

SECURITIES AND EXCHANGE COMMISSION
(Release No. 34-89164; File No. SR-Phlx-2020-31)

June 26, 2020

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Modify the Implementation Date of the Proposed Rule Change to Amend Exchange Rules 3301A and 3301B

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 17, 2020, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the operative date of SR-Phlx-2020-15, which proposed to amend Exchange Rules 3301A and 3301B.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On March 26, 2020, the Exchange filed with the Commission a rule change to amend Exchange Rule 3301A and Rule 3301B to modify the behavior of Order Types and Order Attributes in certain situations.³ The proposed rule change indicated that the implementation date of the modifications would be on or before the end of the Second Quarter of 2020.⁴ The Exchange proposes to modify the operative date and delay the implementation of the modifications until on or before the end of the Third Quarter of 2020. The Exchange will announce the new implementation date by an Equity Trader Alert, which shall be issued prior to the implementation date.

Due to the recent market volatility resulting from the novel coronavirus pandemic, the Exchange has been adjusting its systems testing schedule and assessing any risks to the operation of its systems that could potentially be introduced by implementing new functionalities during this time. The extension would therefore provide the Exchange with flexibility and additional time to adjust its systems testing schedule, and to develop and test the new functionalities, to safeguard against any such risk. Furthermore, the extension would allow the Exchange to implement the Order Type and Order Attribute modifications after the Russell Rebalance, a significant market event occurring in June 2020, and for which the Exchange will reduce the number of changes to its systems. The Exchange has historically limited rolling out new

functionality before the Russell Rebalance to mitigate the operational risk of introducing technology changes before this significant market event.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by providing the Exchange additional time to implement SR-Phlx-2020-15. As discussed above, the proposed delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020. The Exchange believes that the extension would therefore allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance, which, in turn, protects investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to delay the implementation of SR-Phlx-2020-15 does not impose an undue burden on competition. Delaying the implementation will simply allow the Exchange additional time to properly plan and implement SR-Phlx-2020-15.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

⁶ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b-4(f)(6) thereunder.⁸

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁹ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay. The Exchange states that the proposed implementation delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020, and would allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance. According to the Exchange, waiver of the operative delay would allow the Exchange to provide prior notice of the implementation delay by July 1, 2020. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

and the public interest. Therefore, the Commission hereby waives the 30-day operative delay and designates the proposed rule change operative upon filing.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
