Hey CJ –

On a related note, we would like to repay the LUNA loan – I know the tokens won't be fully delivered for a while, but we'd like to repay in dollars now so it's out of the way. I calculate that Jump owes TFL \$26m. Can you let us know where you'd like us to send the funds (I'm assuming you want USDC)?

Relevant portion of the loan agreement is screenshotted below so you have it.

Thanks,
simon

Loaned VC	65 million LUNA
Loan Fee (interest)	10,000 USDC (a flat fee; i.e., not annualized) payable within 7 calendar days after the date of this Second Amended and Restated Loan Confirmation
Loan Term	3 years from the Effective Date of this Second Amended and Restated Loan Confirmation
Delivery Timing	As of the date of this Second Amended and Restated Loan Confirmation, Lender has already delivered to Borrower 3,541,666 LUNA pursuant to the Amended and Restated Loan Confirmation. Lender shall deliver to Borrower the remaining 61,458,334 LUNA (the " <i>Remaining Tokens</i> ") as follows: 1. Lender shall deliver 4,800,000 LUNA no later than September 1, 2. Thereafter, on a monthly basis: <ul style="list-style-type: none"> • for the following 47 consecutive calendar months (i.e., October 2021 – August 2025), • starting with October 1, 2021, • no later than the first day of each such calendar month, Lender shall deliver 1,200,000 LUNA. 3. No later than September 1, 2025, Lender shall deliver the final 258,334 LUNA.
USD Repayment Right	Borrower shall be entitled to repay all or any portion of the Loan Balance, whenever paid, in either the Loaned VC or USD. If Borrower chooses to pay in USD, then Borrower must pay the USD Repayment Price per VC owed. By mutual agreement, Borrower and Lender may agree to settle any USD payments using a US Dollar stablecoin.
USD Repayment Price	\$0.40
