

Introduction

PFG Investments, LLC is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Relationships and Services

What investment services and advice can you provide me?

Services: We offer investment advisory services to retail investors. These services include investment management and financial planning. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.

Accounts, Investments, and Monitoring: We provide services to individual, joint and retirement accounts. We primarily use mutual funds and exchange-traded funds in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs.

Investment Authority: We offer our services on a discretionary and non-discretionary basis. Our discretionary authority to buy, sell, and otherwise transact in securities in your account(s) is granted in our advisory agreement and is only limited by your reasonable restrictions or our mutual ability to terminate the advisory agreement. When providing non-discretionary advisory services, you make the ultimate decision regarding the purchase or sale of investments. When we are not granted discretionary authority, we may not be able to aggregate your order with other client orders under this type of authority and therefore you may not receive the same price as other clients.

Account Minimums & Other Requirements: We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.

Additional Information: For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 13 – Review of Accounts and Item 7 – Types of Clients of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

Asset-Based Fees: Our asset-based fees for investment management range from 0.50% to 1.00% annually based on a tiered schedule. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will ultimately pay more in advisory fees.

Fixed Fees: Our fixed annual fees for personal and business financial planning as part of a bundled fee range up to \$1,400 per month. This fee is collected on a monthly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us. For financial planning on a standalone basis, the fixed fee is \$600 per month.

Other Fees & Costs: In addition to our advisory fee, you will also be responsible for third party manager fees, custody fees, account administrative fees, fees and expenses related to mutual funds and exchange-traded funds and applicable securities transaction fees.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?
How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

One of our financial professionals, Nathan Williams, is licensed as an insurance agent. In addition to our services, Mr. Williams will offer you insurance products in his separate capacity as an insurance agent. The fees charged for the implementation of insurance products are separate from our advisory fees, where Mr. Williams will earn commission-based compensation for the implementation of an insurance product. Therefore, there is a financial incentive to recommend that you implement insurance through our financial professionals.

We additionally offer accounting services through an independent but affiliated entity, Practice Financial Group, LLC ("Practice Financial Group"). Since Practice Financial Group is also owned by Mr. Williams as well as Ryan Millar and Chad Rogers, this presents a financial incentive to recommend Practice Financial Group and therefore a conflict of interest.

Additional Information: For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm's [Investment Adviser Public Disclosure Page](#).

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

How do your financial professionals make money?

Our financial professionals are compensated based on an agreed-upon annual salary. Additionally, they receive compensation based on a percentage of the revenue generated from the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients. Mr. Williams is also indirectly compensated in the form of insurance commissions.

Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

No. You can visit [Investor.gov/CRS](https://www.investor.gov/crs) for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information

You can find additional information about our investment advisory services by visiting www.adviserinfo.gov and searching with our CRD #289256 or by visiting <http://www.practicefinancialgroup.com/>. You can request up to date information and a copy of our client relationship summary by contacting us at 541-973-2602.

Conversation Starters: *Who is my primary contact person? Is he or she a representative of an investment advisor? Who can I talk to if I have concerns about how this person is treating me?*
