade was the result of an electronically submitted order or a quote, then these fees will apply to the transactions which originated on the Exchange floor and contracts that are executed electronically on all sides of the transaction. The one side of the transaction which originates on the Exchange floor will count toward the volume which qualifies a participant for the Simple Order Rebate for Adding Liquidity for Specialists and Market Makers in SPY.
- A non-Complex electronic auction includes the Quote Exhaust auction and, for purposes of these fees, the opening process. A Complex electronic auction includes, but is not limited to, the Complex Order Live Auction (“COLA”).
 - Customer executions that occur as part of a Complex electronic auction will be assessed \$0.00 per contract.
 - Customer executions that occur as part of a non-Complex electronic auction will be assessed \$0.00 per contract.
