

## **Securities and Exchange Commission (SEC) – FY 2020 Potential Competitive Contracting Opportunities Forecast**

This forecast is posted as general information regarding potential new competitive contracting opportunities which may occur during FY2020. This is only a forecast based on known information at this time. The SEC will follow required advertising requirements for each potential procurement opportunity. The forecast does not represent a request for information, a presolicitation synopsis, does not constitute an invitation for bid, a request for quote, a request for proposal, and is not a commitment by the SEC to purchase the desired products or services.

The SEC will provide to the maximum extent practicable opportunities in acquisitions to small business, veteran-owned small business, small disadvantaged business, service disabled veteran owned small business, and women-owned small business concerns.

In cases where the SEC is initiating a new contracting action the SEC may choose to:

- Use an existing Government Wide Acquisition Contract (GWAC), an existing SEC Enterprise Wide contract vehicle, or an Interagency Agreement (IAA)
- Set aside the opportunity for a specific socio-economic category of businesses (e.g. 8(a) small businesses, small businesses, service disabled veteran-owned small businesses, small disadvantaged businesses, HUB Zone small businesses, and women-owned small businesses, and economically disadvantaged women-owned small businesses)
- Use the Federal Prison Industries (UNICOR) for the procurement of products
- Use Qualified Nonprofit Agencies for the Blind and other Severely Disabled for the procurement of products and services
- Utilize a full and open competition technique where all interested vendors may consider participating in the acquisition process.
