

## Introduction

Our firm, Ahara Advisors, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

## What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Family Office Services (which provides Financial Planning, Consulting services, and Portfolio Management services). We also offer Portfolio Management as a stand alone service, to clients. If you subscribe to either service with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

Our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Family Office Services are offered for an annual flat fee, with inflationary increases after the first year. There are two stages of financial consulting services to family office clients which are; the State of the Family Report and the Ongoing Financial Consulting and Support for the client.

*Additional information about our advisory services is in Items 4 & 7 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/312385>*

### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

## What fees will I pay?

You will be charged for stand-alone Portfolio Management an ongoing quarterly fee based on the value of the account(s) on the last day of the quarter. The maximum annual fee charged will not exceed 1% per annum. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. In regard to Family Office Services, fees are based upon available liquid investment capital. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

For Institutional Clients, in the project-based consulting service, our fee incorporates the number of hours expected for Ahara Advisors to commit at a rate of \$1,000 per hour. For ad-hoc consulting services our fee is \$1,000 per hour.

The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our stand alone Portfolio Management service. You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as "surrender charges" to sell certain illiquid securities.

In certain cases, we select third party money managers, sub-advisers, and/or separate account managers to assist us with managing your investments. If selected, they will charge you a fee, which will be described to you in their Form ADV and/or agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure which is available online at <https://adviserinfo.sec.gov/firm/summary/312385>*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money could create some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

Since we recommend third party money managers to assist with managing certain investments, we may have an incentive to recommend a manager who shares a larger portion of their advisory fee with us than other managers. However, we never share advisory fees from a manager. We do seek to reduce the fees paid to the manager for all our clients and ourselves, thereby benefiting from lower fees paid, in conjunction with all our clients.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/312385>*

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

**How do your financial professionals make money?**

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs.

**Do you or your financial professionals have legal or disciplinary history?**

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit [Investor.gov/CRS](https://www.investor.gov/CRS) for a free and simple search tool to research our firm and our financial professionals.

**Questions to Ask Us:**

- As a financial professional, do you have any disciplinary history? For what type of conduct?

**Additional Information**

You can find additional information about our firm's investment advisory services on the SEC's website at [www.adviserinfo.sec.gov](https://www.adviserinfo.sec.gov) by searching CRD #312385. You may also contact our firm at 201-308-3283 to request a copy of this relationship summary and other up-to-date information.

**Questions to Ask Us:**

- Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
