FORM ADV PART 3/FORM CRS

Broad Reach Capital LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services and Financial Planning Services;**

Account Monitoring: Portfolio management accounts are monitored on a continuous basis and we will recommend a formal account review and client meeting at least annually. Additional reviews may be conducted based on various circumstances, including, but not limited to, contributions and withdrawals, year-end tax planning, market moving events, security specific events, and/or changes in your risk/return objectives.

Investment Authority: We manage investment accounts on a discretionary basis whereby we will decide which investments to buy or sell for your account. We also offer non-discretionary investment management services whereby we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum account size of \$1,000,000 to open and maintain an advisory account, which may be waived at our discretion.

Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 5, 7, 8, 13, and 16 by clicking this link [Form ADV Part 2A](#).

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Hourly Fees** - 50% payable in advance, 50% payable in arrears.
- **Fixed Fees** - 50% payable in advance, 50% payable in arrears

Clients may also pay additional fees and/or expenses. Common fees and costs applicable to our clients are custodian fees, account maintenance fees, mutual fund fees, ETF fees, transaction charges when purchasing or selling securities, and other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Third-Party Payments:** Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs.
- Because our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account, or could incentivize us to inflate the valuations of illiquid investments held in your account.

How do your financial professionals make money?

Our Company and the financial professional servicing your account(s) are compensated by either salary, the revenue the firm earns from the person's services or recommendations, or a combination of both.
