Securities and Exchanges Commission (SEC)
Office of Clearance and Settlement
Division of Trading and Markets

5th August 2026

Dear Matthew Lee,

Further to our email conversations, OSTTRA wishes to formally notify the SEC of some branding name changes within the OSTTRA Group that affect our Clearing Agency Exemption applications.

As you will be aware, OSTTRA Group was sold by its previous shareholders, CME and S&P, in October 2025. As part of the transaction agreement, OSTTRA relinquished certain naming rights, including the use of the words "Markit" and "Serv".

To address this, OSTTRA is changing its product names over the next 12 months. This is strictly a renaming exercise and introduces no changes to our technical architecture, risk controls, or operational support.

Affecting the TriOptima AB application

Although not directly affected by the transaction agreement, the TriOptima services will also have a slight adjustment to their names in Q4 2026.

- triReduce will become **OSTTRA Reduce**
- triBalance will become **OSTTRA ReBalance**
- Reset will become **OSTTRA Reset**

Further details and a comprehensive overview of the renaming schedule for all affected OSTTRA services are available on our dedicated webpage: https://osttra.com/post-trade-solutions-renaming/.

Yours faithfully,

DocuSigned by:
