Is an Investment Advisory Account Right for You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you.

Item 1. Introduction

Tencap Wealth Coaching, LLC (“Firm”, “We”, “Us”, “Our”) is an SEC registered investment advisor and provides advisory services for a fee rather than for brokerage commissions. As a retail investor, it is important to understand the differences between services and fees of an investment advisor and a broker-dealer. *Investor.gov/CRS* offers free and simple tools to research firms and financial professionals. Additionally, it also provides educational materials about broker-dealers, investment advisors, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer the following investment advisory services to you:

Financial Planning: Services will be provided to you based on your selection on the Advisory Agreement and may include, but are not limited to, a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans that have recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations. Services will be considered complete upon delivery of the plan.

Referral Services: We recommend/refer the services of Third-Party Money Manager(s) (“TPM”) to manage your account(s). We act as the liaison between you and the TPM in return for an ongoing portion of the advisor fees charged by the TPM. We help you complete the necessary paperwork of the TPM, provide ongoing services to you, and will provide the TPM with any changes in your status as you provide them to us. We will deliver the Form ADV Part 2, Privacy Notice and Disclosure Statement of the TPM. We do not have discretion on these accounts.

Additional Information

For more information about our services, we recommend reading our ADV Part 2A Items 4, 5, 7 and 10.

Conversation Starters

“Given my financial situation, should I choose an investment advisory service? Why or why not?”

“How will you choose investments to recommend to me?”

“What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?”

Item 3. Fees, Costs, Conflicts and Standard of Conduct

What fees will I pay?

We are paid for our services as follows:

Referral Services: Our firm and our associated persons may be paid a portion of the fees charged and collected by the TPM in the form of referral fees or consulting fees. Our fees are negotiable depending on the size, complexity of the client’s account(s), the experience and training of the advisor and other business considerations.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information regarding our fees and costs, review ADV Part 2A Item 5.

Financial Planning: We charge an hourly fee payable upon commencement of the planning process.

Conversation Starters

“Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

Revenue Sharing: We have an arrangement where we share a portion of the management fee with a TPM. This does not change the cost to you, it is a sharing arrangement paid from the TPM’s portion of the advisory fee. The TPM will pay us a percentage of the net billing.

Conversation Starters

“How might your conflicts of interest affect me, and how will you address them?”

Additional Information

For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

How do your financial professionals make money?

Our financial services professionals are compensated on a portion of the total advisory fees received by Tencap, on hourly fees, a base salary with discretionary bonuses, with trips and attendance to conferences, including meals and entertainment and with additional compensation when they obtain a new client; or any combination above.

This is a conflict of interest because our financial professionals have an incentive to recommend our advisory services to you, and recommend you purchase investments that result in additional compensation to them. For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Item 10.

Item 4. Disciplinary History
